The charge of infringing the alien clarations are made that a recount ployers' Association, was again taken up, this morning, in the police court. After hearing some more evidence, Magistrate Denison expressed the oinion that it was scarcely worth while going on with the case. Counsel for the plaintiffs pressed, however, and some further evidence was taken. when the case was adjourned until Friday. A member of the lithograph firm of Rolph & Clarke, said that Mr. Merrick had gone to New York to try failure there, and a million persons to secure men to replace strikers in are practically starving. Their misery their shop, but he did not think Mr. Merrick entered into any contract with the men in the United States. The whole thing seems to hinge on the suggestion whether the contract was on the other side of the line there is no denial that men were

DISEASE IS BENEVOLENT.

The Opinion Expressed By Sir Frederick Treves.

New York, Nov. S .- The Sun has the following from Edinburgh: Sir Fred crick Treves, in an address before the Philosophical Society on the subject of disease, promulgated what appears to be a startling paradox, that disc instead of being, as is generally sup posed, malignant, is really benevolent. People have considered every symptom of disease noxious, and that it ought to be stamped out with relentless determination, but, according to Sir Frederick, the motive of disease is benevolent and protective. If it were chapter was added to the sensational breach of promise suit of Dr. W. W. not for disease, he said, the human

race would soon be extinct The lecturer took examples such a wound and the supervening inflammation, which is a process of cure to be imitated rather than hindered Peritonitis, he said, was an operating house surgeon's best friend; without it every example of appendicitis would be mean that the breach of promise suit fatal. The phenomena of a cough and has been settled, it was denied by the cold were in the main manifestations principals that such is the case. They of a cure. Without them a common said they would not be married until cold might become fatal. The catarrh everything had been agreed to in conand persistent specing were practical nection with making a settlement of means of dislodging bacteria from the the suit. The suit will not be withnasal passage, and the cough of re- drawn until the wedding is solemnmoving the bacteria from the wind- ized. Again, the whole of the manif stations of tuberculosis were expressions of unflagging efforts on the part of the body to oppose the progress of invading bacteria.

The board of directors of the C.M. B.A. commenced their quarterly business meeting, Tuesday afternoon, continuing all evening, and this morning, and are still in session, in their o fices, in the Golden Lion block. The following are present: Grand presiden't, Hon. M. F. Hackett, Stanstead, Que.; grand secretary, J. J. Behan; grand treasurer, W. J. McKee, Windsor; grand solicitor, Hon. F. R. Latchford, Ottawa; grand supervisor, Dr. E. Ryan; grand trustees, C. D. Hebert Three Rivers; G. V. McInerney, St. John, N.B.; Rev. A. E. Burke, Alber-

The business left unfinished at the last meeting, May 6th, was disposed The report of the secretary, coverthe period to October 31st, was The reports showed the finances in a healthy condition, surplus over all liabilities, \$207,853. The membership shows a satisfactory increase, it being general throughout the whole jurisdiction. The sick benefit fund, which came into operation in June, is making satisfactory progress. A large number of communications from various branches of the association, dealing with routine matters, were disposed of. The auditors' report was discussed and ordered to be published in the official organ. The work of the Tokio correspondent says that a great | different organizers was discussed and it was decided to appoint an additional organizer for Ontario, the territory to be covered being so extensive

EXPATRIATED AMERICAN

Home is Mystery of Whole Countryside.

London, Nov. 8 .- William Waldorf Astor's immense work at Hever castle, Anne Boleyn's historic home in Kent, has grown to be the wonder and mystery of the whole countryside. For three years he has constantly employed from 1,000 to 3,000 men carrying out a scheme which includes not only restoration of the castle but laying out a Tudor village on the

The castle is being restored inside, as well as out, in exact reproduction of a royal palace of the Tudor period. the furniture and decorations, provided according to Mr. Astor's own plans, are taken from the best thorities and the best extant examples of the period, and everything is conscientiously and laboriously furnished down to the minutest detail, by the skilled craftsmen, Fnglish, French, German, and Italian, that it is possible to gather together.

The workmen are all paid exception-'al wages and are sworn to secrecy Campbell for \$25,000 damages against while, pending the building, high palings and a heavy stone wall shut off the public view. In addition to these precautions watchmen patrol grounds day and night and any traying inside is unceremoniously hustled out and occasionally moned for trespass.

Turkeys Were Stolen. Westbrook, Nov. 8.-Hallowe'en off with the usual tricks by the boys and girls. No serious damage was done. A number from here attended quarterly meeting at Cataraqui on Sunday. Miss Caton, Wilton, is the guest of Mrs. J. L. F. Sproule. Miss Sarah Bowen intends spending some time with friends at Lansdowne. Willie Howie, who was injured by being kicked by a horse, is able to be around again. On Sunday day, two political workers receiving night a number of fine turkeys were stolen from the premises of D. Shee han and on Tuesday night a quantity of grain from Mr. Ewing. Miss Ethel Sproule gave a tea in honor of he guest, Miss Hazlett, Kingston. Mrs. Pomeroy and son, Port Hope, visiting at John Saundercook's.
