SYNOPSIS OF CANADIAN NORTH-WEST HOMESTEAD REGULATIONS

Any even numbered section of Dominion Lands in Manitoba or the North-west Provinces, excepting 8 and 26, not reserved, may be homesteaded upon by any person who is the sole head of a family or any male over 18 years of age, to the extent of one-quarter section, of 160 acres, more or less.

Entry may be made personally at the local land office for the district in which the land to be taken is situated, or if the homesteader desires, he may, on application to the Minister of the Interior, Ottawa, the Commissioner of Immigration, Winnipeg, or the local agent for the district in which the land is situate, receive authority for some one to make entry for him.

HOMESTEAD DUTIES: A settler who has been granted an entry for a homestead is required to perform the conditions connected therewith under one of the following plans:

(1) At least six months residence upon and cultivation of the land in each year during the term of three years.

(2) If the father (or mother, if the father is deceased) of any person who is eligible to make a homestead entry under the provisions of this Act, resides upon a farm in the vicinity of the land entered for by such person as a homestead, the requirements of this Act as to residence prior to obtaining patent may be satisfied by such person residing with the father or mother.

(3) If the settler has his permanent residence upon farming land owned by him in the vicinity of his homestead, the requirements of this Act as to residence may be satisfied by residence upon the said land.

APPLICATION FOR PATENT should be made at the end of three years, before the Local Agent, Sub-Agent or the Homestead Inspector.

Before making application for patent the settler must give six months' notice in writing to the Commissioner of Dominion Lands at Ottawa, of his intention to do so.

SYNOPSIS OF CANADIAN NORTH WEST MINING REGULATIONS.

Coal.—Coal lands may be purchased at $10 per acre for soft coal and $20 for anthracite. Not more than 320 acres can be acquired by one individual or company. Royalty at the rate of ten cents per ton of 2,000 pounds shall be collected on the gross output.

Quartz.—A free miner's certificate is granted upon payment in advance of $7.50 per annum for an individual, and from $50 to $100 per annum for a company according to capital.

A free miner, having discovered mineral in place, may locate a claim 1,500x1,500 feet.

The fee for recording a claim is $5.

At least $100 must be expended on the claim each year or paid to the mining recorder in lieu thereof. When $500 has been expended or paid, the locator may, upon having a survey made, and upon complying with other requirements, purchase the land at $1 an acre.

The patent provides for the payment of a royalty of 2½ per cent on the sales.

PLACER mining claims generally are 100 feet square; entry fee $5, renewable yearly.

A free miner may obtain two leases to dredge for gold of five miles each for a term of twenty years, renewable at the discretion of the Minister of the Interior.

The lessee shall have a dredge in operation within one season from the date of the lease for each five miles. Rental, $10 per annum for each mile of river leased. Royalty at the rate of 2½ per cent collected on the output after it exceeds $10,000.

W. W. CORY,
Deputy of the Minister of the Interior.

KIDNEY DISEASE AND ITS DANGERS CAN BE QUICKLY CURED BY DOAN'S KIDNEY PILLS

Kidney disease comes on quietly, it may have been in the system for a long time before you suspected the real cause of your trouble. There may have been backaches, swelling of the feet and ankles, disturbances of the urinary organs, such as, brick dust deposit in urine, higly colored, scanty or cloudy urine, bladder pains, frequent urination, stone in bladder, etc.

Perhaps you did not know that these were symptoms of kidney disease, so the trouble kept growing worse, until Neuralgia, Sciatica, Rheumatism, Diabetes, Dropsy, and worst of all, Bright's Disease have taken hold of your system.

Doan's Kidney Pills should be taken at the first sign of anything wrong. There is no other safe way, (plasters and liniments are useless), as the trouble must be eradicated from the system.

Doan's Kidney Pills go to the seat of the trouble, strengthen the kidneys, and help them to filter the blood properly and flush off all the impurities which cause kidney trouble. Mr. Thomas Mayhew, Smith's Falls, Ont., writes: "For over four months I was troubled with my kidneys, and my back got so lame I felt miserable all over. After taking five boxes of Doan's Kidney Pills I was as well as ever."

Price 50 cents per box or three boxes for $1.25, all dealers or The Doan Kidney Pill Co., Toronto, Ont.

WOMEN GAMBLERS

TWIN VICES ARE ALARMINGLY PREVALENT.

Too Many Idle Hours for the Wealthy—Hostesses Bully Men Into Poker and Whist and Make Them Pay Dearly.

New York, Nov. 6.—Women of wealth and leisure who gamble and drink may see the curtain of their future lifted if they read an article that Mrs. Russell Sage has contributed to the North American Review for November.

"Drinking is indulged in to an appalling extent by women of the wealthy idle class, and their daughters are following in their footsteps," she declares.

