MORE HOPE

Regarding The Russian Situation Expressed.

IF THIS CONTINUES CABINET MAY GET TIME TO START REFORMS.

Newspapers Will Be Published Again To-Day—Witte Said to Contemplate Wholesale Proscription of Striking Workmen.

London, Nov. 21.—The St. Petersburg correspondent of the Times, after remarking the improvement of the situation, adds: If however, as I am informed, Count Witte contemplates the wholesale proscription of workmen, who participated in the recent strikes, there may be a recurrence of the labor crisis. Three thousand men have already been dismissed from the Baltic works alone. The correspondent reports an alarming spread of agrarian outrages, which has caused the extension of martial law to the provinces of Penza and Kursk, in addition to those in which it has been proclaimed.

Things Generally Better. St. Petersburg, Nov. 21.—The general betterment of the situation promises, so far as concerns the cabinet, to continue long enough to enable the cabinet to realize the liberties promulgated by the czar's manifesto. It is believed that the Zemstvo congress, which continues in session at Moscow will stimulate the appearance and support the government in peacefully developing the reforms. With the collapse of the strike, and the resumption of work in the capital, normal conditions have replaced the anxiety that prevailed recently. The shops were opened yesterday, and the streets presented their usual appearance. The Bourgeois reflected the improved outlook, securities rising considerably. The newspapers will reappear again today. The public feeling of uncertainty, however, has abated but little. It is realized that a new strike will be declared on the first plausible excuse. The news from the provinces is more hopeful, although it is likely it will be some time before confidence is restored.

Foreigners and Russians are still hurrying abroad. The extremists profess that they are organizing a new, to be a completely universal strike to begin in January. Papers Out Again. St. Petersburg, Nov. 21.—The newspapers, which were again suspended today, after a five days' suspension on account of the strike. The tone of the papers is much more moderate than before the recent strike and most of the articles show there is reaction against former revolutionary sentiments.

INTERNATIONAL PHASE. Secretary of State Asked to Explain Tragedy. Jackson, Miss., Nov. 21.—The killing of a negro in a court at Gulfport a few days ago has taken on an international phase. Secretary of State J. W. Power, today, received a letter from H. G. Hunt, British consul at New Orleans, asking for a full investigation. The negro was a sailor from the British barque Hornet King at Gulfport, and was arrested on a misdemeanor charge. After his conviction in the justice's court room at Gulfport a controversy arose with Constable Gause, and the negro was instantly killed. The officer was exonerated, but the secretary of state has turned over the letter from the British consul to Governor Vardaman.

LOVE LONG DENIED Declares Wealthy Iowan Promised to Wed Her. Ottumwa, Iowa, Nov. 21.—George Steever, a wealthy farmer of Jefferson county, is defendant in a \$75,000 damage suit for breach of promise brought by Miss Lydia Albright of San Francisco. Miss Albright alleges that in February, 1881, when she was employed as servant in Steever's home, the defendant promised to marry her, and that he has renewed his promises several times since. She also alleges he is the father of her daughter, seven years old, and that about a year ago Steever and his brother John agreed to pay her \$25,000 if she would not bring suit. Miss Albright is forty-six years old, and Steever is sixty years old.

A NEW SERVICE. Proposed Between Windsor and Detroit. Windsor, Ont., Nov. 21.—R. H. Bechval, Detroit, representing Detroit capital, applied to the city council last night, for dock privileges for a new ferry line between Windsor and Detroit, which is expected will be put in operation next spring. Application will be made to both the Dominion and Ontario governments for a license. The promoters believe that there is business enough between the cities to warrant an opposition line to Detroit, Belle Isle and Windsor Ferry company, which gives a ten-minute service from either side all day.

Joseph Sullivan, Hamilton, was killed, and several were injured by the falling of a steel girder in the Hamilton Bridge company's steel warehouse, in course of construction.

MILITARY TRAINING.

