"Dying Man's" \$2,000 Policy Bought For \$1,500. Sioux City, Sept. 21.-After having been so near death's door that he was able to compromise on \$1,500 for his pointed to the square), and that's Harrison, of this city, has apparently revained complete health, and he has The saloon-keeper and a policeman had the unique experience of spending money that was intended for his

Rumsey, a local insurance man, and J. C. Cummings, secretary of the Emitable Life Insurance comof lowa, discussed Harrison's case at a recent gathering of insurance men and precipitated quite a debate as to the advisability of pursuing such a cours, with any policy-holder. though suspicion was directed to-

Harrison was the victim of a lingering and apparently incurable case of malarial fever which was also attended by marked traces of incipient consumption. After Harrison had been ill for three months the family physician assured Mrs. Harrison that her husband couldn't live a week longer. The Harrisons had no means and the wife felt very keenly the need of giving her faithful spouse a few of the comforts of life in his last days. She wanted him to have flowers and a trained nurse and many luxuries during his closing hours, so she hit upon the plan of horrowing money on his life insurance policy. She visited each of the local banks and several private loan brokers, but each refused to loan

money on such security. Inspiration was born of despair, Why Thousand Islands, 60; McGrath's, itself for the money? It might loan it Or, better still, why wouldn't it glad of an opportunity to settle the claim in full for say \$1,800, and thus save \$200 by anticipating death by one week. She had a local lawyer write to the head office of the company at Des Moines. The company sent a physician to the Harrison home to ascertain the condition of the dying man, and he reported that the man couldn't live to exceed two weeks, and might probably die in as many days; So it was that Harrison surrendered his policy for \$2,000 and received

\$1,500 in full thereon. From the day the trained nurse fell the flowers and sickroom delicacies fell the flowers and lot be seemed to im-From the day the trained nurse and to Harrison's lot be seemed to im-The committee of the Board of Education, which met the committee of the city council relative to the removal of the school board rooms to on the street. Did you ever have range grates

If you did you will know what that means in common ranges - it means plumbers, delay, muss and big bills

-because common ranges are built that way. As range grates must some time burn out you are certain to have that kind of trouble if yours is a common range.

If you have the Pandora you won't have any trouble, because you can take out the old grates and put in the new ones in ten minutes, and a ten cent piece for a screw-driver does it easier in the Pandora than a whole kit of plumbers' tools will do it in

The Millinery Opening

OR several years our millinery receptions have been important events. Each occasion has surpassed its predecessor in variety and volume. But the present Opening has very special points of interest and the enthusiasm and exclamations of compliment on every hand are ample proof that it takes place in the annals of history as THE

BEST to date, totally eclipsing all former efforts. The new shapes are very different from past seasons. The high backs, side flare and high trimming, the prominence of the crown, all tend toward a greater change than usual. There are new trimmings galore. Exquisite new colors have appeared-pretty greens and bues and bluet shades-and fancy feathers, wings, quills and breasts in almost every conceivable hape, size and color, are very fashionable.

THE OPENING CONTINUES ALL WEEK. We'll be very pleased to show you the new styles, even if you have no desire to make a purchase.
