CARETAKER'S WORK AT CITY REGISTRY OFFICE DEFINED.

To Be Paid \$26 a Year Increase—Market Toll Abolition Question Left For Next Year's City Property Committee.

The city property committee met yesterday afternoon. In attendance were Aldermen Sears (chairman), McCann, Givens, Abbott, and Johnston. Regarding the application of W. S. Grant for increase in wages for taking care of the registry office, the city solicitor gave a written opinion that the city's agreement with Mr. Grant regarding his duties was what the committee had to consider, and not what the registrar desired, provided requirements of the agreement were thought to be reasonable for the keeping of the office in a clean condition. Chairman Sears thought that the city's agreement was sufficient, and that the office was kept clean. The committee decided on motion of Ald. Givens to make a new agreement with Mr. Grant, to the effect that the registry office be swept and dusted twice a week; floors scrubbed once a month; windows washed in April, July and November; and that the salary of the caretaker be increased from \$52 a year to \$78.

The clerk reported that no affidavit had been received from Mr. Donaldson regarding his market toll collections. On motion of Ald. Givens, the committee decided to leave the matter in abeyance. The market toll abolition question was also allowed to stand for consideration by next year's committee. The committee placed on record its appreciation of the work performed by the chairman during the year. The city property committee has received much criticism over the action it took on various matters during the year, but if it made mistakes, there is no one but will say a good word for Alderman Sears, who proved himself a most faithful chairman, and took a keen interest in all matters within the jurisdiction of the city property committee. If a few other aldermen would attend to city business with Ald. Sears' regularity, it would be better for Kingston.

LETTERS TO THE EDITOR. What is Needed for Improvement of Womankind.

Kingston, Dec. 13.—(To the Editor): With regard to your article on "Womankind," I think it is a very serious matter, and to care it must not go back to the origin of the race and find out why she was formed, and use our brains to bring the "law and the testimony" to its real, distressing, is it not, to read of the awful things women do as well as men? And is it not time that our prayer meetings were filled and our pastors' hands held up that the works of the evil spirit might be destroyed? Let each woman try to live so as to be an example to her sex and try to help the poor, ignorant, erring girls who not only disgrace themselves but the sex they belong to. There are many organizations for this purpose, and what they want is unity, less trifling, more thinking, in fact more of the Christ in them to lead them not to live to themselves, to do things every woman could do, and that is, to pray, mildly or alone on the first day of every month, at seven in the morning, noon, and seven in the evening, for the Holy Spirit. And the men? Well, seeing that man was first formed, then woman, do we not expect men to be leaders in all that is noble, true and good? The half, at least, of our daily paper should encourage us in all efforts to advance ourselves, and thus the world, in true patriotism which is goodness. One feels so disheartened when we read of evil rampant instead of cleanliness in heart and home and city.—A.C.M.

WILL PROTECT CHINESE. This is the Assurance of Police Magistrate.

"When the laws of our country allow Chinese to come in, they shall be protected as well as any other citizen. I will fine as heavily for throwing stones through a Chinaman's window as any other window on Princess street," said Magistrate Farrell, this morning, in police court, when fined Joseph Smith \$5, costs, and damages, in all amounting to \$10.

It seems that on Tuesday night the laundry establishment of Hong Lee, on Princess street, was the scene of a bombardment by Smith. He threw stones, breaking two windows and a jug (inside). Hong Lee laid complaint and the case was the lone attraction of this morning's court.

A TOWNSHIP DISPUTE Over the Payment of An Account.

