## TURK'S SECOND-HAND STORE

308 PRINCESS STREET.

## WANTS GUARANTEE

For a Fair Election on Island of Cuba.  
New York, N.Y., Sept. 25.—A Havana dispatch to the Sun says that the liberal party, in Cuba, is considering the question of sending a commission to Washington to ask for the re-establishment of the American intervention or the United States guarantee, a fair election in the island.

**Scopolamine Stops Hiccoughs.**  
Philadelphia, Pa., Sept. 26.—After every other method had failed to relieve a severe case of hiccoughs, so desperate that the patient was near death, scopolamine, a new anaesthetic, was tried by physicians at St. Agnes' hospital, and resulted in a cure.  
The patient was a young negro, and he had been dragged, dosed, blistered, and even frightened in attempts to relieve his sufferings. The doctors began direct treatment of the phrenic nerve, running down behind the right ear, which is responsible for severe hiccoughs. The nerve was sprayed with cocaine, and a blister applied to the chest, but this failed to give relief.  
Scopolamine was then suggested, and three injections were administered, and when the man recovered consciousness the hiccoughs had disappeared.

**Baseball on Monday.**  
National League.—Cincinnati, 5-4; Boston, 0-3; New York, 10; Pittsburgh, 4; Brooklyn, 2; Chicago, 0-3.  
American League.—Chicago, 3-7; Boston, 1-4; New York, 13; St. Louis, 10; Cleveland, 9; Washington, 4; Philadelphia, 3; Detroit, 2.

## A CONGRESS

Of Zemstvos in Progress At Moscow.

## NOTHING NATIONAL

IN A TRUE SENSE ABOUT NATIONAL DOUMA.

Supporters of Political Programme Urged to Unite to Obtain Guarantees of Personal Liberty and Equality.  
Moscow, Sept. 26.—The congress of representatives of the Zemstvos and municipalities in the interior of Russia, and of the Polish Lithuanian districts, began, yesterday, at the residence of Prince Golenishcheff, the presidency of Count Feiden. A representative of the governor-general of Moscow was present, with instructions to stop the meeting if the conditions under which the delegates were invited should be violated.  
After a lengthy and heated debate, a resolution was adopted declaring that the national douma will not give national representation in the true sense, but urging supporters of the political programme, formulated by the Zemstvo congress, to seek to enter the Douma, in the largest numbers possible, for the purpose of forming a united group with the object of obtaining guarantees of personal liberty and equality.

## New Spell Of Life.

Vladivostok, Sept. 26.—The mid-time business activity of this city is rapidly reviving since the proclamation of peace.  
The inhabitants who left here during the troublous times are returning, commercial and industrial life is resuming, and foreign steamships and sailing vessels with freight are already arriving. Forty-five foreign steamers are expected from Hong Kong and Shanghai shortly. The municipal authorities have received inquiries from thirty American firms concerning the acquisition of business quarters at Vladivostok. Japanese firms are also coming in, and are preparing to lease ground on which to erect buildings. Russians also are organizing companies to deal in far eastern products.

## KING EDWARD A ZIONIST.

Says His Majesty was Recently Converted.  
Chicago, Sept. 26.—At Shiloh Tabernacle, Zion City, John Alexander Dowie, gave out information that King Edward of England, had been converted to the belief of the Christian Catholic church. According to Dowie's story, a woman, member of the London Restoration, host, in the course of her duties in visiting houses and distributing literature, went to King Edward's palace and demanded admission to see the king. This was refused her, but after several visits, Dowie says the king was converted to his belief. Through the king's influence, he says, his literature is now being read in every royal household in Europe.

## TO TAKE THEM OVER.

Officers to Return With Gaynor and Greene.  
Montreal, Sept. 26.—Two officers of the United States Department of justice will arrive in Montreal, to-morrow, their visit being for the purpose of returning with Gaynor and Greene. The decision of Judge Ouellet, rendered on Saturday, is now in the hands of the minister of justice and the lawyers for the United States do not anticipate any further delay in the extradition of the famous prisoners as deceased, some time ago, by Judge Lafontaine, the extradition commissioner.

## Freak Cat on Exhibition.

Ogdensburg, N.Y., Sept. 26.—A farmer from Bedford arrived in this city with a peculiar freak which he intends exhibiting at the Ogdensburg fair. It is a two-legged cat, with a duck tail and the movements of a duck. The hind legs are normal and natural but the tail is feathery like that of a duck, and it moves precisely like that of a duck. Claws appear where the front legs should be and, according to the owner, who was carrying this cat-duck around in a bag, he will eat grass, fish and meat and prefers water to milk for drinking.

