> PERSONAL. ELDER'S DRESSMAKING

As Christmas Gifts

Our Christmas stock is composed almost entirely of the celebrated "Perrin" make of Gloves, which every particular woman knows as the standard the world over. Every pair sold carries a full ? guarantee that if, when the gloves are tried, the material is found to be inferior, such gloves will be replaced free of charge. We have just the two qualities in all shades and sizes at

Do not think that the lower-priced gloves are so inferior that they should not be purchased. It is simply that the higher-priced gloves are made from a chosen stock, while the others are taken from a general stock in which some poorer material might be found, so the price is lowered on that account.

This year we are happy to be able to give away a very handsome box with each pair of gloves of either quality that is sold.

Also, any gentleman in doubt as to the size or shade desired in purchasing a gift, may receive a card entitling the bearer to her own choice of goods, which card will be valid until the last day of the year.

## A Quiet Cloak Tip

Out of the hubbub of the holiday trading comes a message from our Cloak Department. It tells in a few words, in a quiet way, that there is trouble there. Whether too many cloaks or too few customers, we have no time to reason. But the fact is, we are willing to take second-class prices for first-class cloaks for a few days at least, until we have more time to look into the matter.
