IT IS FOR LADIES, TOO.

They Can Stop Their Hair Fall- ing Out With Herpicide.

Ladies who have thin hair or whose hair is falling out, can prevent the hair falling out, and thicken the growth, with Newbro's Herpicide. Besides, Herpicide is one of the most agreeable hair dressings there is. Herpicide kills the dandruff germ that eats the hair off at the root. After the germ is destroyed, the root will shoot up, and the hair grow long as ever. Even a sample will convince any lady that Newbro's Herpicide is an indispensable toilet requisite. It contains no oil or grease. It will not stain or dye. Sold by leading druggists. Send for a specimen by sample to The Herpicide Co., Detroit, Mich. G. W. Mahood, special agent.

A Lesson To Auto Scorchers.

When John R. Dohler was driving to Roblin's Hill last Monday, his horse was frightened by an automobile and ran into the fence, at the side of the road. One of the shafts was broken and the horse ran some distance before it was again under control. Mr. Dohler said the occupants of the car were running at a speed of over twenty miles an hour, kept to the outside of the road, and made no attempt to stop the speed of the machine or to help him after the accident. The parties, Fred, Sager, owner, and William Fisher, of St. Catharines, the driver, were arrested that afternoon at Belleville by Chief Green, and brought to Napanee, charged with running the car over ten miles an hour inside the municipality. Both Mr. Dohler and Irvine VanAlstine testified that the machine was running from fifteen to twenty miles an hour, and the magistrate fined Sager and Fisher \$5 at \$11 and costs, which was paid and protest.

W. H. Reed and wife, Belleville, have left for their new home through sold George Sager, Ameliasburg, and a fine big pair of Percheron mares, Joseph Nightingale for \$350.

SUFFERED FOR YEARS WITH A COMPLICATION OF FEMALE DISEASES.

Robust Women Who Owe Their Restored Health and Usefulness to Pe-ru-na.

Thousands of Testimonials Received Every Year.

An Ideal Medicine.

MISS LOUISE MATHER, 13 Church St., Burlington, Vt., Vice-President Bureau of Exchange, writes:

"Your medicine is an ideal woman's medicine and by far the best I have known. It restored my health and strength. I suffered for several years. My back ached, I had bearing down pains, and frequent headaches.

"I would often wake from sleep in such pain that I would suffer for hours before my eyes would close again. I dreaded long nights as well as the weary days.

"I consulted two physicians, hoping to get relief. Finding that their medicine did not seem to cure me, a friend advised me to try Peruna.

"I am certainly glad that I followed her advice, for Peruna was the only medicine for me. Every ache and pain disappeared in four months and I am in perfect health now.

"My earnest advice to suffering women is to try Peruna, for I feel sure they will not be disappointed in it."

Enjoying Splendid Health.

Mrs. L. E. Tyler, Santa Monica, Cal., Secretary Santa Monica Musical Society, writes:

"I was troubled for over three years with systemic catarrh, complicated by female weakness and inflammation. This induced frequent headaches, nervousness, hysteria and sleeplessness, which nothing could relieve until I tried Peruna.

"I began to feel better after I had taken the first bottle and improved from week to week until at the end of about eleven weeks I was entirely well.

"I am pleased to say that I have enjoyed splendid health now for nearly a year. I have a fine appetite, enjoy sound sleep and do not suffer from any more headaches or other pains."

Completely Regained Her Health.

Miss Edith Reams, 720 North Main St., Dayton, O., writes:

"I suffered for some time with both lung and female troubles. I had been under the treatment of a good physician for about nine months without obtaining any relief, when Peruna was recommended to me. After taking twelve bottles of this medicine I have completely regained my health.

"I am pleased to recommend Peruna to any one suffering from the above ailments."

No testimonials published without written consent of the writer.

America is the Land of Nervous Women.

The majority of women are nervous because they suffer from some form of female disease.

The greatest obstacle in the way of recovery is that they do not understand that catarrh is the main source of their illness.

Women who are in doubt as to their ailments should write to Dr. Hartman, President of The Hartman Sanitarium, Columbus, O. Give him a full description of your symptoms, previous treatment and age.

He will promptly reply with full directions for treatment, free of charge.

CANADA'S BEETS ARE WANTED BY AMERICAN SUGAR COMPANIES.

A Protest Laid Before the United States General Appraisers—Want a Cut From 25 to 10 Per Cent. Ad Valorem.

Detroit, Mich., Oct. 14.—A New York dispatch says that to save many Michigan beet sugar factories from being shut down, because of a scarcity of material, a protest against the present sugar beet tariff has been made before the United States general appraisers, by the Marine Sugar company, of Marine City, Michigan, who ask for a reduction of the tariff from its present rate of twenty-five per cent. ad valorem to ten per cent. ad valorem. The appraisers are asked to lower the duty in order that the American factories may get beets from Canada. The technical ground on which the protest was made, declared that sugar beets were not in reality a vegetable but merely a raw material for use in manufacturing sugar.

