JOYS OF MATERNITY

A WOMAN'S BEST HOPES REALIZED

Mrs. Potts Tells How Woman Should Prepare for Motherhood

The darkest days of husband and wife are when they come to look forward to childless and lonely old age. Many a wife has found herself incapable of motherhood owing to a displacement of the womb or lack of strength in the generative organs.

Mrs. Anna Potts

Frequent backache and distressing pains, accompanied by offensive discharges and generally by irregular and scanty menstruation indicate a displacement or nerve degeneration of the womb and surrounding organs.

The question that troubles women is how can a woman who has some female trouble bear healthy children?

Mrs. Anna Potts, of 510 Park Avenue, Hot Springs, Ark., writes:

My dear Mrs. Pinkham—During the best part of my married life I was delicate in health; both my husband and I were very anxious for a child to bless our home, but I had two miscarriages, and could not carry a child to maturity. A neighbor who had been cured by Lydia E. Pinkham's Vegetable Compound advised me to try it. I did so and soon felt that I was growing stronger, my headaches and backaches left me. I had no more miscarriages, and I felt like a new woman. Within a year I became the mother of a strong, healthy child, the joy of our home.

Actual sterility in a woman is very rare. If any woman thinks she is sterile, let her try Lydia E. Pinkham's Vegetable Compound and write to Mrs. Pinkham, Lynn, Mass. Her advice is free to expectant or would-be mothers.

A FORTUNE AT COBALT.

Ex-Lineman From Parkhill Now Worth \$500,000.

Parkhill, Ont., Oct. 2.—One year ago John Glendenning, of Parkhill, went into the Cobalt district as a laborer. He worked with a surveying party supervised by Surveyor Blair, of Norfolk county, and Kerr, of Wentworth. Glendenning was a lineman getting \$1.50 a day.

The two surveyors prospected and discovered three rich tracts of free silver. They were in the employ of the government, and could not make out claims in their own names. They picked on Glendenning as the man it made out the claims. He did. Three claims were got in his name.

These three claims are worth \$1,500,000, and Glendenning's interest, one-third, is \$500,000.

A TALL YOUTH.

Dies of Starvation Due to Rapid Growth.

Denver, Oct. 2.—Too rapid growth caused the death of Berthold Wilhelmson, Jr., son of a Milwaukee millionaire. The lad was only fourteen years old, but had attained the stature of six feet one inch. In the last year he grew two feet one inch in height. This rapid growth injured his health, rendering it impossible for him to assimilate sufficient food to properly nourish his body, and he virtually starved to death. The boy was on his way to New Zealand for his health, accompanied by his father, mother and sister, when he died in a hotel here.

LETTERS TO THE EDITOR.

The Terminus of G. T. Pacific, Peterboro, Sept. 30.—(To the Editor of the Whig.) The western most point of the C.P.R. was named after our late great queen. What more fitting and empire-binding, as far as nomenclature is concerned, than the terminus of the Grand Trunk Pacific should be "Edward," in honor of our king, who will go down to "Victoria" and "Edward," the twin termini of our great transcontinental lines will commend themselves to local Britishers the wide world over.—ARTHUR W. BEALL.

FALSE THEORIES

Lead to Worthless or Harmful Remedies.

Stimulating the scalp may allay the itching of the dandruff, but that does not cure the scalp. The disease does not yield to quinine or capsicum nor alcohol, because it is caused by a germ or parasite. To cure dandruff the germ must be destroyed. Until recently there was no hair preparation that would kill that insidious germ that dries up the scalp in little scales called dandruff, and abridges the vitality of the hair, causing falling hair, and finally baldness. New hair-remedies is the only really scientific preparation to cure dandruff by leading dandruff. Send for stamps for sample to The Boscida Co., Detroit, Mich. G. W. Mahood, special agent.

"DICK" BRUMMAGE WALKING AROUND THE WORLD.

Near the End of His Journey—The Route Followed—His Present and Future Plans.

