Mr. Lake is an old Kingstonian.

THE LEADERS

Of Fighting Legions Caught In St. Petersburg.

MUTINY IN MOSCOW

OF DON COSSACKS, TVER DRAGOONS, NESVIZH INFANTRY.

Bodies of Beardless Youths Street—3,000 Rebels Killed, 10,000 Wounded—Puffing Iron Workers Strike Again. St. Petersburg, Dec. 27.—Emperor Nicholas and Count Witte received last night, a report from Gen. Douhassoff, governor-general of Moscow, saying that the revolt there had failed, that the military had broken the mutiny, and that whatever deflection may have existed among the troops, had been overcome by attacks on them with bombs and revolvers, to which they had been subjected from windows and roofs of houses, and which so enraged them, they could hardly be restrained. Although rebellion may flare up immediately elsewhere, and although there already is an indication of another upheaval at Odessa, if the attempt at armed rebellion at Moscow should be crushed, the leaders of the rebels will receive a blow from which they cannot quickly recover. Among the developments here, yesterday the most important was capture of the leaders of the "Fighting Legions," which ends the danger of an attempt at an armed uprising in St. Petersburg. This mutiny is understood, placed in the hands of the government complete information regarding revolutionary plans, and the places where arms are concealed, as well as disclosing the weak spots in the army.

Mutiny in Moscow. London, Dec. 27.—The St. Petersburg correspondent of the Times, telegraphing under date of December 25th, states that the first regiment of Don Cossacks, the Tver Dragoons, and the Nesvizh infantry, are reported to have mutinied at Moscow, and that they are confined to their barracks. He confirms the estimate that 2,000 rebels have been killed and 10,000 wounded. He says that a bodies of beardless youths.

Under date of December 26th; midnight, the same correspondent says that a substantial change in the situation. The revolutionists were making no headway, but showed no signs of exhaustion. It is reported that there is an armed rising in the government of Saratov, and that a provisional government has been established. The employees of the Puffing iron works after assuming work struck again. They killed a policeman, rioted, and declared their bodies to be the property of Moscow, but the fighting spirit is absent from most of the St. Petersburg workmen.

The locomotive hauling the incoming Riviera express was a strike in progress, when there is still in progress. The Northern cable is still interrupted. Only a half dozen places in the empire can be reached by telegraph, including Odessa.

A St. Petersburg correspondent, by a dispatch dated December 26th, says: Governor-General Douhassoff, telegraphing yesterday, reported that 15,000 persons had been killed or wounded at Moscow.

Insurrection Collapsing. St. Petersburg, Dec. 27.—A correspondent telegraphing from St. Petersburg, last night, says there seemed to be no doubt that the insurrection was collapsing. The insurgents still held the quadrangle in which the workmen's council was sitting, as a revolutionary committee, but only because Governor-General Douhassoff was not yet ready to give the coup de grace. Firing continued at five o'clock throughout the day. At five o'clock automatic guns were being used in Strasser Square, but the insurgents were becoming exhausted, after their four days' fighting, and after their engaging into guerrilla warfare. The insurgents were defending themselves with revolvers and bombs as they were being hunted down from place to place. The correspondent predicts that the crushing of the rebellion is likely to be followed by the most horrible atrocities if the "Black Hundreds" are let loose.

AT ALL SEASONS. The People Want to Slay the Muskets. Chatham, Ont., Dec. 27.—The Ontario game law prohibits the trapping or taking of muskrats between the months of April and January, and the people of West Kent are attempting to have the law changed by order that they may get after the rats at all seasons. It is alleged that the rats make their homes in the dikes which have been erected to keep water from flooding the farms and the burrows which are made in the embankments destroy the usefulness of the dikes. The matter has been referred to Hon. J. O. Resume.

In A Serious Condition. Walkerville, Ont., Dec. 27.—Horace Dole, an employee of the Canadian bridge works, while, with other men, engaged in placing some girders in position at the bottling works, was caught by a falling girder and pinned against the wall of the building. His skull was fractured and he received internal injuries. He is now in Windsor hospital in a serious condition.

THE LUCKY NUMBER.

Gamblers Discover it is Ruling in Lotteries. Paris, Dec. 27.—The lottery gamblers, who already had many superstitions, now have a fresh one. Some industrious statisticians found out that more than half of the big prizes this month have been won by tickets the numbers of which added up make twenty-one.

