IS IT DOWNED

Report That Moscow Revolutionists Weaken.

ARREST AND DEATH

HAVE DECIMATED RANKS OF REBELS.

Quantity of Bombs and Ammunition Seized in Moscow—Imperial Troops Loyal, but Exhausted—Guards Attacked Leaving Train.

London, Dec. 29.—There are many reports that the rebels in Moscow are weakening, some going so far as to say that they are crushed. The reports mostly come from St. Petersburg. It is impossible to verify them; they can only be quoted from their respective sources. A St. Petersburg despatch has reached Berlin, saying that Wednesday night passed quietly in Moscow, and that, on Thursday, the fighting seemed to be all over, or at least having been restored.

The St. Petersburg correspondent of the Daily Mail, telegraphing yesterday, said that the revolutionists in the Pryssyria area of Moscow had despatched messengers to the mayor, requesting him to parley for terms on their behalf with the governor general. The mayor assented. The revolutionists are ready to surrender their arms and ammunition, provided immunity from punishment is guaranteed them. Five more battalions of troops arrived, by train, at Moscow yesterday. Among them were detachments of the guards from St. Petersburg, including the famous Semenovskiy regiment, with machine guns, and 250,000 rounds of ammunition. They were at the moment they left the train. The revolutionists along the railway and in the Sadovaya, Arbat, and Tverskaya quarters, are still fighting, though they are apparently losing heavily. The bombardment of these areas continues. Shops and offices are beginning to open in other quarters. A few factories are resuming work.

The St. Petersburg correspondent of the Daily Telegraph reports that the insurgents are losing, but he clearly doubts them. He says: "Doubtless numerous arrests and deaths have decimated their numbers, but, nevertheless, the insurrection continues unabated. Between Moscow and Pevero everything is in the hands of the revolutionists, who are running their own trains, have their own cable drivers, and are becoming more and more self-sufficient. The revolutionists' line is remarkably well fortified. Red flags are flying all over it. The imperial troops, we are told, are faithful. Their attitude, under trying conditions, is becoming more and more unbecomingly phlegmatic. They are still too few, and exhausted by long hours, constant danger, hard work and unfeeling privation, to take an active part in their skirmishes."

Many Arrests Made.

Moscow, Dec. 29.—All the members of the social revolutionary committee have been arrested, and a quantity of bombs, infernal machines and cartridges seized. Three hundred revolutionists, to-day, invaded the residence of the chief of the secret police, and killed him. At the medical bureau 650 wounded and 105 killed persons were registered. It is known that they are fully 1,000 unidentified dead in the Loutchov quarter alone. A mob of armed revolutionaries attacked the police bureau, but were repulsed with serious loss.

COMMODORE DYING.

Stewart E. Malloch Said to be Dying of Pneumonia.

Hamilton, Dec. 29.—Stewart E. Malloch, commodore of the Royal Hamilton Yacht Club, is dying of pneumonia. The police are investigating the death of a fourteen-year-old girl, whose name on the death certificate is given as Alice Patricia. Her father is said to be Malcolm. She died after giving birth to a child. An inquest will likely be held.

Will Solve Mystery.

Hamilton, Ont., Dec. 29.—The Barton murder mystery will be solved long, was the significant remark of a police official. After so many "positive" identifications turning out worthless when run down, the police are backward in placing faith in new clues, but one received within the past two weeks has given them new hope. Two people who crossed the ocean the month before the murder have positively identified the woman, her clothing, and also the man. The police and Detective Greer have been furnished with the names of both, and a search is being instituted for the supposed murderer.

Twenty-Five Drowned.

Victoria, B.C., Dec. 29.—News is received of the wreck on the west coast, near the entrance to Barclay Sound, of the British ship *Passey*, of Melport, and the loss of her crew of twenty-five men. One body has been washed ashore at Uclulet and two were seen off shore.

Died At Brampton.

Brampton, Ont., Dec. 29.—Henry Burnett, one of the oldest undertakers and most widely known men in this county died here, rather suddenly, this morning. An operation found necessary for some internal obstruction was performed, yesterday afternoon, successfully, by Dr. Bruce, Toronto, successfully. He was sixty years of age, a past Orange district master and an ardent conservative. He leaves a widow.

THE MULLAH IMPLICATED

Murder of Major Donaldson in Powindah.

