## FIRE TOWN

## Sailors And Soldiers Have Mutinied.

## THE CAUSE FOR IT

## JAIL BIRDS SENT TO CROONSTADT SEIZED SHIP.

Hundreds of Roubles Paid to Get Rich People Away—Thousands Joined the Mutineers—The Cause for it Given to London Papers—Count Witte is Prostrated.

St. Petersburg, Nov. 10.—The sailors and soldiers, at Cronstadt, have mutinied and set fire to the greater part of the town. While only a few details can be verified, it is certain that the situation has become serious. Gen. Treppoff's last official act, as chief of police, was to collect 150 sailors from various St. Petersburg jails and send them, under arrest, to the naval authorities at Cronstadt. The sailors were loaded on a steamer which started for the fortress. On the way the sailors overpowered the crew and took control of the boat which arrived at Cronstadt flying a red flag. The mutiny of revolution was seen from shore, and a mass of soldiers and sailors assembled to welcome the mutineers. Two hours later the town and fortress were entirely in their possession.

One account states that the men of eleven warships mutinied and landed. They held the town for twenty-four hours, terrorizing the people, looting and firing at random. The inhabitants crowded aboard steamers in the harbor abandoning their homes to the plunderers. Some wealthy residents and the wives of officers, paid hundreds of roubles to be landed at Cronstadt, and fled to the city.

Regiments of Uhlans were sent from St. Petersburg to help in quelling the disorders. The first members of the regiment who landed were bayoneted and the rest of the regiment joined the mutineers. Some other soldiers also joined them, making a total of 5,000 mutinous troops. What part the civilian workers took in the rising is not clear, but apparently great numbers joined the mutineers. The fighting seems to have been the latter and the loyal troops. Ten unpopular officers are among the killed. The total number of casualties cannot be estimated.

## Cause Of The Trouble.

London, Nov. 10.—The Times' St. Petersburg correspondent, at Cronstadt, ascribes the outbreak to the refusal of the demands presented three days ago for a reduction of pay from seven to five years, pay of \$2 a month, proper food and clothing, permission to attend meetings and better treatment by the officers. The Winter Palace, the correspondent adds, is being further fortified, and the czar's arrival at the neighborhood of Cronstadt is unsafe.

Count DeWitte is suffering from nervous prostration. A Cronstadt dispatch to the Times, last night, says that the troops and the loyal sailors apparently had, then, the upper hand. Fighting had ceased in the streets and the town was quiet, but fears were expressed that there might be further trouble. Last night patrols were engaged in hunting down and capturing the mutineers. The lowest estimates place the number of dead, as the result of yesterday's fighting, at fifty.

Several regiments, with eight machine guns, from St. Petersburg, and Opianibum, were landed yesterday.

## AWFUL FATE

Of Missionaries at Hands of Chinese Mob.

Hong Kong, Nov. 10.—Dr. Macle, American missionary who escaped the massacre at Liengchow, confirming the previous accounts of the outbreak, adds horrifying detail of the atrocities committed on the American women. The mob seized Miss Chestnut and Mrs. Macle and exposed them to public view in the Chinese temple.

Any Macle, a year-old child, was carried off and flung alive into the river. The rioters stripped Miss Chestnut naked and flung her into the river. While the two were struggling in the water three Chinamen speared them with tridents. Miss Chestnut's body and Mrs. Macle's head were pierced.

Mrs. Macle appealed to the rioters but they stoned her blind out, stripped the body, and flung it into the river. The mob then captured Mr. and Mrs. Peale, stripped them naked, and exposed them for fifteen minutes.

Mr. Peale, who is dead in his wife's presence, and subsequently killed. Mr. Peale in the same brutal fashion.

## Tried To Rob Exhibit.

London, Nov. 10.—According to a Belgian newspaper, there was an attempt some days ago to rob the Canadian exhibition at Liege. A French Canadian named Hector Robert, for some time resident in France, and also an interpreter at Liege, approached an employee of the Canadian pavilion, and proposed that gold nuggets representing a value of 100,000 francs should be abstracted. The employee agreed, but communicated with the police. A trap was laid, and Hector Robert was caught in the act.

Mr. Crosby, social reformer of New York, will deliver a free lecture, before Queen's Philosophical Society, in Convocation Hall, at 8 p.m., Saturday, on "Tolstoi."