This on December 1st, the holder of ticket No. 290,785 won £40,000. The same day the holder of ticket No. 13188 won £1,000. On December 5th, No. 206127 won £2,000. On the same day No. 436504 won £1,000. On December 15th, No. 290885 won the first prize for the Paris Municipal Lottery.

The superstitions gamblers now demand not only that the prizes, but also the tickets be ballotted for, so that the favored numbers will not go all in one district.

WHO'LL GET IT

British Columbia May Have The Portfolio. A MONTREAL MAN MAY BE MADE MINISTER OF MARINE.

It May Be That a Shuffle Will Be Made in the Offices—Who is Likely to Be Taken in—Dead Minister's Body Coming to Canada. Ottawa, Dec. 27.—The belief in Ottawa is that the vacancy in the government occasioned by the death of the late Hon. Raymond Prefontaine, will be filled early next year. The approach of the session makes it necessary to have a head for department to prepare the budget for parliament. The prevailing opinion here is that Hon. L. P. Bessemer will go to the marine department. The transfer of the St. Lawrence channel and the control of Montreal harbor to this department would put in the hands of the marine department under a man from Montreal district.

As to who will enter the government, opinions differ. Solicitor-General Lemieux is regarded as the favorite by the first steamer, on Tuesday, for St. James division being made solicitor-general, the move would be regarded as a strong arrangement. It is not improbable, however, that a new cabinet will be formed. Senator Templeman has sat without portfolio for many years, and length of service, with the growing importance of the Pacific provinces, would indicate the probability of Hon. Mr. Templeman being made minister of inland revenue.

There is said to be a possibility at the same time of a shuffle by which Hon. Charles Hyman will be transferred to the public works to the department of railways and canals.

The tariff commissioners, who returned from the west, resumed their enquiry at alleyfield, on Tuesday, and returned to the tariff committee.

A despatch from Mr. Clement, Mr. Prefontaine's secretary, stated that the remains would be sent to Canada by the first steamer, accompanied by Hon. Mr. Lemieux.

The Canadian government has decided to make an exhibit at the Milan, Italy, exposition. The exhibit will be an automobile. Information at here will be an exhibit at the exposition. The exhibit will be an automobile. Information at here will be an exhibit at the exposition.

Ald. Champagne has retired from the mayoralty contest. The hitch over securing for him an acknowledgment of the various people, impeded his progress. E. G. Laverdure and Mr. Champagne, C. S. O. Boudreau and Edward Gauthier are re-elected without contest.

New bonding warehouse regulations will come into effect on January 1st. They will provide that all parties using bonding warehouses must pay for the services of the officer in charge. At present there is an annual fee. This will be done away with.

PRESENT FROM PEOPLE. \$800,000 For Miss Roosevelt's Wedding Gift. Baker City, Ore., Dec. 27.—A move to create by popular subscription a wedding present for Miss Alice Roosevelt, who is to be married to Congressman Nicholas Longworth, in February, has been started by citizens of the eastern part of Oregon. It is the plan of the originators to have the subscription lists in the name of the union, the money subscribed to be transmitted to the various state treasurers, who will in turn forward it to the secretary of the treasury at Washington. The subscription will close on February 28th, so as to enable the present, which it is believed will be about \$800,000, to be turned over to Miss Roosevelt on the day of the wedding. Individual subscriptions will be limited to ten cents.

NOSE JAG, NORWAY STYLE. Suggestion for Those Who Swear Off Drinking. London, Dec. 27.—The Norwegian papers describe how a new method of getting drunk has become popular among the lowest classes in Christiania. A would-be drunk fills the palm of his hand with aquavit, which is a very strong corn brandy, and sniffs it up through his nose. This is repeated several times, though once is sufficient to render a man intoxicated. "Nose drinking" has become a real vogue, says the Orbladet. The effect is terrible, because the whole nervous system is paralyzed in a moment and the drunkard remains almost unconscious for several minutes. Afterwards there is a sleep of fatigue, as there is after opium smoking.

EXODUS FROM JAMAICA. Young Men Deserted Island for Dominion. Kingston, Ja., Dec. 27.—The newspapers here are drawing attention to the continued exodus during the last few years of the most promising of the young men of Jamaica to Canada, and in lesser degree to the United States. Within the last few years some three or four hundred of the flower of the island have shaken its dust from their feet and have gone to seek their fortunes in the great Dominion, which offers so much inducement to a young man.

