### STIR HIS PEN TO STERN DENUNCIATION.

United States in Midst of Political Turmoil — Trinity of Important Figures in the Field—Teddy's Great Welcome.

Special Correspondence Letter, No. 1,496. New York, Nov. 3.—While we have been in the United States, enjoying the evening of our Indian summer, a blessed season which unites the summer warmth with the winter's advancing frost, and the entire nation is enjoying a prosperity almost equaled in our history, from Europe comes the cry of massacre and war, where oppressed millions are rising to crush the long abused imperial power, and it would almost seem as if despotism in government was about being destroyed and its ruins a republic shall rise which may yet be the marvel of our modern times, and Russia after long years of sorrowful trials and sacrifices, for which no limit can be named, may have that blessing which the grandest republic on earth has to-day in a government, "of the people, for the people, and by the people." Dreadful news, borne on the lightning's wing, told a story of massacre and suffering in Russia's ancient capital, the city of Moscow. The murderous Cossack is again on duty, and the streets of that imperial city are red with blood of its suffering people. The revolution is not local; it reaches to the limits of the empire; it gives its best blood to right the wrongs which the downward and oppressed have suffered for ages. The Caucasus is all aflame. From the Crimea to St. Petersburg there is no sign of peace, and the life of the czar and his councilors is in deadly peril. It is rumored that the Russian despot has applied to his German brother for aid. The despotic ruler of Russia will no longer be tolerated by the Russian people. Austria can hardly be depended on for aid. Hungary is in rebellion and its best energies will be directed against the Russian empire. It has been rumored that the United States has been called upon to aid in the adjustment of a peril which now threatens Russia's throne.

The United States has fulfilled all the requirements of humanity and justice; no more must be asked of her and I say, "Hands off," and let the European powers settle it among themselves.

While I said a moment ago that we were in the enjoyment of peace, it was a peace of the most precarious and precarious issues of the most precarious nature, and it was a peace of the most precarious nature, and it was a peace of the most precarious nature.

Hall in Temple Used Often As School Room — Preferably One With Tablet of Deceased Ancestors — Ruler and Sticks Freely Applied.

In China, children have no Saturdays as holidays, no Sundays as rest days. Their school session is from six to ten in the morning, at which time all go home to breakfast—from eleven to one, when a recess of an hour is granted for luncheon, then from two until four in the afternoon, when school closes.

## TORTURING NEURALGIA.

Suffered for Ten Years, Cured by Dr. Williams' Pink Pills. Neuralgia is the king of torturers. A tingling of the tender skin, a sharp sudden stab from some angry nerve; that piercing paroxysm of pain—that neuralgia. Cause of the trouble is a disordered nerve due to this very blood. The cure is Dr. Williams' Pink Pills, which make new, rich red blood, and thus soothe and strengthen the disordered nerves and cure neuralgia.

Among the thousands who have been cured by Dr. Williams' Pink Pills are Mrs. R. C. Johnson, of Simpson's Corner, N.S. Mrs. Johnson says: "For upwards of ten years I was a sufferer from the awful pains of neuralgia. Over-exertion or the least exposure to a cold wave would set me nearly wild with torturing pains. I consulted two physicians, but they did not cure me. I then tried several advertised medicines, but found no benefit. The trouble continued at intervals, but it was so miserable, intolerable, that I finally called in a physician of mine brought me a box of Dr. Williams' Pink Pills and urged me to try them. I used this box and they cured me. I feel sure in saying that the cure is permanent." Mrs. Johnson is one of the best known ladies in the section in which she resides, and is a prominent worker in the Congregational church. Naturally her family and friends are rejoicing over her cure, and Dr. Williams' Pink Pills have become the many warm friends in that section as a result with their good work.

It is because Dr. Williams' Pink Pills make new, pure, warm blood that they have such great power to cure disease. They positively cure rheumatism, neuralgia, sciatica, St. Vitus' dance, partial paralysis, kidney and liver troubles, anaemia, and the ailments from which women alone suffer. The purchaser must be careful to see that the full name, "Dr. Williams' Pink Pills for Pale People," is printed on the wrapper around each box. Sold by all medicine dealers or sent by mail at 50c. a box, or six boxes for \$2.50, by writing the Dr. Williams' Medicine Co., Brockville, Ont.

Discover Sauerkraut Mine. Phillippville, in Algeria, is determined to keep up the reputation for all ways providing something new. Only a short time ago a winged tortoise was reported to have been discovered there, next came an account of a "Sauerkraut stone," whatever that may be. The latest marvel is a mine of sauerkraut, discovered by workmen while digging. It was beneath a small hill, lock, and was a compressed mass of vegetable matter, mostly cabbage, with the smell and taste of sauerkraut, but preserving its natural color. When the reporter left the workmen had laid bare twenty cubic yards of it, and were still digging.

## THE NEW LAND.

Review of Reviews. The purchase act of 1903 was epoch-making. It was preceded by a conference between the representatives of landlord and tenant in Dublin. The landlords' convention, the official representative of the landlord class, refused to join in the conference. Typical landlords, such as the Duke of Abercorn, Lord Barrymore, and Col. Sanderson, refused to serve, ridiculing the project as absurd and quack. Lord Dunraven led a saner section of landlords by the result that, after a session of five days, the conference agreed to a report, upon which the government acted. The official landlords, seeing the reasonableness of the findings and recognizing their own folly surrounded and fell in with the general tendency for settlement. Substantially, the act accepted the principle of universal sale of the landlord's interest to the occupier. It ignored legal compulsion. But it accepted what was finely called the principle of compulsion by inducement. If placed \$500,000,000 at the disposal of landlord and tenant and expected that out of the land purchase fund each landlord who sold should receive a bonus (Latin for gift) of twelve per cent. on the purchase money. It appointed a new tribunal to administer the act. And to settle the disputed districts by the purchase of grass lands, the enlargement of uneconomic holdings, and the restoration of certain evicted tenants where possible. It was an act sufficient of itself to make and secure the reputation of any statesman. Already in eighteen months since it came into operation land value for \$100,000,000 has been sold under it.

## ROYAL HOUSEHOLD FLOUR

### "Royal Household" is in a class by itself.

Flour that gives half nourishment and double work to digest is not good flour.

Cheap and inferior flour gives the digestive organs double work and half pay—inferior flours contain indigestible waste—this waste must first be overcome by nature,—that means extra digestive work. Indigestibles destroy the nutriment of flour, therefore poor flour gives more work and less nutriment to the system. Royal Household Flour is in a class by itself—it is the only really pure flour—and it is pure because it is purified and sterilized by electricity.—it is the most easily digested and most nourishing because it is absolutely pure. The moment a woman puts her hands into "Royal Household" she knows it is a finer flour than she ever used before.

### Cooks and Bakes perfectly at the same time

There is not another range built in which the heat may be regulated so that you can bake in the oven and cook on the top at the same time without spoiling one or the other. But you can do both equally well at the same time on the Pandora, because its heat is not wasted and is at all times under the simplest, most positive control. If you do the cooking of your household you can appreciate exactly what this means.
