WILL REMAIN GERMAN

o Withdrawal of Troops From Territory Considered. Berlin, Nov. 14.-The foreign office says the dispatch of the London Daily Telegraph from Tokio, saying that an greement has been concluded between the German governor of Kiaochau and the Chinese governor of the province

of Shantung under which Kiaochau will be evacuated in January, and Kaomi in six months, is a mixture of truth and error. The facts are that Emperor William at the time when he proposed to the empress regent of China the with drawal of the foreign troops from the province of Chili, except the legion

guards, also proposed, on his own initiative to evacuate Kaomi and the town of Kiaochau. Both places are outside of Germany's sphere under the lease contract. They were temporarily occupied a the time of the Boxer movement as precautionary measure and their occupation was never meant to be per-

manent. The measure is in no sense due to the Japanese pressure. No question of the withdrawal the German forces from the Kiaochau Birkett, at "St. Lawrence Cottage. territory exists. The treaty by which Germany leased the Kiaochau district remains in force and unimpaired.

American Disease

Indigestion is Responsible for More Sickness in America Than Any Other Disease.

Some doctors go so far as to that indigestion is the national disease of America. Repeated attacks inflame the lining of the stomach and cause the glands to secrete mucus instead of the juices of natural diges tion. Consequently the blood is poisoned, nerve force is reduced, the vita lity of the entire system is weakened There is but one national remedy for indigestion, and that remedy is Dr Hamilton's Pills, which are used by thousands with marvellous success. Br. Hamilton's Pills accelerate the action of the gastric glands and give tone to the digestive organs. They strengthen the kidneys and Wver, wanse and purify the blood, and thus add general tone to every organ for the body. Flesh and strength are fast restored and the patient can eat and digest any food he pleases.

Under the vitalizing effect of Hamilton's Pills your system will scon. more you'll enjoy the blessings of health. Test Dr. Hamilton's Pills yourself. 25c. per box or five boxes for \$1.

ACTOR-AUTHOR TROUBLES.

Arrested When Getting Material.

"His Last Dollar", is the joint work of David Higgins and Dr. Baldwin G. Cooke. Dr. Cooke is a very busy practising physician in New York, and the major part of the joint work of the doctor and actor was done on Sunday. In the original form of the play there was a scene showing a pool room, showing a room for the sale of racing pools, and the authors desired to secure some local coloring. Now, it is very much against the law to conduct a poolroom in New York at the present day, although in the early eighties during which time the action of the play occurs, things were wide open in the metropolis, "But, law or no law," said Higgins, "we've got to doctor and Higgins visited a poolroom, Higgins was busy with a notebook; which he was filling with good material, when down came the police. Despite their protests and attempted explanation, Mr. Higgins and his worthy collaborator were bundled into a "hurry-up waggon," and later were arraigned before Magistrate. lighe, "What have you to say for yourself?" inquired the justice of Mr Higgins, when the very much upset actor-author was thrust before the bar by a not over-polite policeman. "Why," said Mr. Higgins, "we were not there to gamble, your honor, but

I was taking a few notes, which next Sunday the doctor"-and here he was interrupted by the justice with: "Oh! the doctor! Going to preach In appeal court judgment was given on the sin of gambling, hey?" "Well, ye-s-s," said Higgins, a loop-

> "Humph!" grumbled the justice. "These preachers want the real thing nowadays, just as they do on the stage. Discharged."

A SUDDEN CALL.

Chicago is Dead at