One day this week while the C.O.R. train was standing at Wellington station, and the engine was being shunted, a freight train was seen coming, and when nearing Wellington whistled down brakes but the brakes refused to act and the engine reversed, but she was under too heavy motion. Several men were on the siding and the president of the road, Mr. Collins, happened to be standing looking at the train as she was nearing the station and noticing that her speed was increasing, ran and turned her on the siding. The result was the demolishing of a box car, otherwise she would have run in the passenger car.

A freight purpose erecting a dwelling in the upper Wellington farm. Miss Katie Boyd's friends will be pleased to know that she has been promoted to cashier in a large wholesale establishment in Detroit.

Just such devotion to her work has recently been shown by a young English authoress. Miss Altonby is the writer of a novel called "The Fulfillment," a book with a purpose; for this young woman held that she had a mission to this age. She took the book to Messrs. Greening, publishers, and for some reason she believed that they did not intend to accept it, and consequently she threw herself into the river, believing that her death would attract attention to her work and that it would then be published and read. As a matter of fact, the publishers had decided to bring out the book, although she was not aware of their intentions.

The book has some remarkable characteristics. The dedication is in itself remarkable as it runs: "Dedicated to God with the reverence of which the human heart is capable." Read in the light of the recent tragedy the story told in "The Fulfillment" is doubly fascinating, for the authoress forewarned her own end. The book is divided into three disconnected but subsequent scenes: Earth, hell and heaven. In the first is the tragedy. Deborah, a poor, but clever girl, has written a book. Her whole mind is given to writing it published. Her life is unhappy, for she is not only misunderstood by her family, but she is physically unattractive. Still, almost every thought was given to her work; she had few thoughts to spare for her workaday world. That "The Fulfillment" is straight from the poor girl's heart is shown but too clearly by the vividness of the description.

The attention of the public has been purchased with the author's life, and the book will be read with a sad interest.

Belleville, Oct. 14.—E. F. B. Johnson, of Toronto, lawyer for T. S. Carman in the criminal libel case, has filed his defence. The case grew out of the bogus ballot-boxes, which were brought into this riding last November by Byron O. Lott, liberal candidate for the commons. Mr. Porter charged the plot, the Ontario Mr. Carman's paper, characterized the story as "Porter's lie," hence the charge of criminal libel. The case was to have been tried at the March assizes, but was postponed till the fall. The defence pleads reasonable grounds for belief that Mr. Porter's story was untrue, that the said alleged libel was published without Mr. Carman's consent or knowledge, and that on examining the evidence it was found published an article in his paper setting out that Mr. Porter's action in the matter was commendable.

Washington, Oct. 14.—President Roosevelt has requested the resignation of Associate Justice Tucker, of the supreme court of Arizona. One charge against him is that he would hold court at Globe, Ariz., only on condition that the people of that place made him the gift of a residence. It was also charged that when presiding in court he sat with his feet on the bench.

Sherbrooke, Oct. 11.—Sherbrooke lumber dealers received notification, yesterday, of an order passed by the United States government imposing an import duty of twenty per cent. on all pulpwood in any form, roamed or unroamed. This order went into effect yesterday, no previous notification having been given. Cars of pulpwood on their way across the line were held by United States officials for duty.

WELLINGTON NEWS.

Accident to Freight Car—Shipping Tomatoes.

Wellington, Oct. 14.—Kenneth De Mill, with his steamyacht and scow, is carrying tons of tomatoes from the West Lake shore to Wellington for two canning factories and tons are being brought in by the farmers. Truly Wellington is a lively place this fall.

Dr. Kidd, of Trenton, was in town on Thursday last. Mrs. J. E. Clark and Mrs. C. L. Wilson, who spent three weeks in Detroit recently visiting Mrs. J. S. Hill, returned home on Monday last, accompanied by Master Durmand Hill, Mr. and Mrs. Rufus Wilder, with their daughter, Julia, returned from Mitmore this week, where, for a few weeks, they had been visiting friends and relatives.

Mrs. Rufus Wilder and daughter, Edith, returned home from Mitmore this week. They, too, have been visiting relatives there. The fall has been favorable for all kinds of work, especially for apple-picking and the delivery of tomatoes. Nehemiah Gilbert and Malcolm Allison, of Pictou, are in town on Thursday. J. N. McDonald has been suffering from an abscess formed on his face. Wilson Scores has sold his farm of 230 acres. John Garratt will move to Wellington, in the near future, and has purchased the Jacob Fraleigh dwelling.

Frederickton, Pa., Oct. 14.—Half a mile back from the entry six miners are imprisoned—perhaps dead—in the mine of the Clyde Coal company. The mine is on fire and the hold is general that the entombed men cannot be reached in time to save their lives, even if they are not already dead.