County court occupied its attention all Wednesday with the case: Corporation of township of Pittsburg vs. John A. Wilnot; claim for \$108.05, appearing as a disbursement to Barrett Bros. in defendant's account of 1904, as treasurer for plaintiffs; alleged payment being repudiated by Barrett Bros., and the defendant being unable to give satisfactory explanation in support of the item. John McIntyre appeared for the defendant and J. D. Whiting and F. King for the plaintiffs. Barrett Bros., James Edward, and John and W. J. Rutnan were the witnesses for the plaintiffs. Evidence was to the effect that Barrett Bros. sent their "orders" for stone crushing done, to Councillor Rutnan, who presented them to council, but was not paid for them at the time, by a check from Barrett Bros., which was cashed by them, and the money then paid. In the course of business the check returned to the treasurer and he charged the township with both it and the order. The township contends that the account was paid by check. J. A. Wilnot gave evidence in his own behalf. He said he has been seven years treasurer of the township of Pittsburg at a salary for the past two years of \$100 and previously at \$80 a year. The office approached him, not he the office. Usually the councilmen give him "orders" and he takes off the amounts and adds them up. When they are paid he keeps the "orders," and enters them in a book. On August, 1904, he does not particularly recollect "orders" for \$29.55 to W. Toner for stone crushing, and \$138.50 to Barrett Bros. for same work. He knows the check, and he knows he paid the check. On August 15, he called out not to pass any more "orders," as he had paid out more than he already had in cash. At the bank in the morning he drew out \$400. Rutnan asked for the check book and said "we have to draw out another cheque for Barrett Bros." Rutnan called to sign check. Sometimes the "orders" are paid by the clerk. He paid the two amounts, \$29.55 and \$138.50. On September 12th, he went to the bank to get the check to show council that it had been paid. Later he met Barrett on the market and got from him a receipt for the check. The witnesses for the defence were Charles Helwa, clerk of the court, J. Kidduff, and J. W. Smith. The trial continued all this morning. In his charge to the jury Judge Price said in part: "Some member got the money from council that day or Mr. Wilnot has made a mistake. I believe Wilnot is an upright man, as are all the other members of the council. If he paid out money for which he had no 'order' from the council, he has done an improper thing. When Barrett gave the receipt it showed he must have received the cheque. You must show that he had authority to make these two payments, one charged when the order came in to the council and the other when the cheque came in. My own impression is that there was a mistake made. There remains \$168.05 which has been paid out without seemingly any order. I want the blame to stay among the council, where it belongs." The case went to the jury at one o'clock and court adjourned for an hour.

NO LIMIT TO FIBBING ON BEHALF OF ALDERMAN KING.

Regarding Subway—That Alderman Never Raised His Voice Against City Paying County \$100 Expenses Allowed By Committee.

There is no limit to the fibbing which is being indulged in by Ald. King's behalf, and with regard to the Grand Trunk subway. He is represented as a wary alderman, a man with an eager eye, and with a keen scent for what is irregular and improper. He is alleged to have detected something wrong in Ald. Mowat's connection with the case, and some litary pirate has dared to assert that he opposed the payment of the county's costs, which costs had been assessed against the city by the railway committee.

FOR BETTER TRAINING OF Inland Sailors—More About the Marine School.

It is due to the efforts of Hon. W. Hart that the department of marine has decided to attend a series of free lectures on seamanship and navigation illustrated by diagrams, during the months of January, February and March, 1906, in Kingston, to which all persons interested in navigation are cordially invited to attend. A room has been secured in the old collegiate institute building and the lectures will be given on two days or evenings of each week, ample notice of which will be given in the press.

AT THE GRAND. There Was a Good Audience Last Night.

The Stoddard company, at the Grand Opera House, last night, drew a very large audience. The play presented was "Women Against a Woman"—an English drama, and one that interested the large audience. W. L. Stoddard took the leading part as "John Tressider," and did his work well. D. H. Secord displayed much ability in the way in which he performed his allotted task. He was very amusing; Miss Leah Stoddard was well adapted to her role. Her realization of "Jessie Barton," the discarded wife, was natural and a fine piece of acting. Miss Edyth La Nora was "Rachel Westwood," the traitress and a woman scorned, and Mrs. Secord took her allotted part with much ability. The specialties were up-to-date. The exhibition of the aerial ladder of Walbourne and Whitney was a daring exhibition of athletic work. To-night "The Two Orphans" will be the bill of fare.

That Old Lot No. 24. City Registrar Gildersleeve has been engaged for some time past in working up the documents relating to that awful old lot 24 in the city of Kingston, formerly in the county. The government authorized him to get the documents in some kind of order so that searches might be more easily undertaken. To search most titles on lot 24, required a great deal of time and cost of money. When Mr. Gildersleeve got through, property owners and lawyers will be benefited greatly.

