### STANDS PAT

### THE YELLOW PERIL

WHAT THE NATIONS SHOULD ARRANGE TO DO.

To Protect Their Markets From the Competition of Japan and China—Congressman McNary Tells What Emperor William Said.

EMPEROR WILLIAM.

Boston, Mass., Oct. 3.—Congressman William S. McNary stands pat on his famous interview with Kaiser William, in which he was quoted as having been told by the kaiser that as a result of the victory of Japan in the far east, it was now plain that the white nations of America and Europe must come for self-protection against the yellow peril.

Mr. McNary arrived home on the Canopic, of the White Star line. The congressman said the kaiser talked with freedom and frankness. He said nothing whatever to indicate that he wished what he said to be regarded as confidential. The kaiser, he said, talked in English, so there was no reason for a misunderstanding.

"He began his remarks," said McNary, "by speaking in a complimentary way about President Roosevelt. With regard to the United States and Europe uniting for self-protection against Japan, he said that it ought to be apparent to everybody that with the triumph of Japan that nation would enter upon a period of aggressive competition with western nations for the markets of the world."

"Japan," he pointed out, "was so near to China that the commercial interests of Japan and China would be practically identical. The United States being between Japan and Europe, hence it was clearly in the kaiser's view, to the interest of the United States to join with the nations of Europe in a commercial alliance to protect their markets from the competition of Japan and China."

### WEAPONS IN CORK LEG.

Restaurant-keeper's Limb Confiscated by Police.

Berlin, Oct. 4.—Herr Isaac Halten, a restaurant-keeper, put his artificial leg to a curious use. On being arrested by the customs officials on the Russian frontier at Kattowitz he was subjected to a searching examination in the course of which his cork leg was discovered. Inside the limb were found two new revolvers, together with boxes of cartridges, besides large quantities of cigars and cigarettes. The authorities immediately confiscated the limb, and Halten had to be carried in the arms of two customs-house officials to the guardhouse.

### NEWS OF CONSPIRACY.

Comes From Windhoek, German South-West Africa.

Berlin, Oct. 4.—The newspapers have received from Windhoek, German South-West Africa, news of a conspiracy against the Germans. The conspiracy is said to include Andre Dewet, nephew of the Boer general of that name. They held secret meetings on estates. The conspiracy includes half castes and natives of the Witwaters tribe, which is now in rebellion against the Germans. Five Boers have been arrested. There are 15,000 Witbois who, it is feared, may join en masse on Windhoek.

### World Famous Dwarf Dead.

London, Oct. 4.—The St. Petersburg correspondent of the Daily Telegraph says the police privately state they have received alarming information from Finland, land, warranting the fear of grave events.

### REJECT THE BONUS.

But May Get Its Equivalent in Lower Taxes.

Brookville, Oct. 4.—Something unique in the history of bonuses took place here last night. In March last \$1,000 was voted by the Board of Little Falls, N.Y., for the purchase of a site on which to erect a factory. The council before paying over the money asked for a mortgage to ensure operation for a term of years. The factory is open and running, but the manager of the company wrote the council that rather than have it go on record in financial circles that their property was mortgaged, they would decline to accept the bonus. They may get an equivalent in reduced taxation.

### Senator Burton's Trial.

St. Louis, Mo., Oct. 4.—The second trial of Senator Burton of Missouri on the charge of having entered into an agreement to practice before the department of justice, has been opened at the first trial that Senator Burton was first convicted on the charge of having practiced before the department in Washington. The government is represented by Charles H. Brown, assistant attorney general and Federal Attorney Col. D. P. Dwyer, while Senator Burton will be defended by Judge Dillon of New York, Frederick W. Lehman of St. Louis and Col. W. H. Rossmore of Chicago.

The government expects under the new indictment to be permitted to offer all the evidence presented at the first trial and such new evidence as it may be able to procure. It was developed at the first trial that Senator Burton received one cash payment in St. Louis of \$500 as attorney for the Hialto Grain and Securities company. His contract with the company was for \$2,500 and four payments were made by cheque on a St. Louis bank that constituted a payment in the city of Washington. Four judges of the court said the government had not established its case. It was the contention that Burton should have been indicted and tried in Washington and only one sustained the lower court and the finding of the jury.

### Adopting the Tactics of Speaking Peace.

St. Petersburg, Oct. 4.—The Novoe Vremya suggests that Russia, France, Germany, and the United States should be interested in the far east, should subscribe to the provisions of the Anglo-Japanese treaty respecting the maintenance of the status quo in China, while affairs in central Asia should be mutually guaranteed by Great Britain and Russia. The paper says it believes that Great Britain and Japan are sufficiently sincere to approve the plan. The suggestions are made by the Novoe Vremya, believed to express the opinion of the Russian minister of foreign affairs.

### Lion Worries Woman.

Gilman, Ill., Oct. 4.—Miss Aimie Blondel, a lion tamer, was attacked and terribly mutilated during a performance of a circus here yesterday by the trick lion Roosevelt. It is thought Miss Blondel will die. She was saved from immediate death in the cage by the bullets of a troop of United States cavalrymen, travelling with the circus, who poured a volley into the body of the lion. The young woman was feeding several lions in the cage, when the big animal became enraged and sprang upon her.

The lion was not killed, and it is thought he may recover.

### Burn Methodist Church.

### WILD SCENES

In The Austrian Reichstrath, Yesterday.

### WITH LOUD SHOUTS

#### CZECH AND RADICAL MEMBERS RUSHED ON BENCH.

Action of the Coalition Leaders Endorsed at Buda Pest—Francis Kosuth's Views—Fresh Disturbances Between Germans and Czechs.

