Since Mr. Goldmark was here last year he has travelled more than 20,000 miles giving his musical lectures. It may interest Kingstonians to know that the lecture he gave last night, on "Lohengrin" was prepared specially for presentation to our musical club, at the request of its president, and was given for the first time here. Our club stands first in the line of women's musical clubs, who have the privilege of listening to Mr. Goldmark.

ASK FOR EXEMPTION FROM TAXATION FOR TWENTY YEARS.

Locomotive Works Will Be Enlarged if People Pass Exemption By-Law—The Matter Before the Civic Finance Committee.

Exemption from taxation for twenty years is granted by the people the Locomotive works will be extended. A communication from Hon. William Hart, president of the company, to that effect was read at the city council meeting last evening. It was as follows:

"If you are prepared to submit a by-law to the ratepayers to exempt our company from taxation for a period of twenty years, in consideration of our enlarging our works and increasing the number of men already employed, and will refer the matter to a committee we are prepared to meet them and discuss a proposition along these lines. If the matter is to go to the people we would suggest that it would be advisable, if possible, to have it submitted to them at the January municipal elections, and for this reason think it would be well, if you are prepared to favorably consider this question, to take immediate action on it, William Hart, president."

Mr. Hart was asked this morning for particulars of the proposed extension, but replied that he could not say anything until after he met the civic finance committee. To that committee the company would explain its proposition. If a by-law was submitted, and the people voted in its favor for exemption the works would be extended to Kingston would be benefited. At present, nothing definite could be said till the city would decide what it would do.

At present there are between 500 and 600 men employed in the Locomotive works, and sixty engines a year are turned out. The company owns much property in the vicinity of the works and so far as space is concerned, extension would be comparatively easy. There are other things involved, however.

MERCHANTS SPEAK.

Cut Out Market Tolls And Have Free Sale.

A largely attended meeting of the Retail Merchants Association was held last evening, in the Y.M.C.A. Edward Stacy was chairman. It was recommended that the council abolish the market tolls. It was also thought best that, later, the forestalling by-law, forbidding merchants to purchase on the market before ten o'clock should be abolished.

The matter of peddlers' licenses was taken up. It seems, here, one can be obtained for \$1, whereas in other cities there is a fixed rate. It was thought a higher rate should be charged here. Re the grocers-inland revenue affair, the former have not yet decided what to do, and will await developments. The local association will write to the Toronto retail merchants as what is best to do.

The Late Mrs. John R. Smithers.

Elizabeth M. Thompson was born in Bath, Ont., August 25th, 1826, and died at her son's home near the Ed Weir, November 13th, 1905, in her eight-first year. In 1851 she was united in marriage with John R. Smithers and resided on the homestead where she passed the remainder of her life with the exception of a few years which she spent in the city of Ogdensburg, where she lived on Pickering street, and where her husband died. She was a consistent member of the Baptist church.

Christmas Magazines.

The demand for Christmas magazines and Christmas papers is greater this year than has ever been expected by the trade. The great cost of manufacture, requires orders to be limited. Special Christmas numbers are now arriving every day and copies must be secured at once as we will be unable to guarantee filling orders later. The great double Christmas number of Burr McIntosh Monthly is now ready. For sale at McDermott Bros., 260 Princess street, also at Randolph Hotel news stand.

Will It Be Called Here?

The tariff commission is holding sessions in various parts of Ontario, but no date is fixed for Kingston. This should be looked into by the board of trade. It is suggested that all Kingstonians who desire to make representations to the commission touching tariff rates and combine should notify the board that they wish to be heard and, as a result, it is quite probable the commission will be convened here.