SUMMER STEAMERS

No Longer Fly to Prince Edward Island. Halifax, N.S., Dec. 27.—A Charlotte-town, P.E.I., dispatch announces the close of the season of navigation for summer steamers. The Princess went out of harbor, toward Pictou, yesterday morning, but encountered ice, and returned at ten o'clock. It was believed the government winter steamer Minto would be at once despatched instead, but it was found it would take twenty-four hours to get up steam. Thus a day was lost, while passengers, mails and freight were forced to wait. No mail left the port yesterday. The Minto goes on the route to Pictou, while the Saturday plies between Summerside and Torment Inlet.

VALUABLE WORK

Has Been Done By the Salvation Army. Toronto, Dec. 27.—Commissioner Coombs, and a number of officers of the Salvation Army, waited upon Premier Whitney and members of the cabinet, to discuss colonization of Africa. The army received a grant of \$4,000 this year and desires an increased grant next year and probably will get it. Commissioner Coombs has been looking into the immigration question in every province in Canada, and leaves on January 1st for England to consult with General Booth over the Canadian situation. Hon. Mr. Whitney stated to the delegation that the immigration work of the Salvation Army in Ontario had been most valuable.

WHAT CAN BE DONE.

If a Big Appropriation is Made. Albany, N.Y., Dec. 27.—In his annual report to be presented to the legislature next month, State Engineer Van Alstine will recommend that, at least \$40,000,000, of the \$91,000,000 remaining from the appropriation for the construction of the state barge canal be made available for contract work during the coming year. If this is done, he says, the superintendent of public works and canal board will be able to place one-half of the work of constructing the new canal under contract during the first part of 1906.

POOL ROOM PROPRIETORS.

Committed For Trial in Montreal. Montreal, Dec. 27.—Nicholas and Pont, the proprietors of a racing pool room at Delorme Park, have been committed for trial before the court of King's bench, on a second charge of running a gambling place.

Poor Sleighting.

Sleighb, Dec. 26.—Sleighting was rather poor in this vicinity for Christmas. A large crowd attended the tea-meeting here on Christmas night. Mrs. W. M. Wood, who had a stroke a few weeks ago, is very low. Miss Lillian Wood left on Wednesday last to visit friends in the States. Mr. and Mrs. D. Vallois and baby have returned from a trip to the States. Mr. and Mrs. F. Amey spent Christmas with friends at Moscow and Belknap. R. Paul has purchased Mr. Warton's residence, and intends moving in the spring. A number of visitors this week.

To Seek New Legislation.

Toronto, Ont., Dec. 16.—The affairs of the York County Loan & Savings Company will be aired before the legislature at the coming session. James Bicknell, K.C., stated today that he proposed to apply for special legislation for the direction and reorganization of the company. He added that he had not withdrawn his application to have the winding up proceedings conducted under the Ontario act.

Fought To Finish.

New York, Dec. 27.—The prize fight between "Young" Kilrain, of Canada, and "Kid" Callaghan, of the Bronx, arranged by Wall street brokers, as part of the Christmas day programme, was unusually brutal. Both men were seriously injured. Spectators paid \$5 admission, and enough was spent in bets to feed hundreds of the city's starving poor.

Grumbling At Weather.

Hockey enthusiasts are grumbling at the continued mild weather and the lack of ice. St. George's have had but two practices and the first match in the Junior O.H.A. is scarcely two weeks ahead. Unless a cold snap comes in the talked-of game, with Belleville on New Year's day, will have to be called off.

Private Katier, of Company "B."

23rd Infantry, stationed at Madison Larracks, was burned to death in a fire, on Tuesday, in a barn in the rear of a saloon at No. 116 Arsenal street, Watertown, N.Y., known as "Julia Dunn's Place." Katier had evidently crept into the barn to sleep, and when found, was lying face downwards in the hayloft.

FOR THAT EVENING GOWN

Any store will say—"Something for a fine evening costume." Oh, yes indeed, we have something that will surely please you.

Well—we buy as the ordinary store does, up to a certain point (only perhaps more carefully) and then we go to hunt for the unusual—the unusually beautiful Fabrics—Silks, Cloths in which silk and wool blend delightfully and the most superb of wools, the legs, such rich weavings that you do not often find.

Such Fabrics are specially designed and made for one purpose—for the evening gown!

And as we said, you will find them here—among them just exactly the effect you wanted to get, but didn't know where to find.

And (best news of all) you won't be asked to pay a penny more than you are quite willing to spend.
