"Opiter per Orbem Dicor."

Made in Kingston.

The ladies of the General Hospital are to have a bazaar shortly, and are looking for novel features. Here is one. Have a "Made in Kingston" booth. It is quite likely that almost every industry in Kingston would provide some of its products. These could be sold and added to the bazaar's receipts and it would also be an eye-opener to the croaking citizen who imagines that the only live industries are those turning out soldiers, preachers and teachers. There are almost a hundred industries in Kingston, but little known and a collection of their goods would be an admirable advertisement. Much can be done for any place by enthusiastic loyalty on the part of its citizens in showing it up. Galt had an exhibition of the kind and it was a financial success. So had Brockville. And this feature we suggest as an addition to the already commendable plans under development.

**AN AMUSING WAR.**

The "Bargain Man" and His Dollars.

New York, Sept. 29.—An amusing war is being waged just now in Brooklyn. For a long time there has been considerable rivalry between the merchants and shopkeepers on the north and those on the south side of Fulton street. For several months the merchants on the north side have had placards, reading "This is the Bargain Side," displayed in their windows. The merchants on the south side hit upon an ingenious plan to counteract this claim of their rivals. They advertise that every morning, between nine and ten the "Bargain Man" would walk up and down the "Bargain Side of Fulton Street," meaning in this case the south side. He would carry a pocketful of silver dollars and every quarter of an hour he would turn around sharply and present a dollar to the first person he finds behind him, provided that person is not a boy. The effect of that announcement was magical. Thousands of people thronged the south side of the street, while the north side of the street was deserted nearly all day. The police reserves had to be called out to prevent the crowd from mobbing the "Bargain Man." It is expected that the merchants on the other side will send out a man who will give away 85 bills.

**THE HUNDRED MILLION MARK.**

Winnipeg Telegram.

Thrashing returns everywhere beat the estimates and the first thing the North-West will know it will be credited with a round hundred million bushels of wheat.

**Tory Signs of Distress.**

The meeting which took place in Quebec not so long since, and at which Mr. Monk was the principal speaker, has not been in vain. It has been followed by an independent movement, exclusively French, and having for its object the repudiation of Mr. Borden and his political ethics. It is the result primarily of the differences that have occurred upon the school question.

**Faith**

You cannot be expected to have faith in Shilo's Consumption Cure, the Lung Tonic, as a cure for Cough, Croup and all diseases of the throat if you have not tried it. We have faith in it, and do not believe we are over-claiming for it. It is a cure for all these ailments. It does it cost you 25c. That's fair. To be fair.

**Shilo**

has cured many thousands of the most obstinate consumptions. It is a cure for Cough, Croup, Whooping Cough, and all diseases of the throat. It is a cure for all these ailments. It does it cost you 25c. That's fair. To be fair.

**Proof**

I bought a bottle of Shilo's Consumption Cure and found it very beautiful. I have two children who had a terrible cough. I gave them everything I could think of, but they got no better. I then bought a bottle of Shilo. We gave it to the children. It cured them in less than a week. I can't say enough for it. It is a cure for all these ailments. It does it cost you 25c. That's fair. To be fair.

**EDITORIAL NOTES.**

Has Cuba been "good" as long as she can be?

Who could ask for finer weather! But get ready for winter.

The government figures that the income from eggs and poultry in the United States last year was \$280,000,000. The hen is queen.

Canada three per cent. bonds have crossed in London. Trust the British investor to know a good thing when he sees it.

Heat and pain at a small cost would make the east wing of the City hall quite presentable; this good old burg has no idea of spending \$7,000 to make it shine.

A good newspaper for the home, for father and mother and sister and brother, for grandpa and grandma and the little ones, too, is what the Whig aims to be.

Never was the grater in such dread of the press. Let him look where he will, as secretly as he may, the guns of independent, fearless newspaperdom are trained on him, and he drops the swag or goes to the political potter's field.

When it was thought that the Ross government would not grant land to the veterans every tory paper in the country denounced it as ungenerous and unjust. Now that Whitney has refused such grants, they praise him as a great statesman.

**MARRIAGE AT ATHENS.**

Miss Patterson Wedded to F. C. Metz, Tampa, Florida.

Athens, Sept. 29.—A pretty wedding was celebrated at the home of Mrs. John Patterson, Reid street, Athens, on Wednesday evening last, the occasion being the marriage of her daughter, Carrie, to F. Charles Metz, of Tampa, Florida. Rev. Dr. Giles, of Summit, New Jersey, conducted the ceremony in presence of about forty relatives and near friends of the bride. Lohengrin's wedding march was played by Mrs. (Dr.) Patterson, of Burlington, Iowa, and Miss Berney, of Burlington, Iowa. The bride and groom were accompanied by a large number of friends. The wedding supper was served in the dining-room, which was tastefully decorated with ferns, smilax and flowers. Mr. and Mrs. Metz, amid the best wishes of all, drove to Brockville to take the train for their home in Tampa, Florida. The many costly gifts attested the great popularity of the bride.

**THE VALUE OF CHARCOAL.**

Few People Know How Useful it is in Preserving Health and Beauty.

Nearly everybody knows that charcoal is the safest and most efficient disinfectant and purifier in nature, but few realize its value when taken into the human system for the same cleansing purpose.

Charcoal is a remedy that the more you take of it the better; it is not a drug at all, but simply absorbs the gases and impurities always present in the stomach and intestines and carries them out of the system.

Charcoal sweetens the breath after smoking, drinking or after eating onions, and other odorous vegetables.

Charcoal effectually clears and improves the complexion, it whitens the teeth, further acts as a natural and eminently safe cathartic.

It absorbs the injurious gases which collect in the stomach and bowels; it disinfects the mouth and throat from the poison of catarrh.

All druggists sell charcoal in one form or another, but probably the best charcoal and the most for the money is in Stuart's Charcoal Lozenges; they are composed of the finest powdered hair charcoal, and other harmless antiseptics in tablet form or rather in the form of large, pleasant tasting lozenges, the charcoal being mixed with honey.

The daily use of these lozenges will soon tell in a much improved condition of the general health, better complexion, sweeter breath and purer blood, and the beauty of it is, that no possible harm can result from their continued use, but on the contrary great benefit.

A Buffalo physician in speaking of the benefits of charcoal says: "I advise Stuart's Charcoal Lozenges to all patients suffering from gas in stomach and bowels, and to clear the complexion and purify the blood, and to sweeten the breath, and purify the throat." I also believe that they are greatly benefited by the daily use of them; they cost but twenty-five cents a box at drug stores, and although in some sense a patent preparation, yet I believe it get more and better charcoal in Stuart's Charcoal Lozenges than in any of the ordinary charcoal tablets.

**THE REAL REASON.**

One of the signs of Winnipeg's rapid growth, as given by a local paper there, is the crowded state of the hospitals. This condition, the Tribune asserts, is due to the presence of tuberculosis in an abnormal degree, and is therefore no true expression of growth, but a good sign that the sewerage question needs attention.
