TO produce a tea with the "rich fruity flavor" of Red Rose Tea from either Ceylon or Indian alone is impossible.

Neither Indian nor Ceylon in itself possesses the Red Rose flavor, but combined in proper proportions they produce the "rich fruity flavor" that has made Red Rose Tea famous-that makes Red Rose Tea the only tea used in any home where it is once tried.

While the organ would serve as a reminder of his generosity he had so won the affection of the people that nothing was required to keep his memory green. It is seldom that such a munificent gift such as that made by Dr. Clarke is recorded, just at a time when a congregation is in need of something. The organ will be erected in St. John's this week, and will be ready for the first Sunday of October.