Two others were seriously burned in an explosion in the fan house, following the breaking out of the fire in the mine, one of them so fearfully that he will not live.

The imprisoned men are: George Kelly, Homer Harvey, Richard Marsh, Edward Kelly, Bonni Lorenzo, Costo Bergandi.

Nearly two hundred men were in the mine when the fire started. Its exact origin is not known, but it is supposed it was caused by a wire becoming short circuited and igniting the electric cables, which serve to create drafts by means of which the mine is kept free from foul air. All but the six men escaped.

Attempts to effect a rescue are abandoned as hopeless.

THE "FULFILLMENT."

Suicides to Draw Attention to Book.

London, Oct. 14.—There is a pathetic story of a French sculptor who, after years of toil, had at last achieved a masterpiece, but in spite of his hard work and great talent he was reduced to actual want. The latter winter night he awoke and re- lished the biting frost would ruin the clay figure, and so taking the coverings from his bed he crept downstairs and wrapped them round the figure, and lay down to sleep exposed to the book, although she was not aware of their intentions.

The book has some remarkable characteristics. The dedication is in itself remarkable as it runs: "Dedicated to God with the reverence of which the human heart is capable." Read in the light of the recent tragedy the story told in "The Fulfillment" is doubly fascinating, for the authoress forewarned her own end. Dr. Hugo's Health Tablets for Women

Medicines, sold alike for men and women, never contain what will do a woman the most good, that is, the uterine and other female tonics. Such medicines may relieve for a little but that is all. They do not cure, because they do not reach the cause of nine-tenths of the ills of women.

Women need a remedy compounded for their special needs. Dr. Hugo's Health Tablets for Women are such a medicine.

They are a special remedy compounded by a specialist for a special purpose. The specialist is Dr. Hugo, of Paris, who perhaps knows more about the needs of women to-day than any other living physician. Their special purpose is to cure the ills of women and them alone. They are not for men.

Are Just for Women.

TWO LOAN COMPANIES INTEND TO AMALGAMATE IN SHORT TIME.

Capital Will Be \$3,750,000.—Martin Gould, London's Oldest Tailor Dead—Had Been in Business Fifty Years.

London, Ont., Oct. 14.—The Huron and Erie Loan and Savings company, and the Canadian Savings and Loan company, will be amalgamated, shortly, under the former company's name.

"All we now await is the sanction of the shareholders, to complete the amalgamation of the two companies," said Robert Fox, president of the Canadian company. The combined subscribed stock of the two companies will amount to \$3,750,000, with a reserve fund of \$750,000, in the Huron and Erie.

Martin Gould, the oldest tailor in London, died, yesterday, at the family residence, on Maitland street. Mr. Gould had been in business, in the city, for nearly fifty years, and was

intimately known by the majority of the older generation.

PARTICULARS FILED. They Were Lodged at Osgoode Hall.

A message to the Whig from Toronto says: "The particulars in the Kingston provincial election were filed, this morning, at Osgoode Hall. The petitioners would unseat E. J. E. Dwyer, the Liberal member on 176 charges, mostly of bribery. It is claimed that Hon. Mr. Hartly was the head of a subscription list, the proceeds of which were handed to agents to be used in bribery and the hiring of vehicles. J. J. Hartly, secretary of the Canadian Locomotive Works, is charged with advancing money for the same purpose. Among those accused of bribery, as agents of respondent, are: W. C. McDonald, W. W. Smith, A. Bearance, E. S. Elliott, S. Corbett, J. Ferris and four or five hotel-keepers."

JOYS OF AUTOMOBILING. Nothing More Serious Than Serious Injury To-Day.

Mincola, Oct. 14.—Henry, the Frenchman, in a Darracq car, won the Vanderbilt cup race. Foxhall Keene crashed into a telegraph pole, but escaped with a few bruises. Car No. 15, driven by Lytel, skidded on the road at Bullshead, and tipped, the mechanic, was seriously hurt. Lancia, who was leading on the seventh round, and Christie, were in collision outside of Lakesville. This mishap put Henry in the lead.

College Records Broken. Four college records were broken at the annual field meet of the McGill Track Club. J. C. Kemp, the former Oxford runner, covered the mile in 4 minutes 36.5 seconds, clipping exactly four seconds off the old mark made by Brodie. Brodie's 4:40.35 has stood on the college records for ten years. R. A. Donohue brought up the college mark for the pole vault from 9 feet 9 1/2 inches to 9 feet 11 inches, the old mark standing in the name of Dalgleish. After winning the high jump and raising the college record from 5 feet 6 inches, to 5 feet 7 inches, Waugh stepped out on the track in the event and knocked two-fifths of a second off his own record of 17-1/5 for the 120 hurdles.