Mrs. Sage denounces gambling as one of the "inevitable concomitan ot idle, extravagant life." She tells of hostesses politely bullying men into games of poker or bridge whist and making them pay dearly. She adds:

"The trouble is that the wives of many men in this class squander in gambling and other forms of dissipation the money their husbands give them for household expenses, and are compelled to resort to just such measures to make up the deficit, lest their husbands find out the true state of affairs and adopt drastic mensures to correct them.

"The idle rich are no more vicious than the idle poor, but they are much more lacking in sympathy with one another."

THREE CHILDREN DIE.

Building Wrecked and Thirteen Persons Injured.

Ishpeming, Mich., Nov. 6.—Three children are dead and thirteen people are injured, one fatally, as the result of an explosion here on Sunday, which completely destroyed the Miners' National Bank. The dead are: Steven Goodman, aged twelve years; Alice McGee, aged ten years; Edward McGrath, aged twelve years. Those injured are: James F. Mullen, fatally; Thomas Flanagan, Loretta McGee, H. Gunderson, Mrs. E. F. Small, Miss Bruez, Mrs. G. Smeltz, Charles Smeltz, John Dundon, Ray Butler, F. Anderson, Erick Paterson, and Mrs. J. F. Keith.

A gas leakage in the basement of the bank building was primarily responsible for the explosion and loss of life. Gas was detected coming from the building, and two workmen went into the basement about nine o'clock with fighted candles to investigate. A tremendous explosion followed.

The two workmen were blown through a basement window, and landed uninjured in an open box car that was standing on a nearby track. The building was completely wrecked.

The three children killed were passing on their way home from church, and were caught in the falling debris.

All the teams in the city were summoned to the scene, and the work of removing the wreckage and releasing the imprisoned victims was rushed. The explosion broke windows in many stores in the business district, and scattered the papers and document of the bank for blocks.

A Problem Solved.

Ozone is ozone, and in buying it the problem is to get the purest form. "Solution of Ozone (the coupon kind)" is the purest form in which Ozone is put up. In addition, each bottle contains a coupon entitling you to a package of "Celery King" free, and it is well-known that you should take "Celery King" along with Ozone.

We put "Celery King" coupons in our Ozone bottles because no other firm can give "Celery King" with Ozone. By buying "Solution of Ozone (the coupon kind)" you get the purest and most concentrated form of Ozone, and, in addition you save the expense of buying the "Celery King" to use with it.

No other kind of Ozone offers this advantage. Ask your druggist for it, and if he hasn't it write the Public Drug Company, Bridgeburg, Ont.

ON HER BEAM ENDS.

Steamer Rosedale's Experience on Lake Superior.

Owen Sound, Ont., Nov. 5.—By an exceedingly narrow margin the steamer Rosedale, of the St. Lawrence and Chicago Steamboat company line, reached port, yesterday morning, after an experience rare in the annals of the great lakes. The Rosedale cleared from Fort William, on Tuesday morning, with a north-east gale blowing, and encountered a terrific sea as she passed Passage Island. Capt. Shaw decided to make the run to Michipicoten Island for shelter, which would have been comparatively easy had the gale not shifted to the south-west and increased in its fury, until it was regarded as a record-breaker by the oldest mariners and lighthouse-keepers on Lake Superior. About noon the steamer was caught on the port bow by a tremendous wave at the same moment as a similar billow from the north-east caught the port quarter. In an instant the boat was thrown on her beam ends, and before she could right herself the cargo of wheat shifted and held her down with her main deck awash and the seas sweeping over her. The ventilators and galley stack were swept clean away. The only chance for saving his vessel, Capt. Shaw said, was to put the entire crew of seamen in the hold with shovels to trim the vessel as best they could in such a sea. Though shovelling for dear life, the ten men only succeeded in holding the grain from going still further over. For eighteen hours this work was kept up, Capt. Shaw being alone in the wheel-house and Engineer Findlay in the engine-room.

Finally the Ice of Caribou Island was reached, and in the respite the weary shovellers kept up their work until the vessel righted up about two feet. In this condition the vessel left shelter and made for the "Soo," where fifty tons of coal placed in the porthunkers brought the vessel nearer her equilibrium, and in this condition the run was made to Owen Sound.

The grain in the after hold is badly damaged, and the insurance inspectors will have to pass it on Monday. A staff of ship carpenters and machinists are at work making the repairs, which includes about fifty feet of the rail, which was carried away by the force of the sea. All the local steamers were more or less delayed by the gale.

BENJUMIN FRANKLIN'S GRAVE,

Designer For December.

The joyous spirit of Christmas strikes the keynote for stories, verse and several of the miscellaneous articles in The Designer for December, among the latter being "Deutsch Spielwaaren for Christmas," by Julia Darrow Cowles, who describes the interesting toys made for youngsters by the little people of Germany; and "Holiday Sweetness," by Frances Peck, instructing how to make the most delightful dainties. "The Rise and Fall of the Christmas Tree" tells in pictures what the well-known fairy tale does in prose. "Gran'ma Vosburg's Christmas," by Myra Emmons, is an excellent holiday story excellently illustrated, and "The Admission Ticket," by Zelia Walters, is another bit of fiction, which will please the children. There are several pages devoted to the manufacture of Christmas gifts, and these are supplemented by lessons in lace-making, knitting and crochet. In addition to regular supply of fashions, which is unusually generous, are special articles on costumes for full-dress occasions for ladies, and party dresses for little folks.