## The Gushing Oil Wells.

Leamington, Ont., Sept. 26.—The Lake Hiron Oil and Gas company brought in a big gusher on concession six, of Merens yesterday. It is flowing at the rate of over 600 barrels per day. This is the second gusher drilled in within the last few days. The Leamington Oil company also completed a well in the 5th concession on Monday, which is making about 100 barrels per day. The St. Clair River Oil company's well, which was completed last Thursday, is still keeping up its big flow.

## Loop The Loop Act Went Wrong.

Frederick, N.D., Sept. 26.—G. F. Mathison, known as "Diavolo," who has appeared all over the country in his spectacular "loop-the-loop" and "leaving-the-chain" acts on a bicycle, was seriously, perhaps fatally, injured at the exhibition here on Monday. An immense crowd was present to see his dare-devil ride, and were horrified at the accident.

## Buy Packer's Tar Soap at Gibson's Red Cross drug store.

## TEXT OF PROTOCOL

Signed at Karistadt is Announced.

Stockholm, Sept. 25.—The text of the protocol, signed at Karistadt, on Saturday, by the delegates appointed to arrange the terms of the dissolution of Norway and Sweden, has been announced. The document will become a treaty when ratified by the two parliaments. It consists of five main articles, and thirty-five sub-clauses. The first article provides for the compulsory arbitration before the Hague court of all disputes, except matters of vital interest for the period of a decade, with extensions for other periods of ten years, unless two years previous notice is given of an intention to abrogate it. The second article provides for a zone on either side of the frontier, which shall forever be neutral, and the demilitarization of the fortresses within that zone, with the exceptions of the old fortifications of Fredrikstad, Gyllenbove, and Overbjerg, which may remain, but which are not to be used as fortifications. The third article deals with river pastures, the fourth with inter-traffic, and the fifth with the common waterways.

## THE LADY KILLED.

Hamilton, Ont., Sept. 26.—A buggy, in which Edward J. Dynes, of Quebec, and Miss Dolly Nash, of Hamilton, were driving, was struck by a trolley car near Hamilton. Miss Nash was killed and Mr. Dynes' leg broken.

## A SERIOUS FIRE.

Spontaneous Combustion at St. Catharines.  
St. Catharines, Ont., Sept. 26.—Fire broke out about four o'clock, this morning, in the basement of the hardware store of Coy Bros. & Southcott. The flames from getting through the main floor and thus saved the block, but the huge stock of oils, etc., made a big fire. The loss will be between \$3,000 and \$4,000, covered by insurance. The cause of the fire is said to have been spontaneous combustion.

## Lumber Piles Burned.

Gravenhurst, Ont., Sept. 26.—Fire, which started, last night, about three o'clock, in the lumber yard of the Rathbun company, quickly went from pile to pile and soon assumed large and alarming proportions, burning in all directions, several dwelling houses. The lumber was insured. The origin of the fire is unknown.

## SUING FOR \$100,000.

Action for Expulsion of Quebec Manager.  
Quebec, Sept. 26.—A. J. Small, will immediately enter action for \$100,000 damages against the Quebec Auditorium company for ejecting his manager, F. X. Korman, from the Auditorium. For some time months past there has been a dispute between the officials of the Auditorium company and Mr. Small, and while the company had entered suit against Mr. Small, a lease, the latter had filed in court, and the case had not been tried as yet. The company claims that Small has not lived up to his contract, while Mr. Small contends he has. Mr. Small controls all the bookings, and the company had signed contracts with companies for many weeks to come.

## VESSELS OWNERS' DEMANDS

Have Raised Price for Carrying Wheat.  
Port William, Ont., Sept. 26.—With wheat arriving at Port William and Port Arthur at the rate of one car per minute, Canadian vessel owners refuse to load at present prices. They demand two cents a bushel to all Georgian Bay ports. The former rate was one cent to one and one-half cent.

## All the Canadian vessel owners

apparently are in a combine. As American boats cannot carry grain from one Canadian port to another, it is thought in local shipping circles that the vessel men will win. The cry is that the largest amount of wheat is being shipped to the east coast before a wheat blockade is inevitable.

## A SUDDEN DEATH

Of a Very Prominent Canadian Engineer.  
St. Catharines, Ont., Sept. 26.—Edward J. Ollman, B.A., C.E., of this city, one of the best known civil engineers in Canada, died very suddenly at his home, this morning, after an illness of about one hour, the supposed cause of death being aortic aneurism. Mr. Ollman was born in Dublin, Ireland, fifty-eight years ago, and came to Canada in 1870. He has been on the engineering staff in the department of railways and canals for the past thirty years, and the greater part of which time he spent at the Welland canal here. He leaves a wife and two daughters.