Dick Brummage, a young Englishman, arrived in Kingston on Saturday evening. He has been walking since June 1st, 1909. A champion of his challenged him to walk around the world and he accepted. The two young men started out, but by the time Hamburg, Germany, was reached the chum decided he had had enough, and returned home. Dick continued on alone.

Leaving London he walked to Dover, crossed the English Channel to Calais, France, then through Belgium, Sweden, Norway to North Cape (where the sun never sets), Poland, Finland, Russia (where he visited all the principal cities), but he could not secure a passport to allow him to go through Siberia. He then went to Tehran, Afghanistan, and Beluchistan, across the Himalaya Mountains into India down the west coast to Madras, and took boat for Ceylon. Thence he sailed to Sicily; then to Rome and through Italy into Servia; then to Greece, Turkey and Arabia; through the Holy Land to Jaffa, Jerusalem and other cities; then on through Egypt and down the Nile. From Cairo across Northern Africa to Tunis, Tripoli, Algiers and Morocco, down to the Congo, and across country to Pretoria, and the battlefields of the South African war, to Cape Town. Then by steamer to Brisbane, Australia, down to New South Wales, to Tasmania, and took steamer for New Zealand. Back again to India, to Siam, through China, sailing from Yokohama to the South American Republics to central America. From there came up through Mexico, through the Western States to Chicago and to Ohio and then into Ontario. He traversed the southern peninsula, on to Toronto and up through the Albany, Bay District. He expects to be in Halifax in three or four weeks. He there takes a steamship for home and will take a rest after his five years of nomadic life.

Mr. Brummage will be thirty years of age on November 1st. He is five feet nine inches in height and weighs 143 pounds. He weighed 150 when he started out. He wears a khaki coat, on the sleeves of which is a flag of whatever color happens to be in. On the peak of his cap is a union jack which he wears constantly. He has worn out sixty-two pairs of shoes, and will need a new pair shortly. A pair of shoes lasts from three to four months, and he has a pair of shoes in his trunk at the rate of four miles an hour. He estimates that he has walked 32,700 miles since starting out, and has travelled more than that distance by boat.

He keeps a diary in which he enters everything that occurs, writing up descriptions of the countries and people, which he mails home once a week, together with any curios he may gather. In all his journey he met with a big reception and send-off. He was held up twice by brigands in Afghanistan, and beaten so brutally he was left on the road-side for dead.

Mr. Brummage sends articles regularly to the London Illustrated News, his descriptions of the wonderful world powers of Ontario being considered one of the best ever written on the subject. He speaks in high terms of the hospitality he has received from the Masons and the members of the press associations everywhere.

In New Zealand he was made a member of the New Zealand Athletic Association, which claimed him as its representative walker, being the first English walker to go through that country.

While in this city, Mr. Brummage was the guest of Sidney Sobell, at the Randolph Hotel.

During his visit to Deseronto, Dr. Oronhyatekha and his two daughters, did everything in their power to make the visit of the walker as pleasant as possible. He was taken to Foresters' Island and from there whirled about the neighboring points of interest in a naphtha launch. On departing he was accompanied to Napanee, and accorded a big reception and send-off. The walk from Napanee to Kingston occupied about five hours.