## Showing Tars About.

## Visiting British Squadron Well Received.

New York, Nov. 10.—Probably never before was this city so full of blue-jackets as now and in some parts of the city, particularly on the Bowery, they are as thick as mosquitoes on Staten Island. There are at present over 8,000 blue-jackets of the American and British navy in this district, and most of them are on shore leave during the visit of the British squadron. The most cordial relations are existing between the officers and men of the two navies, and it is not an uncommon sight to see American and British sailors strolling through the streets arm in arm, talking in the sights and making determined efforts to impart a rosate hue to things in general. The visitors are well taken care of and seen to enjoy themselves immensely.

Prince Louis of Battenberg rested this morning and at noon went to Governor's Island, accompanied by his officers, to be the guest of General Lord, commanding the island. After luncheon a reception by Admiral Coghlan, at the dragon navy yard, will be given in honor of the prince, and in the evening he will be the guest of honor at the Navy Alumni dinner. The minor officers will be entertained with dinners, theatre parties and sight-seeing trips in automobiles.

## LIBERALS WIN.

Winnipeg, Nov. 10.—The elections in Alberta, yesterday, resulted in the liberals carrying sixteen out of the twenty-five seats, the conservatives carrying three, and six being still in doubt. All the ministers, with one possible exception, are elected, while the liberal, and conservative leader, is defeated.

## A BIG SWEEP

Was the Liberal Victory in Alberta Province.

Winnipeg, Nov. 10.—The latest returns from Alberta election show the returns of eighteen liberals, three conservatives, one independent, and three seats in doubt.

Liberals—Adams, Banff, Calgary, Cardston, Edmonton, Gleichen, Lethbridge, Macleod, Peace River, St. Albert, Stoney Plain, Sturgeon, Strathcona, Vermilion, Victoria, Wetaskiwin, Medicine Hat.

Conservatives—Rosebud, Red Deer, High River.

Independents—Pincher Creek.

In Penoka, Jackson, conservative, is leading by sixty-seven, with several polls to hear from.

The Liberal contest is very close, the liberal leading by one. The seat is in doubt.

In Lacombe, latest returns give the liberal fourteen majority. Both sides claim the seat.

## CHINA'S EMPEROR.

Is in Prison and Acts Like a Madman.

Victoria, B.C., Nov. 10.—Advice from Peking published by Japanese vernacular papers received by the steamer Empress states that when the emperor dowager of China returned from her summer palace because of the bomb outrage at Peking she summoned the emperor and asked what he knew of the outrage, whereupon the emperor showed much confusion.

A signal from the empress a party of guards appeared and led the emperor to a hall, where he has been since confined, no one having access to him, his food being thrust in through a window.

The Hoch Shimbun says the emperor or raises shrieks like those of a lunatic.

## Factories Leaving Chicago.

Chicago, Ill., Nov. 10.—The uncertain labor conditions caused by the reckless tactics of labor agitators in this city, have forced several large manufacturing concerns to leave Chicago for good. The All-Chalmers company, one of the largest machine-manufacturers in the country, has decided to close its Chicago mills and transfer them to West Allis, Wis. There the company is building a \$3,000,000 plant that would have been constructed in Chicago, had it not been for the constant interference by the unions. The West Allis plant will furnish work for five thousand men. This company is only one of a score of firms which have withdrawn from Chicago for the same reason. Among these concerns are the Cribben & Saxton Stove Manufacturing company, with 1,000 employees, and Brunswick Ball-Cutter company, with 800 employees, the Bates Machine company, with 600 employees, the Kabo Corset company, with 500, and the P. P. Bassett Printing company, with 300 employees.

## New Donation To College.

New York, Nov. 10.—Within a few days the Ancient Order of Hibernians will confer upon Trinity College, the Roman Catholic University in Washington, D.C. the sum of \$10,000 to establish a chair for the higher education of women members of the order. This will be the second donation made by the Hibernians to the Catholic institution in Washington. The first was made about twelve years ago, when the Ancient Order of Hibernians established a chair for the propagation of the Irish language and literature at a cost of \$50,000. The donation about to be made will be the first ever made for the special benefit of women.