Proposed Conference of Ministers of Education. Ottawa, Nov. 21.—The ministers of education for the various provinces will be invited, within a very short time, to come to Ottawa and discuss the introduction of some sort of system of military instruction for the schools. Since Sir Frederick Borden announced his intention of encouraging military training in the schools, intimations have been received endorsing the suggestion. It would not do to ask the provinces to attend a conference unless the government had a scheme for discussion. One is now being formulated by the militia council, though nothing has yet been decided upon. It is probable that the ministers will be asked at the coming session to sanction the formation of the permanent corps of military instructors for the schools. The instruction given is not likely to go beyond simple drills, setting up exercises and in some cases target practice.

A return compiled by the immigration department, shows that during October the arrivals from the United States were 3,942, an increase of 752, and the arrivals at ocean ports, 5,346, a decrease of 2,362. This was a falling off of 314.44 the British immigration. The total entries for the month in 1905 were 10,788.

WILL PROVE IT. Montreal, Nov. 21.—Senator Donville announces that at the next session of parliament he will formally demand a thorough parliamentary investigation into Canadian insurance matters.

PITH OF THE NEWS. The Very Latest Culled From All Over The World. Sir Wilfrid Laurier was sixty-four years of age on Monday. At a meeting in Montreal \$2,000 was subscribed for the relief of the Jews in Russia.

The coal steamer Turbine was wrecked off Cape Sable and about a dozen of her crew were drowned. Fire destroyed half a block of buildings in Birmingham, Ala., causing an estimated loss of \$150,000. Hon. Frank Oliver has gone to the west. He will not likely return until after the elections in Saskatchewan.

The whole situation as between Balfour and Chamberlain was transformed by the proceedings on the annual conference of the Tory caucus. The caucus, with but two dissenting votes out of 1,200 delegates, adopted a resolution favoring Chamberlain's extreme protectionist policy. Balfour ignored this resolution and again advocated his own vague, indefinite fiscal policy of retaliation.

Chamberlain, therefore, controls the machine, while Balfour, as far as can be seen, has no following beyond a few personal friends, for he has estranged his protectionist followers without conciliating the free traders. It is no wonder that Chamberlain expresses satisfaction with Balfour's speech, but at the same time informs him he must dissolve parliament not later than February 15th.

The Balfour, it is conceded, will have an overwhelming majority, but will have to contend with the promised combination between the labor and Irish parties, which will play a big part in the next parliament. New Irish Scheme. Liverpool, Nov. 21.—The Post says that it has been informed that Sir Anthony Macdonnell, under-secretary for Ireland, has framed a new scheme for Irish affairs. Although the plan stops short of home rule, it hands the government of Ireland over to the Irish to a great extent.

MAKING IT PAY. Municipal Ownership Very Profitable in Brockville. Brockville, Ont., Nov. 21.—The report of the commissioners of the municipal light and power department for the year ending September 30th, just issued, shows an exceedingly satisfactory condition of affairs. The gas revenue was \$25,257.96 and the receipts from electric current, \$105,707.10, against \$18,145.32 and \$12,445.06 respectively in 1904. The net profit was \$10,000. The most important item of the report is the fact that the gas revenue was \$25,257.96 and the receipts from electric current, \$105,707.10, against \$18,145.32 and \$12,445.06 respectively in 1904. The net profit was \$10,000.

MUST COME DOWN. The Powers Will Likely Seize Several Ports. London, Nov. 21.—The Standard says it learns that in the event of the sultan of Turkey not complying with the demand of the powers, regarding the seizure of the Dardanelles, the powers will likely seize the customs at Mytilene. If this is a not effective in bringing sultan to terms, Lemnos will be occupied and the Dardanelles blockaded. The paper adds that it believes great Emperor William's reply to the sultan's request that he intervene on Turkey's behalf, was an emphatic admonition to accept the final note of the powers.

2,000,000 Children Get Wages. New York, Nov. 21.—Atlanta, Ga., has been chosen as the national child labor quarters of the national child labor committee. Charlotte, N.C., has been the southern headquarters of this committee up to the present time. The new office will be in charge of Dr. A. McKelvey, assistant secretary of the national committee. In their report the trustees say: "At least two million children under sixteen years of age in the United States are employed for wages, most of whom ought to be in school. Child labor laws lack uniformity in different states, and many of them are only crude beginnings. Legislation, nearly all are poorly enforced."

