Ottawa's Electric Plant. In Ottawa there is a rare municipal

row growing out of the possession by the city of an electric plant. The acquirement of the property was cor tested; and only after the court had given a judgment were practical steps taken to carry out the, will of

At a recent council meeting a surprise was sprung upon the champions of municipal ownership. Two men bers of the council were named commissioners, to supervise the plant, instead of two or three outsiders whose selection it was expected would be referred to the people.

The Journal regards this as more for public favour. No grafting in the than an error of judgment. It is some old land. thing to which the majority of the people, it says, are "absolutely opposed," The Journal believes in government by commissioners, but commissioners should have no connection with the council and certainly tip to our gas makers?

should not be its nominees. The best results in management cannot be had from a committee which changes from year to year. Experience counts for a great deal, and its real value is only apparent when the same men, if earnestly devoted to the public service, are continued in office for

Not The People's Elect.

several years.

Tom Watson, (the name by which he likes to be called and known) reasons that Mr. Hearst was elected may or of New York, and not Mr. McClel he reads them in the British press.

calities were committed in the name of Tammany Hall, and in its behalf but they have not been uncovered, an in the meantime Mr. McClellan holds Mr. Watson says that Mr. Hearst

the elect of the people and should take his seat. Some of the best men in the great city proferred their assistance in exposing the wrong-doing. Some of these did not support and vote for Mr. Hearst, but they stood have the paper and it is a white ele- C.E., chairman of the conscaming claimed the minister effusively. Is what you want when you for fair play. They did not believe, perhaps, that Tammany Hall had stolen the election, but they did believe that there was great crookedness about it. and they desired to see it exposed. Punishment has come to a few the offenders, A scrutiny of some ballots has revealed irregularities and added slightly to the vote for Mr

It would take months, however, at the present rate of progress to exam ine the vote of New York and analyze it. At the end the majority awarded to Mr. McClellan might not suffer. The 30,000 votes of which Mr. Hearst said he was robbed might not be

Mr. Hearst is not, therefore, by any widence that is apparent the elect of the people, and Mr. Hearst cannot take the scat. Nor are certain of his champions anxious that he should be mayor of New York. Though opposed to Tammany and its methods, they do SPECIALTIES not favour the elevation to the civic twenty-one riots ahead of Chicago, throne one of Mr. Hearst's peculiar with a couple of wards to hear from.

High Rollers In Finance

The people are getting a memorable lesson in high finance. The quarrel of Imperial Russe Wood Violet. Alexander and Hyde for supremacy in ing machines. the Equitable Life Assurance company has been followed by scandals of the most disgraceful character,