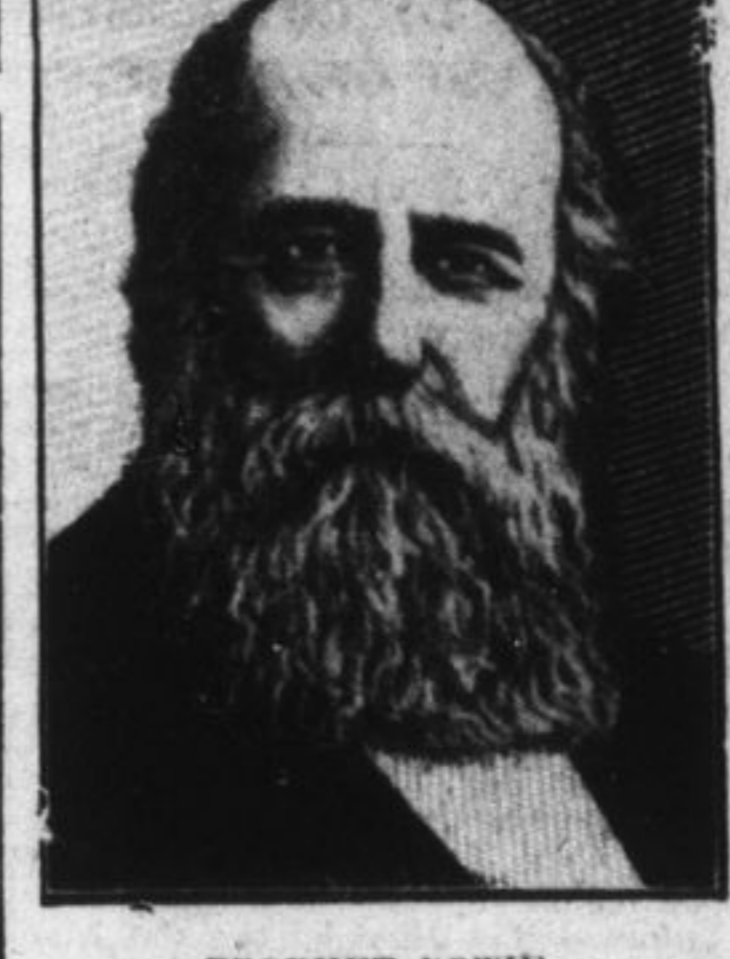

In conversation with a Whig representative this morning, Mr. Brummage told some interesting details of travel. He also spoke in the highest terms of the courtesy extended him by the Canadian press and people. The telephone and telegraph authorities were also very considerate. When journeying between two cities, the cable routes usually follows the telegraph wires. On one occasion he was as late as seventy hours without water. Feeling himself growing continually weaker and weaker, he followed his customary practice of cutting telegraph wires. Men sent out to find the difficulty effected a success. For his ability to accomplish the remarkable feat, Mr. Brummage considers he owes his temperate habits and particularly his abstemiousness from tobacco and liquor.

Speaking generally of his trip now that it is about completed "Dick" considers the trials, privations and sickness to be outweighed by the benefits he has derived. Financially he will also be ahead of the game. He has already been offered \$50,000 for his notes taken on the way, but expects they will realize him \$80,000 to \$90,000. The collection of seals gathered from each municipality en route will net about \$20,000 more. The curios, etc., collected, Mr. Brummage has no desire to part with. These he sends home each week. While in the city he will visit the different points of interest and resume his long walk on Tuesday afternoon or Wednesday night. During his stay at the Randolph Hotel, should any citizen wish to talk with the champion walker, he will be pleased to meet them. Mr. Brummage intends returning to Canada in about ten months, probably about the 15th of December and will make his home at Foresters' Island.

Quail cannot be hunted, killed or taken in Ontario before November 1st, 1906.

SMITES DOWIE.

He Has Been Attacked With Paralysis.

PROPHET DOWIE.

Chicago, Oct. 2.—John Alexander Dowie, who claims to be the reincarnation of the Prophet Elijah and to have divine power to cure all diseases, has been stricken with paralysis, on his way to Mexico. The disease attacked him while he was on the train. In a letter to his followers at Zion City, Dowie announces that he has chosen his successor, but that the name will not be revealed until after his death.

CRAZY DOUKHOBORS

TRAMP 400 MILES IN SEARCH OF REDEEMER.

Mounted Police Arrest 25—Half Naked Women and Children Endure Frightful Privations in Long Tramp.

Winnipeg, Oct. 2.—One of the most heartrending pilgrimages in the history of Doukhor eccentricities has been brought to light by the arrest on Saturday at Canora, a small station on the Canadian Northern railway, 300 miles northwest of Winnipeg, of twenty-five religious fanatics, who had made a 400-mile trek across the prairies in search of the Redeemer. The country of the band strictly from the Prince Albert district until the end of August, and succeeded in gathering strength in the villages of Thunder Hills and Yorkton districts, till the band numbered twenty-five, of whom eighteen were women and children. Sergt. Duncan, of the mounted police, at Canora effected the arrest and the party will be taken back to Prince Albert. The women and children were almost naked and their pinched faces bore witness to the frightful privations which they had endured in the long tramp. The feet of some of the band were blistered, and bleeding and in the majority of cases they were bound in coarse hempen rope.