London, Dec. 29.—The Express publishes the following from Peshawar: It is reported that the Mulla of Powindah has been found to be implicated in the murder of Maj. Donaldson, of the 1st Battalion, on November 17th. It has been ascertained that the crime was deliberately planned out of revenge for punishment inflicted on certain men who were concerned in a previous murder of a British officer. The Mullahs suspect that the government contemplates taking action, and the mulla has accordingly called a jirga to decide the course to be followed in the event of their fears being realized. The mulla appears to be bent on fighting to the bitter end, and has requested the amir's aid. It is reported that the government has decided to make definite demands of the tribe, and in the case of failure to comply with these, to take strong measures to enforce them.

AWFUL CRIME

Forced His Victim To Drink Poison.

A BAD KANSAS MAN

CONVICTED OF ATROCIOUS MURDER OF A GIRL.

Austin Francis Now Faces Death on the Gallows for His Cruel Crime—He Had Thoroughly Deceived the Young Girl.

Kansas City, Kas., Dec. 29.—Austin Francis, charged with the murder a month ago of Winona Newton, fifteen years old, his sweetheart, has been found guilty of murder in the first degree.

Winona Newton lived with her father and younger sisters in a one-room house in the outskirts of the city. They were miserably poor. She had been ill, and Francis had promised to supply her with money with which to see a physician. They met late in the evening a month ago at a small bridge near the girl's home. She was not heard of until the following morning, when she was found dead, bruised and weighed down by a 150-pound stone, that rested on her head in the creek below the bridge.

At the trial it was disclosed that Francis had given the girl carbolic acid, saying that it was the medicine she needed. He forced her to drink the poison. When it failed to kill her at once and she screamed he choked her and struck her with a rock. He dragged the body to the bottom of the creek, and there, still fearing that she would cry out, placed the great stone upon her head.

Francis, who was twenty-seven years old, was arrested the following day.

J. J. HILL WILL RETIRE.

Great Railway Manipulator Will Give Up Work.

New York, Dec. 29.—A St. Paul despatch to the Times says that it was announced that James J. Hill, president of the Great Northern railway, would retire from active railroad work on Saturday next, and that he would be succeeded by one son, Louis W. Hill, while another son, M. J. N. Hill, would succeed his brother Louis as first vice president, and that other official changes would be made public next week.

PLEASED WITH PREMIER.

Americans Met Half Way on Fishing Regulations.

Albany, N.Y., Dec. 29.—State Senator Jotham P. Allen, chairman of the commission provided for by the authority of the federal government, and the officials of adjoining states and the dominion of Canada, gave out a statement in which he highly complimented the officials of the dominion, especially Sir Wilfrid Laurier, upon the cordiality of their reception of the New York and Vermont commissioners. The matter of joint regulations governing fishing in Lake Champlain, Senator Allen says.

DECLARES PARNELL

Sacrificed His Career for Yankee Woman.

London, Dec. 29.—"It was a woman who drove him into politics, as it was a woman who drove him out of it," writes Mrs. Emily Monroe Dickinson, Parnell, the Irish leader, in "A Patriot's Mistake! Reminiscences of the Parnell Family."

Honoring Gladstone's Memory.

London, Dec. 29.—Today is the anniversary of the birth of the late William Ewart Gladstone, the "Great Compeer," who was born on December 29th, 1809, and died May 19th, 1898. Thousands of people visited the Gladstone monument recently erected in front of St. Clement Dane's church, in the Strand, and many wreaths and other floral offerings were deposited at the base of the beautiful monument. The statue is the work of Hans Buntgen, of the Royal Academy, and represents the great statesman in his official robes as chancellor of the exchequer. At the base of the monument are four allegorical groups, representing brotherhood, federation, aspiration and courage, and on bronze panels between the groups are decorated emblems bearing the arms of some of the counties and boroughs that Mr. Gladstone represented in parliament. The statue was unveiled on November 4th, by John Morley, the biographer, and personal friend of Mr. Gladstone.

Russian Meets Terrible Turk.

London, Dec. 29.—This is a red letter day for the members of the sporting and athletic world of this city owing to the fact that this evening the long expected and almost disappeared wrestling match between George Hackenschmidt, the "Russian Lion" and Ahmed Madrali, the "Terrible Turk," will be fought at the Olympia. Considerable difficulty was experienced in arranging the meeting owing to the pressure of Hackenschmidt's music hall engagements. He was finally induced to make the match by taunts that he was afraid of Madrali.