St. Paul Poor Get \$1,000,000. St. Paul, Minn., Nov. 21.—The probate court today upheld the will of Mrs. Fannie S. Widley and her daughter, Mrs. Corneil Day Appleby, who left a \$1,000,000 trust fund for the benefit of the worthy poor of St. Paul. The wills were contested by Dr. T. E. W. Appleby, husband of Mrs. Corneil Day Appleby, who attempted to obtain control of the Widley homestead and \$5,000 annually for its maintenance, in addition to \$10,000 annually allowed with his wife. The judgment of the court turns the homestead over to the trustees. An appeal will be taken.

Book Tells Court Scandal. Vienna, Nov. 21.—Another echo of the Saxon court scandal comes in the shape of a book entitled "The Confessions of a Princess," describing with extraordinary wealth of detail in daily form the life of the crown-princess of Saxony before her elopement. All the personages are dealt with under transparent pseudonyms. The crown-princess having nothing to gain by such a publication and everything to lose, it is suspected to be an apocryphal work compiled to kill all sympathy for the Princess in Saxony.

PLANS A COUP

May Secure Control By Dissolving Parliament.

PREMIER'S SCHEME AS TO THE NEXT HOUSE OF PARLIAMENT.

By Calling Election Before New Franchise Goes Into Effect, Tories May Increase Their Power. London, Nov. 21.—Political parties are living in daily expectation of a proclamation dissolving parliament. The register of parliamentary votes is made up here annually, and the new register comes into operation on January 1st.

If Balfour dissolves parliament at once, in order, if possible, to have the general election over before Christmas, the voting would take place on the expiring register and substantially benefit his party, which includes the great bulk of the fixed and well-to-do class, whereas the liberals draw their strength to a greater extent from the working classes, who move around with their work, and whose franchise in their new constituencies will not come into operation until the new year. It is estimated that the Tories would retain twenty seats if the election were held now since they would surely lose if deferred till spring.

The whole situation as between Balfour and Chamberlain was transformed by the proceedings on the annual conference of the Tory caucus. The caucus, with but two dissenting votes out of 1,200 delegates, adopted a resolution favoring Chamberlain's extreme protectionist policy. Balfour ignored this resolution and again advocated his own vague, indefinite fiscal policy of retaliation.

Chamberlain, therefore, controls the machine, while Balfour, as far as can be seen, has no following beyond a few personal friends, for he has estranged his protectionist followers without conciliating the free traders. It is no wonder that Chamberlain expresses satisfaction with Balfour's speech, but at the same time informs him he must dissolve parliament not later than February 15th.

The Balfour, it is conceded, will have an overwhelming majority, but will have to contend with the promised combination between the labor and Irish parties, which will play a big part in the next parliament. New Irish Scheme. Liverpool, Nov. 21.—The Post says that it has been informed that Sir Anthony Macdonnell, under-secretary for Ireland, has framed a new scheme for Irish affairs. Although the plan stops short of home rule, it hands the government of Ireland over to the Irish to a great extent.

All the personages are dealt with under transparent pseudonyms. The crown-princess having nothing to gain by such a publication and everything to lose, it is suspected to be an apocryphal work compiled to kill all sympathy for the Princess in Saxony.

YEAR'S SUCCESSION DUES

Exceed Estimates By More Than \$50,000. Toronto, Nov. 21.—The estate of Alexander Lumsden, Ottawa, ex-M.P., and lumberman, has paid in succession duties, \$42,290. This is in full settlement. Hon. Mr. Matheson pointed out this morning, that his estimate, last session, that the succession duties, this year, would amount to \$450,000, had already been exceeded by \$50,000, not counting the receipts from the Gooderham and Fulford estates.

Col. Matheson also stated that the revenue from all ordinary sources, had been in excess of last year. One of the items which shows an increase is the revenue from public institutions. Last year the province got \$6,000, as its share of the Chinese poll tax, but there is nothing coming from that source this year. There is an increase in the supplementary revenue. Col. Matheson said that he hoped to be able to show a surplus when he presented his budget.