The police and government officials are puzzled as to the action to be taken in regard to these people. This band has been wandering over the wild country of the north, practically unknown to the officers of the law, and it is remarkable that they survived the hardships of the march.

IN OUR OWN CIRCUIT.

News of The District on Both Sides of The Line.

S. A. Conklin and wife have removed from Westport to Parham. Friends gave them a farewell and gifts.

Marmora is a thriving town, with a population of about 1,000. There is a lot of business of all kinds done there.

G. F. Tryon and Miss Mary Rosa, Westport, were married at Niagara Falls, on Thursday, and are in Westport now.

An eagle weighing twenty pounds was killed at Roskams in Russell county, a few days ago. This is the third bird of the kind killed in that vicinity within a year.

A sudden call came to George Thompson, Deseronto, some time during Saturday night. On Sunday morning he was found dead in bed, heart failure having carried him off. Deceased was seventy-six years of age.

Mrs. J. H. Ferguson, Kilmarnock, met with a painful accident at Jasper, in Mr. Connerly's store. George, her husband, the counter to examine some goods, she stepped into an open trap door and fell into the cellar. Besides being badly bruised, her arm was broken at the wrist.

Miss Ethel Howell, while employed as a domestic servant by the Rev. Dr. MacFavish, at Deseronto, stole several articles of wearing apparel last Saturday. She was arrested at Kingston with the goods in her possession.

Pleading guilty at Deseronto she was sentenced to three months in jail. The woman known as Mrs. J. Connell, living near Smith's Falls, appeared before Judge Senneker at Perth, on the serious charge of having placed out Paris green where cattle would get it, and of trying to poison cattle. It appears that the trouble was one of ill-feeling and the woman wanted revenge. She was let out on suspended sentence.

Mrs. Anna Hamlin is dead, in Oswego, aged seventy-five years. She was born in Westport, county Mayo, Ireland, and came to Kingston, with her father, John Madden, Port Hope, and the late Father Patrick Madden, Perth, were brothers. Her uncle, Father McDonough, was vicar-general of the diocese of Kingston for many years. Three daughters, all three sons survive, her husband having been killed in the civil war.

A VERY SAD DEATH.

Was That of Mrs. Murray, Nece Bessie Stroud.

A death under very sad circumstances, occurred at noon today, at the General Hospital, when Mrs. Charles Murray of Renfrew, formerly Miss Bessie Stroud of this city, passed away. Last night she gave birth to a child still born, an operation being necessary on account of complications. She did not rally from the shock. Her death, so sudden and unexpected, has caused deep sorrow among all who knew her. It is the first in the Stroud family. One sad feature in connection with the event is the fact of her young husband not knowing of his wife's death, till he reached Sbarbaro, late this afternoon, on his way here. The news was broken to him by two of Mrs. Murray's brothers. The deceased's father is at the Petawawa artillery camp.

The late Mrs. Murray was the second daughter of Master Gunner Stroud of the Royal Canadian Field Artillery, and was only twenty-two years of age. She was married on November 17th, last, to her sorrow-stricken husband, who is of the same age. She was a handsome girl, of fair complexion, and will be remembered by many as having taken the role of "Nellie" in the comic opera, "Leo, the Royal Cadet," in which part she made a great hit, having a beautiful stage appearance, a sweet voice and giving promise of becoming a clever comedienne had she continued upon the stage. Mrs. Murray was formerly a member of St. George's cathedral congregation.

Besides her husband and father and mother, she leaves four brothers and two sisters: James T., Seattle, Wash.; Allen of the News, and Times composing room; Victor, Halifax, Albert, at home; Miss Emily, St. Paul, Minn.; and Miss Nellie at home.

Mrs. Alexander Menzies, born in 1832, at Bathurst, is dead at Atholport, leaving a husband and eight children. She and her husband celebrated their golden wedding last year.