## WAS A HERO

## He Saved Himself And His Mate.

## A THRILLING STORY

## COMES TO HAND FROM A LOGGING CAMP.

Dragged Recklessly and Bravely and Tore the Living Flesh Off as a Man—Would Peel a Stocking—Lay Days Before Help Came to Hand.

Vancouver, B.C., Nov. 10.—To save his partner and himself a Swedish logger named Larsen, who, with a countryman named Lundren, was pined between two logs, dragged recklessly and bravely on his imprisoned foot that he actually tore the heel and sole off it, ripping the living flesh back to the ball of the foot as a man might peel a sock off.

Binding his heel and sole to the foot, and reeking nothing of the pain of using it, Larsen exerted a hand-spike, and after great exertion, freed his partner by drawing the upper log back and rolling Lundren out of harm's way. The right leg of the latter trailed limply after him as he rose from the ground. It was hanging on by mere pulp of bloody flesh.

The two men met their accident on a side hill 800 feet above the water of Vancouver Bay, Jervis Inlet. They had sawed through a big log and had left it above them while they went to cut another some feet below. Suddenly the huge stick rolled down upon them and they were caught between the two. Lundren's leg was at once smashed to a jelly below the knee, while one of Larsen's feet was caught. But for the latter's splendid heroism and for the other's fortitude the hillside would have been the grave of both. Rescue was impossible on the isolated mountain, but young Larsen was a giant in size, strength and courage and he saved both.

It was an awful task getting down the hill to the water, even after both were free from the logs. Cripped as he was, Larsen could not carry his partner down, so he had to roll and drag him all the way. Then, for three nights, they had to stay beside the log until a tug happened to call in, saw their signal, and distress, and brought them here, where they were put in the hospital. Larsen's torn foot was saved, but the other's leg had to be amputated.

## Said to Have Planned a Great Massacre.

St. Petersburg, Nov. 10.—Stories are being industriously circulated that a regular St. Bartholomew massacre of the Jews and intellectuals has been planned by the "Black Hundred" of St. Petersburg, for Saturday night, it is declared that all houses containing Jews are being marked by a red cross. While it is undoubtedly true that the lower classes would like to be loose, no real danger is anticipated, as the police have received the most rigid instructions to suppress any attempt at an uprising.

Count Witte has ordered a thorough investigation of all the Jewish massacres and other disorders in the interior and he is determined to have all the offenders removed and punished.

## A WEALTHY MAN

## Drank Hard and Fell Down and Died.

Fergus, Ont., Nov. 10.—David Creighton, a prosperous farmer of Upper Nichol, who lived on the Owen Sound road, a few miles above Fergus, was found dead here, this morning, near Morrow's Hotel. He had not been home for a few days, and said to have been drinking. He evidently had fallen and, being over sixty years of age, and a large and heavy man, probably fractured his skull and died from the effects. An inquest will be held. Mr. Creighton's wife died two years ago, leaving a baby and two other small children. Mr. Creighton is said to have been very wealthy.

## A VALUABLE RELIC.

## Telling When Soap Was High and Scarce.

Ottawa, Nov. 10.—A letter written 200 years ago is the unique possession of Harry Alward, of the railway department. It was sent from Windsor, Nova Scotia, to Westmoreland, in August, 1785, and addressed to Hugh Macdonald, one of Alward's great-grandfathers. There were no mails in those days, letters being forwarded by people who happened to be making a trip from one place to another. The writer was evidently a storekeeper. In one part of the letter he states: "Soap is now selling at nine pence, and is a very rare article hereabouts."

## BOGUS BILLS.

## And All Traced Back to Notorious House.

Ottawa, Nov. 10.—The Hull and Ottawa police are on the alert for a well-dressed, young man who is believed to be responsible for a number of one-dollar bogus bills in circulation. He is believed to have made a notorious house the centre of distribution as most of the men who had then traced the bills to the house in question on the Aylmer Road.

## Released The Dock.

Quebec, Nov. 10.—The Bavarian lies in about the same position as on Tuesday, and navigators who passed her, yesterday, do not hold optimistic views with regard to floating her. The graving dock was engaged to receive the damaged vessel when it was brought up here, but, yesterday, it is said the Messrs. Allan telegraphed Ottawa, releasing the dock.