Vienna, Oct. 3.—There was a scene in the lower house of the Austrian reichstrath, yesterday, when Deputy Von Morsey attempted to speak. The Czech and radical members rushed to the ministerial bench, and demanded, with loud shouts, that the minister of the interior (Dr. Von Koserbr) answer an interpellation with reference to Sunday's disorders. Between Austrian and Czech members there was a presidential vanguard attempted to restore order, and finally suspended the session.

The king, yesterday, received the Hungarian premier, Banya Fejervary, and the Hungarian minister of the interior, M. Kristofy, in special audience, in connection with the Hungarian situation. Subsequently, M. Lanyio, the Hungarian minister of justice, was summoned to the palace. The audience of the ministers lasted three hours, and was largely devoted to the discussion of the scheme for universal suffrage. His majesty postponed his decision, but it is reported that Kristofy succeeded in favorably impressing the emperor.

Endorse Coalitionists.

Buda Pest, Oct. 4.—A resolution endorsing the action of the coalition leaders after their audience with the king, at Vienna, September 23rd, has been approved of by a committee of the coalitionists, and members of the Hungarian parliament, and will be submitted to a plenary conference of all opposition parties. The resolution declares that the coalitionists cannot undertake to form a cabinet led down by the crown, and protests emphatically against a revision of the settlement of 1867 being made dependent on the Austrian view. Francis Kosuth, the leader of the Hungarian party of independence, said, last night, that he observed the constitutional mandate prohibiting Tuesday's demonstration, because, as leaders of a constitutional movement they would not assume responsibility for disorder and bloodshed for the sake of a relatively minor celebration. The procession on October 6th, taking the form of paying homage to the Hungarian martyrs of 1849, however, would be held, whether or not. He could not foresee the consequences, but the people would be unarmed.

Fresh Disturbances.

Brunn, Austria, Oct. 4.—Fresh disturbances between Germans and Czechs broke out here, yesterday, when a relatively large number of Germanians fired on the crowd, wounding one person, whereupon the mob wrecked a number of shops. Infantry and cavalry finally cleared the streets.

### QUIT THE PULPIT.

Minister Resigns—Wife Opera Singer.

Philadelphia, Oct. 4.—His wife's contract with Victor Herbert, the famous composer, to sing in concert the coming winter, prompted the resignation, Sunday night, from the pastorate of Grace Presbyterian church, Jenkintown, of Rev. Edwin Ellsworth Riley.

Mr. Riley is not losing anything by his action. His salary at Grace church, \$1,000 a year, did not afford him a life of luxury. Mrs. Riley's contract is said to be for a salary of \$200 a week.

About a year ago it was announced by Signor Giacomo Minkowsky that Mrs. Riley had won the prize offered by Madame Lillian Nordica for the best amateur soprano voice in America, a \$7,000 scholarship in a famous European conservatory. Because she was married, Mrs. Riley could not receive the prize.

### HAD CLOSE CALL.

Two Men Were Shot at a Peterboro, Charivari.

Peterboro, Oct. 4.—Another shooting accident, arising out of the practice of charivariing a newly wedded couple occurred about five miles from Balleboro, in South Monaghan township on Monday night. A large party of young men were surrounding Andrew Huggins and his bride, and were parading down the road in the direction of the house, when Stephen Jackson discharged his weapon, a double-barrelled under the impression that the shells in the gun were blank, but Edward McGregor and Thomas Parrott, who were some few feet ahead, received the charge, which took effect in Parrott's right arm and McGregor's left arm. The injured men were brought to Nicholl's hospital, and the shot removed. They are recovering. Their escape was miraculous.

### COMES BACK WITH GOLD.

Deposited Bricks Worth About \$20,000.

Detroit, Mich., Oct. 4.—A Saginaw, Mich., despatch says: After an absence of two years, John Steele has returned to his home in Saginaw, from North Carolina, where he has been engaged in developing a gold mine, in what is known as the St. Anthony mines. A ten-stamp mill is now in operation, and when he returns it will be to install a twenty-five stamp mill. When Mr. Steele came down he deposited in the first bank he came to, gold bricks worth \$20,000. The St. Anthony mines are in the wilderness, 200 miles from a railroad.

### WILL ROYALLY ENTERTAIN.

The Jack Tars of the British Fleet.

New York, Oct. 4.—To entertain properly the jack tars of the squadron of Prince Louis of Battenberg, which is coming here in November, the enlisted men aboard Rear Admiral Evans' battleship squadron, have raised \$10,000. Not a man in the fleet failed to contribute. The original idea of having the American warships convey the British squadron from Hampton Roads, to the North river, has been abandoned as impracticable. The American ships will come from the Chesapeake a day ahead of Prince Louis.

### THE WINDSOR RACES

Will Come to an End This Week.

Windsor, Ont., Oct. 4.—Secretary Palmer, of the Highland Park Jockey Club, announces that the present week ends the Windsor races. It was figured that perhaps the meeting might be continued and the season being owing to the conditions, and the anxiety of horsemen to get farther south, and others to jump to the coast, the management decided to end the races this week.

### Letter To A Dead Man.

Margate, Eng., Oct. 4.—The Revising Barrister here, told a story on Saturday, illustrative of the lengths to which some political agents will go to observe all the necessary formalities in connection with a revision of the lists.

A voter at Canterbury died, and the agent posted an objection in the churchyard in which he was buried.

Then he addressed a letter to the dead man, addressed "Mr. —, St. Martin's" and laid it on his grave.

The letter set forth that the dead man's vote was objected to because he had not occupied the premises for which a qualification was claimed for the last three months. A stamp was enclosed for a reply.