## An Expensive Flower.

Boston, Mass., Sept. 26.—Oakes Ames, the well-known horticulturist and authority on orchids, has just received word that a certain orchid, which had been considered extinct for fifty years, has been rediscovered in Thibet. Immediately after the receipt of this information, Mr. Ames placed an order for a specimen of that rare flower, offering \$5,000 for a perfect specimen. There is only one of these orchids in the United States at present and only one was known to exist in the world.

## MOUNT GUNS

Depends Upon The Home Authorities.

## ASK FOR CONSENT

NEW WEAPONS WOULD SINK POACHERS MILES OFF.

Land Prices Rise—Year's Splendid Crops Cause a Boom in Western Land Values—Americans Coming In.

Ottawa, Sept. 26.—Whether the Canadian cruiser Vigilant mounts guns powerful enough to sink American poacher vessels depends on the imperial authorities. The guns are ready, and have been ever since the cruiser was launched last year. They consist of four three-pounder quick-firers, with a range of four miles, firing a shell and having the ability to sink a fisherman at that distance. When Canada put the fast Vigilant on Lake Erie, her guns were not granted to avoid international complications.

By the Bush-Bagot treaty of 1817 Great Britain and the United States agreed that no gun more powerful than an eighteen-pounder, should be floated on the great lakes, though the Vigilant's guns are only three-pounders, they are vastly more powerful than were the old eighteen-pounder muzzle loaders. The imperial authorities have been asked whether the modern three-pounders are powerful enough to constitute a violation of the smooth bore, muzzle-loading agreement of 1817. The Vigilant has been put on the Vigilant when launched, it is probable there would have been some United States fisherman sunk this summer, and some international complications to untangle. It is felt too, that it is not wise to run an example in the matter of putting modern armament on the government boat on the lakes.

C. W. Speers, general colonization agent of the interior department, who has just reached Ottawa, states the big crop of this year has advanced the values of Western land at least thirty per cent. Many farmers harvested fifty-five to forty bushels an acre, and found help scarce though they paid for it at \$2 to \$2.50 a day. Half the Canadians who went from the east for harvest work will remain. In past years only ten to fifteen per cent. stayed in the west. Mr. Speers expects an influx of Americans next year. This year the movement was considerably diverted to the southern states, but people who went were well satisfied, and Canada will be the favorite spot next year.

The report of the analysis of jams, jellies and marmalades recently completed by the Dominion inland revenue department shows that an alarming amount of adulteration prevails. Sixty-six per cent. contained glucose, fifteen per cent. contained starch, and thirty per cent. dyes. Only thirty-three per cent. were pronounced genuine.

Baron Komura, chief peace plenipotentiary of Japan, and Baron Kanejiri, Japanese financial agent in the United States, will travel through Canada from Montreal to Vancouver and sail from there for Japan.

## HAD TO CARRY DEAD HOG.

The Orders Issued by the Canadian Inspector.  
Sarnia, Ont., Sept. 26.—A dead hog held up a fast freight train between Sarnia and Buffalo, and made the Pere Marquette car ferry international make an extra trip yesterday. Just as the fast freight was being made up at Sarnia, a Canadian inspector discovered a dead hog in one of the cars. The inspector ordered that the car ferry had to carry the hog back to the United States. The officials got hot and the car ferry had to carry the hog back to this side and the freight train was, as a result, delayed an hour and a quarter.

## FELL OVER 200 FEET.

A Fatal Accident at Quebec Bridge Site.  
Quebec, Sept. 26.—A fatal accident occurred about four o'clock, yesterday afternoon, at the site of the Quebec bridge at Etchemin, where a laborer, named Charles Windmangel, fell from the bridge to the ground. The unfortunate man fell from a height over 200 feet to the rocks below the bridge. His death, as might be expected, was instantaneous. He was thirty-three years of age and a resident of Ohio. Coroner Jolicoeur held an inquest, this morning, at Etchemin, verdict, accidental death.

## Ordered Payment of Insurance.

Sandwich, Sept. 26.—In Macaulay vs. the A.O.U.W., in which Mary Macaulay brought action to compel the society to pay her \$2,000, carried on the life of her husband, who disappeared from his home in Walkerville ten years ago. It was shown that Mrs. Macaulay had kept her husband's premium's though she did not hear from him after the first year he left home. Judge MacMahon ruled that the man, not having been heard from in so many years, was legally dead, and directed payment of the policy in full, with costs.

## Obtaining Control.

Cleveland, Ohio, Sept. 26.—The Leader, to-day, says "The Standard Oil group of New York financiers has obtained control of traction securities in Ohio and Indiana, with a par value of \$83,105,000, at a reported cash outlay of \$50,000,000. Other similar transactions are known to be pending."

