COMMERCIAL MATTERS.

hat Is Going On In the Business World-The Markets.

Canada produced fourteen and a haif-millions worth of coal in 1908. Montreal can now boast of having the largest flour mill in the British it is reported that the G.T.R. will spend a million bollars in elevating their tracks in London.

The American Radiator company is being held, to-day, at Osgoode Han, establishing a factory at Hull, Eng., behind closely-tyled doors. It is said costing half a million dollars, and will that at this meeting Sir Adolphe

Cur-building is becoming one of Nova Scotia's greatest industries, and the large works of the Rhodes Curry Company, Limited, at Amherst, are unable to keep pace with the orders which are coming from Canadian railways.

The large works of the Rhodes Curry Company, Limited, at Amherst, are unable to keep pace with the orders which are cern. One of these is from the mayor During the past year on the system of Orangeville, who says that the of the Montreal Street railway the best town, immediately, will foreclose a month was August, when they reached \$121,000, and the smallest February, a month of deep snows and heavy storms, when net carnings were only \$86,000.

The Cheese Markets. Woodstock, Nov. 22 .- 3,790 offered, 2,-745 colored and 1,075 white; bidding, Picton, Nov. 22.—Four factories boarded 417 colores; 360 sold at 11ic.

Rubin Goldmark's most interesting

lecture-recitals concluded on Wednessic, and sharacteristics determining tolssong. National songs of Italy, France, Spain, Scandinavia, Russia and other countries were given by number of local vocalists.

Mr. Goldmark touched first on rude chants of the early Christians by the Dutch, and the origin of opera among the Itafians, till it passed into reformation it has rested mainly with tions all the then known elements of music. Other great Germans followed. Of late Russia, Bohemia and France have been heard from, all, influenced

The basis of national music is the folk-song, the national expression of the peoples' character. The differing nature of the folk-songs of the various countries is strongly marked, the Italian being more artistic than those of any other nation, Spain has been influenced by Arabs and Moors, Germany and England are alfied in their folk-music, as are Scorland and Irecountries, shows strong love of beautiful scenery in the songs of its peo French more studied and piquante and Russian oppression and sadness speaks through their songs in a mine

A MECHANICAL STOKER

Invention Being Tried on Freight New York Central railroad officials

with a mechanical stoker which is tended to lessen the labors of firemen. The stoker is manufactured by western concern which is said to have polied the devices to many of Only one engine of

Central has been equipped with stoker thus far, but it has worked so successfully, railroad men say, that there is little doubt of the company both the passenger and freight service. Engine 5,865, a fast freight locomotive, in charge of Travelling Fireman William Carter, of Buffalo, and Road Foreman John W. Cool, Syracuse, has been equipped with the stoker and the outfit was in Roches

ter this morning. "The stoker has been in use in west for about three years," said a left yesterday for Campbellford. Ne£ York Central engineer, "and it The sloop Laura D. arrived certain it will be adopted by the work of the fireman and insures less they will reside in future. repair work to boilers."

the boiler bolts.

WOMAN BADLY BURNED.

Mrs. Goodrich Was Starting Fire With Coal Oil.

Portage la Prairie, Nov. 23.-A very serious accident occurred near Portage when Mrs. Goodrich, who resides with confidence the board had expressed in her husband at the Old Fort farm, southwest of the town, was terribly The board adjourned until the third and perhaps fatally burned. She was starting a fire with coal oil when it exploded, and immediately she was en veloped in flames. She was alone at the time, and rushed outside. Her hus band was not far away, and, after frantic efforts, the flames were over come, Mrs. Goodrich had her clothing burned, and was burned all over her to the Kingston election petition will body. Medical aid was summoned, and she was brought to the hospital. She when Justices Street and Teetzel will is in an awful condition, and slight decide whether they will continue the hopes are entertained for her recovery. trial of the protest on Monday next. Two small children were in the house

THE IMPERIAL TROOPS

To-Morrow By the Sail Kensington.

Halifax, N.S., Nov. 23,-The im perial troops who embark on the steamer Kensington, to-day, in readiness to sail for England to-morrow, will consist of two companies of artil fery, and about 200 from the Royal garrison. About 100 men of the lat ter corps will proceed from here later on to Bermuda, and go thence to

The Sultan's Action.

Constantinople, Nov. 23.-The sultan, to-day, issued an irade empowering the council of ministers to reject the demands of the powers for international control of the finances of Macedonia, Whether the rejection absolute or conditional, has not been definitely ascertained.

A Steamer Arrives.

Montreal, Nov. 23,-The Allan Line steamer Carthagenian, from Philadel phia, via St. John's, Nfld., for Glasgow, arrived at St. John's, Nfld., at 10 a.m., on the 23rd, and will sail thence on November 24th.

tremely difficult to dress becomingly, the immature figure of the growing company will be taken up by the cular bertha. This item is trimmed stockholders of this company shortly, with ruched ribbon in a darker tint, but a contest is promised in that a deep curate's tab being cut in the front so that the lace shows down skirt is of the double variety, two shaped circular flounces making its length. The fitting over the hips accomplished with dart-shaped tucks stitched on the outside, and each hem is plainly faished with machine stitch ing, although the ribbon ruches would add to the dressy appearance if tucks run on the inner seam to afford further fullness, and is caught into an upward flaring cuff at the elbow. Here a closely fitted cuff of lace, which extends to the hand, is joined, a dainty little Valenciennes frill making finish. This same item is peated on the lace collar.