ALL PERISHED. The Loss of a Steamer Off Yarmouth, N.S. Halifax, N.S., Nov. 21.—The Norwegian steamer, which left Sydney, C. B., Wednesday, coal laden for Yarmouth, struck on Black Ledge, near Mud Island, Yarmouth, on Friday afternoon, during a heavy gale and sank in ten minutes, and her crew of fourteen or sixteen men are believed to have perished. The news of the Turbine's loss was brought to Clark's Harbor by the coast steamer Edna R. The Turbine was commanded by Captain Knudsen and the crew was composed exclusively of Norwegians.

THINK HE WAS DROWNED. A Young Man is Missing at St. John's, Que. St. John's, Que., Nov. 21.—Hector Broseau, eighteen years of age, son of Dr. S. H. Broseau, clerk in John Donaghy's coal and wood office, has been missing since last evening. He went to the coal shed to assist one of the men who left him there with a request to close the shed, since which time he has not been seen. A hard hat, such as was worn by the missing young man has just been found in the river and it is feared that the body of the wharf and accidentally fell in the river and was drowned.

Says He Did Not Do It. Barrie, Ont., Nov. 21.—Alfred E. Carscadden, who has been running a restaurant and hotel here for the last year, was arrested, this morning, charged with setting a fire which broke out in his shop at 2 a.m. today. The stage is in the Queen's hotel block and very fortunately the fire was discovered before it had gone very far. Carscadden being arraigned this morning, pleaded not guilty and will be tried by a jury.

Broke Law To See Child. Guelph, Ont., Nov. 21.—Some days ago the police received word that a Mrs. Helmer had broken quarantine at Detroit, and was heading for Guelph. The woman evaded the authorities, by the home of her mother, Mrs. Billings, on the Eramosa Road, about four miles out, where her child of four years died a couple of hours after her arrival from virulent diphtheria. The mother and the house have been placed under quarantine.

Formed A Hockey League. Amherstburg, Ont., Nov. 21.—Representatives of hockey clubs from Detroit, Tilbury, Essex and Amherstburg met here last night, and organized an association to be known as the Border Hockey Association. Officers were elected: W. S. Falls, Amherstburg, president; F. S. McBeth, Detroit, vice-president; E. R. Bromberg, Tilbury, secretary-treasurer. It was decided to play one game each week during January and February.

Will Be No Blockade. Winnipeg, Nov. 21.—A Fort William despatch says notwithstanding the apparent scarcity of grain tonnage, there is now in the elevators, at Fort William and Port Arthur, less than 7,000,000 bushels of wheat. The capacity of the elevators is over 7,000,000 bushels so that there is no longer any fear of a blockade at the close of navigation.

A Plot Suspended. Quebec, Nov. 21.—In the case of the stranded steamer Bavarian Chief Justice Routhier rendered judgment, this morning, suspending Pilot Lachance, until July, 1907. Lawyer Taschereau's objection to the formation of the court was not sustained.

Died on the Hospital. Toronto, Nov. 21.—J. W. Hendrie, son of William Hendrie, Hamilton, died at Grace hospital, this morning. He was forty-six years of age.

Arrival of Vessels. Cape Race, Nfld., Nov. 21.—S. S. Lake Michigan, C.P.R., line from Liverpool for Montreal, inward, yesterday.

Mr. Hunt, the liberal member of Compton, Que., who defeated R. H. Pope at the general election, will resign, owing to irregularities. Emil Schneider, a Canadian, died at Rochester, of a street car accident.

NOTICE. ANY FURTHER CLAIMS AGAINST the late D. G. Grimshaw are requested to be presented in writing before 28th November, 1905, to the undersigned, who will not be responsible for any claims after that date. W. S. GRIMSHAW.

LOST. A BLACK BEAR ROBE, SATURDAY on Market Square. Finder please return to F. C. Freeman, 416 Albert Street.

Received The Cheque. To-day G. Y. Chown, treasurer of Queen's University, received a cheque for \$5,000 from Rev. Dr. Wardlaw, Toronto, for the endowment fund of the institution. One hundred and twenty-eight persons were lost in the wreck of the steamship Hilda, off St. Malo.

WEATHER PROBABILITIES.