## O. M. CARTER EXAMINED.

Never Borrowed From Gaynor or Greene.  
Chicago, Sept. 26.—Oberlin M. Carter, former captain in the United States army, released from the Leavenworth penitentiary some time ago, after having served a five years' sentence on a charge of having embezzled money from the United States government through construction contracts, was examined before Special Examiner Richard Wyman. The matter now in question is in connection with civil suits filed in the United States circuit court against Carter and some of his relatives for the recovery of property. The entire case has been referred to Special Master Wyman to take testimony and report.

During the examination an effort was made to show that Benjamin Greene and John F. Gaylor, the contractors, alleged to have been implicated with Carter in defrauding the government, had loaned Carter money and placed him in a position so that when he was made engineer in charge and had the letting of contracts they might have a claim upon him. Carter declared that he never borrowed money from Greene or Gaylor, but he had written them concerning his investments so that they could also invest.

## CHINA'S COMING ARMY.

By 1910, Will Have 500,000 Trained Men.  
London, Sept. 26.—The correspondent of the Morning Post, at Shanghai, says Yintehang, the Chinese minister at Berlin, has been recalled and will be appointed to a command in the army under Gen. Yuan Shikai, viceroy of Pehili.

The same correspondent gives some interesting statistics regarding the re-organizing of the Chinese army. He says that the army will be divided into twenty military districts, each with four regiments of infantry, one regiment of cavalry, an engineer corps and artillery in proportion. All the men will be enlisted for nine years. By 1910 China expects to have half a million trained men ready for service in the field.

## MURDEROUS ATTACK

Made by An Chinaman Upon Another.  
Ottawa, Sept. 26.—Charles Mark, aged thirty-six years, a Chinaman, was wounded in the back, cut on the head and had a thumb almost severed in a fracas in the basement of a Chinese curio shop, on Bank street, at an early hour this morning. Charles Mark and Hum Jams, another Chinese, had been smoking and playing cards together and the suspicion Mark resulted from a dispute over money. Mark says not a word of the attack, but Hum Jams is under arrest on a charge of attempting to murder him with a meat axe.

## Find Of Blood Strained Garb.

Boston, Sept. 26.—The future of yesterday's investigation of the Winthrop suit case mystery was the finding of a bundle containing a woman's blood-stained clothes near where, last Thursday, was found the dismembered body of a woman in a suit case near the float of the Winthrop Yacht Club.

While the police appear to be more or less skeptical regarding the value of these developments the officers are making a thorough investigation. The bundle was found lying on the shore of the Winthrop peninsula near that part known as Cottage Park, about a mile and a half from the point where the suit case was first seen. On the wrapping paper was a label with this address: "R. O. Burnham, 2 Dalton street, city."

## Death Of A Nurse.

Watertown, N.Y., Sept. 26.—Miss Ethel Headlip, a nurse in the city hospital, died to-day at that institution, hog back to the city only a few days, aged twenty-three years. She was born in Canada, but had lived in this city about five years, during which time she had endeared herself to her co-workers and friends.

## Bank Cashier Sentenced.

New York, Sept. 26.—Francis H. Palmer, the former cashier of the Peconic Bank, of Sag Harbor, who, last week, pleaded guilty to a charge of embezzling \$41,000, was sentenced to not less than one year nor more than three years' imprisonment in the state prison.

## To Visit The Pope.

Ottawa, Sept. 26.—Archbishop Duhamel leaves Ottawa 14th on his visit to Pope Pius. He will be accompanied by Rev. Father Lombard, Alfred, and Rev. Father Guillaume, Hartwell's parish.

## Joseph Girard, New York teamster,

suspected of murdering Augusta Pfeiffer in a lonely part of the Bronx ten days ago, was arrested at Schoharie, is now awaiting identification.

## Where do you spend your evenings?

Why not come along with us for course at the Frontenac Business College. Call up 680 for particulars. But the proof of the pudding is in the manner in which the guests look at each other and say nothing. Buy Baby's Own Tablets at Gibson's Red Cross drug store. Fresh there.

## WEATHER PROBABILITIES.

Toronto, Ont., Sept. 26.—(10 a.m.)—Fine and cool; frosts to-night. Wind: westerly, variable, stationary or a little higher temperature.

## Corset Perfection

It's easier to make a mistake when buying corsets than when buying any article of dress BUT NOT AT THIS STORE!

Just because when we choose even the least expensive in our stock, we insist that they shall be correctly fashioned, of worthy materials only, and that they be IN REGULAR IN ALL WAYS.

The carelessness on our part is the reason why so many well dressed women refuse to buy Corsets at any other store. There are interesting times in store for our customers who come to this department. Name, style, and prices follow, to prove it.

**F. P.**