Ald. Hoag's Record. What has Alderman Hoag done for Ridesau ward this year? Nothing. What has he done against it? Two things in particular. First, he voted with the majority of the council to cut off the Williamsville street car service; second, he made no effort a week ago to help get an electric light in their effort to get an electric light for the Princess Street Methodist church corner. His leader, Ald. King, balked the move. Are the people of Ridesau ward satisfied?

The Cars Will Run. People have enquired if the street cars will run all winter. This morning Superintendent Nickle was asked concerning the matter, and replied that the company's intention was to run the cars through the winter, and to fight the snow even if it proved heavy. The car service will continue as at present. Around Christmas time, a ten minute service will likely be given at certain periods of the day.

Marine Notes. The steamer Wahcondah cleared at nine o'clock last evening for Hamilton.

The steamer Navajo and the schooner Martine are at Richardson's wharf to go into winter quarters. The government tug, Scout, left yesterday, to winter in Prescott. On her way down the river, she will complete her work of lifting the buoys.

The government tug Reserve, returned yesterday from taking supplies to the False Ducks Island, and cleared for Prescott to go into winter quarters.

The steamer Rogers cleared from Fort William, for Buffalo, with 361,000 bushels of wheat, the largest cargo of grain ever taken from a lake port anywhere. The world's record of 10,530 tons, is thus made from a Canadian port. Some idea of the size of the vessel and cargo is afforded by the fact that the 361,000 bushels of grain weigh 10,530 tons.

Skilfully Handled. A horse driven by Col. Ogilvie, behaved in a rather unconventional manner, Wednesday afternoon, on Upper Princess street. Its apparent placid temperament was disturbed through some unaccountable reason, and after a violent attempt to bolt, which was overcome by the mastery of the animal which was returned to the stable.

There Was a Fire. It seems that there was a fire on Tuesday evening, when the brigade received an alarm from box No. 17 at the corner of University avenue and Earl street. On reaching the box there was no one about the corner, and after a short wait, the firemen were unable to locate any blaze returned to the stations. There was a small fire in the house of Mrs. Wer, 139 Alfred street, which was soon extinguished. This was a block and a half above the fire alarm box, and also around a corner.

Dr. Hall's Rheumatic Cure. This remedy is intended only for those diseases which arise from the presence of uric acid or similar poisons in the blood. It is a perfect remedy for these affections. It cures all varieties of rheumatism, neuralgia, sciatica, gout, lumbago, etc. It neutralizes and expels the irritating poisons, renews the health and activity of the kidneys and digestive organs, and restores the system to full vigor and health. The remedy has been used too long and tested too widely to leave any doubt that it is a positive cure. Price, 50c. Sold only at Wade's drug store. This is the preparation that cured Robert Uns worth, Sharbot Lake, Ont.

A QUESTION OF COST. In any number of stores you'll see various preparations of cod liver oil as many different prices. You'll wonder, perhaps, why Scott's Emulsion costs more than some other kind in as large a bottle. Hearing only one side of the question you may be led into buying the "just as good as Scott's" at the lower price. That's false economy. Scott's Emulsion costs more because its more expensive to make. Every ingredient is tested and guaranteed of the purest quality. No adulteration, no shaving of quality. There's no economy in bargain medicine. If you can afford to experiment with your health, substitutes may satisfy you. We take it, however, that you want a pure preparation, a reliable remedy and something that's going to help you. That's what you get in Scott's Emulsion. Thirty years the standard.

To-Day's Market. The market to-day was a fairly good one. There was a large attendance inside the butter market, fowl, especially turkeys, being quite plentiful, commanding good prices. Turkeys were \$1 to \$1.75 each; geese \$1 each; chickens 60c. to 80c. a pair. Butter was to be had on all sides at 24c. and 26c. Eggs were plentiful at 35c. and 35c. a dozen. Hides on the square, meat and grain were the commodities offered. No vegetable vans were in evidence.

Over 200 ladies attended the lecture, yesterday, at the Y.M.C.A. hall, on "Hygiene, Diet, Health and the Canning of Fruits and Vegetables." They were pleased with the simplicity of the methods, and signed certification to that effect. Some of the ladies, who had tried some of the methods, endorsed them highly.

Hard or soft corns, cured with three applications of Peck's Corn Salve. Guaranteed. Money back if not satisfactory. In boxes, 15c., at Wade's Drug Store.