Liberals Now Have Regins.

Regina, Dec. 29.—Official account in this constituency places the seat in the liberal column instead of the provincial rights' party. Bole being elected as the minority. The poll stands, Bole 715; Laird, 712. Laird previously had a majority of nineteen.

GENERAL BOOTH COMING.

Will Visit Canada in Connection With Immigration.

Toronto, Dec. 29.—Gen. Booth, the head of the Salvation Army, is coming to Canada early in the new year in connection with immigration matters. Gen. Booth is to visit Japan, and will stop for a time in Canada, either on his way out or on his return. Col. Jacobs, who is the immigration expert for the Salvation Army in Canada, has been recalled to England by Gen. Booth for consultation. A wealthy Englishman has donated half a million dollars to the immigration scheme of the army, and Col. Jacobs' advice is needed.

LED TO COMPLICATIONS

And Sharp Notes Passed Between Capitals.

London, Dec. 29.—The correspondent of the Herald, at St. Petersburg, concurs in the view of the London Times' correspondent to the effect that the crisis in the Baltic provinces has led to international complications and the exchange of sharp notes between St. Petersburg and Berlin. Russia was angered by the proposal of Germany to send a warship to Riga to protect German residents and made a warm protest against such action. Germany insists upon the necessity of affording protection for her subjects in the Baltic regions.

"WORK OF SOME KIND"

Is the Cry of Many Montreal Laborers.

Montreal, Dec. 29.—Hundreds of poor men, who have depended to a large extent for their livelihood, during the winter on clearing snow for the city, sent a deputation to the city hall to-day, clamoring for work of some kind to enable them to live. There has hardly been a day's work this winter, and that of a snowstorm as might be expected at this time of year, a rain storm set in early to-day, and there has been a steady downpour all day, and there is barely enough snow for sleighing.

OTTAWA'S DEATH RATE.

Exactly the Same as it Was Last Year.

Ottawa, Dec. 29.—There were 1,137 deaths in Ottawa, this year, 17.05 in every 1,000 of the population, exactly the same as 1904, and considerably less than 1903. There were no epidemic or unusual sicknesses. The civic isolation hospital had seven deaths, as compared with 117 three years ago.

A Man Struck By Car.

Chatham, Ont., Dec. 29.—A despatch from Detroit, says that while crossing Cratiot avenue last night, Joseph Stubbs, aged sixty-two years, Wilkesport, Ont., was struck by a Mount Clemens electric car. Two ribs were broken and he was badly bruised about the face and body. The doctor is uncertain as to the outcome of his injuries. Stubbs is in Detroit on a visit to his son-in-law.

Wedded Only A Month.

Galt, Ont., Dec. 29.—Mrs. W. C. Waite, of Toronto, a bride of a month, who was home for the Christmas holidays, a guest of her parents, Mr. and Mrs. Robert Whitley, retired Wednesday night to her room after a visit to Preston with lady friends. Half an hour later her mother, entering her room, found her a corpse. Doctors attributed her death to heart disease.

Crooked Lawyer Gets Three Years.

New York, Dec. 29.—Lloyd A. Perry, a lawyer, was yesterday convicted of subornation of perjury, and sentenced to three years' imprisonment. The charge against Perry was that he induced a man named Harry A. Wilkes to impersonate Edward McEwen, and as such to qualify as the bondsman of a man charged with having violated the federal mail laws.

Charge Of Arson.

Peterboro, Ont., Dec. 29.—High Constable Cochrane arrested John Winter, Harvey township, on a charge of arson, which, it is alleged, consisted in setting fire to a residence in Harvey township, the property of J. J. Landy, of this city. The building was destroyed, and circumstantial evidence led to Winter's arrest. He pleaded not guilty.

Leader To Open Athens School.

Ottawa, Dec. 29.—R. L. Borden is to open the new high school at Athens, Ont., on January 15th. The following day he will be present at a gathering in connection with the Gananogue High School.

No Ice At The Soo.

Sault Ste. Marie, Mich., Dec. 29.—Owing to poor ice the hockey match scheduled for last night, between Pittsburgh and the Canadian Soo, did not take place, and it is likely there will be no ice to-night as rain is falling.

Mohammedan Rising.

Constantinople, Dec. 29.—In political circles the probability is being discussed of a general rising of the Mohammedan population in the Cascaus and in West and Central Asia.