Dr. May Suspended.

Toronto, Nov. 6.—"There is no truth in the story published regarding Dr. S. P. May," said Hon. Dr. Pyne, minister of education, in referring to the charges that that gentleman, who is provincial inspector of public libraries, had been working under an understanding with a certain publishing house. "There are, however, certain irregularities which must be investigated. In the meantime Dr. May has been suspended from office."

The New York state superintendent of insurance, after an investigation into the affairs of the Equitable Life, cut down its surplus by eighteen millions.

ALL ARE CONVICTS

GREAT PENAL COLONY IN ANDAMAN ISLAND.

Prisoners Well Treated—Best of Them Are Sometimes Appointed to Salaried Positions—Managed by Commission.

Calcutta, Nov. 6.—The British warship Proserpine of the East Indies squadron has just returned from the Andaman Islands, and, being the first warship which has been in the harbor for seven years, her visit caused great excitement. These islands lie about 250 miles in a south-westerly direction from Rangoon, and, unknown to most people, comprise a huge convict settlement for natives from India and Burmah, some 15,000 being quartered there at the present time.

The system of guarding the prisoners is very clever. The warders are all convicts who have been on the island some time, and have behaved themselves and risen to this rank. They are each put in charge of gangs, differing from themselves—for example, a Hindu warder would be in charge of a Burmese gang. This is found to work very well, no trouble at all being experienced, and scarcely any cases of an escape have been known.

The prisoners are exceptionally well treated, the best characters in some cases being appointed to salaried positions, and it is only the very worst behaved who are actually kept confined in the jails.

Each convict wears around his neck a piece of wood and stamped on it is his number, date of conviction and release, and the article of law under which he was convicted. The warders only wear a small brass tally with their numbers on.

The Andaman commission, consisting of about forty persons, headed by Mr. Merk, chief commissioner, are in charge of the convict settlement, one company of the Liverpool Regiment and a detachment of Indian troops, comprising the rest of Port Blair.

The warship's visit lasted five days, and was much enjoyed, a tennis tournament, dance, and visits to various places of interest being arranged for the officers, while a football match, army vs. navy, and a concert were indulged in by the sailors.

THEY MADE PEPPERMINT

And Found a Ready Market in Canada For It.

Walkerville, Ont., Nov. 6.—Messrs. Walker & Sons, established a peppermint distillery here this year, and manufactured the product of forty acres at the plant. They found a ready market in Canada. It then developed that Michigan has controlled the Canadian market heretofore, the duty on the oil imported into Canada, being only ten per cent ad valorem, while the American duty is seventy per cent. The Michigan manufacturers tried to recover their Canadian trade by offering the oil, duty and freight paid, at the price quoted by Walkers. The latter are satisfied with their experiment, and probably will continue to manufacture the oil. If so they will ask that the Canadian duty be made equal at least, to that charged by the United States customs.

MURDERED FOR WITCHERY.

Under Arrest Charged With the Crime.

Dantzig, Nov. 6.—Seventeen people have been arrested at Putzig on the charge of complicity in the murder of a woman named Anna Ceynowa, who was reputed a witch.

The woman was blindfolded and conducted to the summit of the rocky promontory of Hela, in the Baltic, and then flung into the sea. As she succeeded in swimming ashore, the villagers strangled her by drawing the long tresses of her hair round her throat. They afterwards gave themselves up to the police as a matter of form, they said, declaring that they had performed a meritorious act in ridding the neighborhood of a sorceress.

"No Sabbath."

In a "Prize Essay on the Sabbath," written by a journeyman printer in Scotland, there occurs the following striking passage:

"Yokefellows! Think how the abstraction of the Sabbath would hopelessly enslave the working classes with whom we are identified. Think of labor thus going on in one monotonous and continuous eternal cycle—limbs forever on the rack, the finger forever playing, the eyeballs forever straining, the brow forever sweating, the feet forever plodding and brain forever throbbing, the shoulder forever drooping, the loins forever aching and the restless mind forever scheming. Think of the beauty it would efface, of the merry-heartedness it would extinguish of the giant strength it would tame, and the resources of nature that it would exhaust, of the aspirations it would crush, of sickness it would breed, of the projects it would wreck, of the groans it would extort, of the lives it would immolate."

William Swain, piano tuner. Orders received at McAuley's book store.

Sunlight soap is better than other soaps, but is best when used in the Sunlight way. Buy Sunlight Soap and follow directions.

Mrs. George Dunbar, Roebuck, was run over by Mr. Goodwin, when returning from McLeanville on a dark night last week. Ottawa doctors hold out small hope of recovery.
