THE CHURCH SUPPER.

"Ding-dong!" said the big church bell,
 "A supper to-night and things to sell;
 Ding-dong! I do declare,
 Here I'm rung in on a vestry fair.
 I've a mind to stick and refuse to ring,
 For I wasn't donated for such a thing.
 But my, oh, my! How sweet that smells!
 I wish that coffee were good for bells!"
 For at every pull the sexton gave
 The bell swung out above the pave,
 And at every swing he got the scent,
 And on he swung there, all content.
 Said down below good pastor Pipp,
 Fingers tapping, tip to tip,
 "I have been asked by all who're here
 To say unto the sister dear,
 Who brought the coffee here to-night,
 That we consider it her right
 To this be thanked in public wise—
 She finds great favor in our eyes.
 May all her deeds small sweet as this
 By which she brings her neighbors bliss."
 Thought blushing Mrs. Jones, "I knew
 What CHASE & SANBORN'S brand would
 do."
 Good deeds, you know, are only lent,
 And so she smiled in deep content.

THE SPORT REVIEW

WESTMOUNT WON BASKET BALL MATCH.

1. ated Kingston by 33 to 30—
 The Contest Was Keen—Gen-
 eral Notes on Sports.

The fastest game in the basket-ball
 line played here in many years, was
 when the Westmounts and a picked
 team from the local Y.M.C.A. switched
 together in the "even" on Saturday
 night, with a final score of 33 to 30
 in favor of the visitors. About 150
 interested spectators witnessed the
 match and everyone was pleased with
 the sportsmanlike feeling prevailing
 throughout the entire game. The two
 teams lined up:
 Westmounts—E. Finni, A. Brophy,
 forwards; W. Saull, centre; L. Bro-
 phy, M. Wright, defence.
 Kingston—A. Smith, H. Dunlop, for-
 wards; McFadyen, centre; C. Mosley,
 Fred. King, H. Munn, defences.
 In every play, it was evident the
 Westmounts have a first-class team,
 and good combination work, on the
 part of both teams, was a feature of
 the game. Small, for the visitors,
 played a fine game, and Dunlop, for
 the locals, scored the most baskets.
 The playing throughout was very close
 and Y.M.C.A. gave them a hard run
 for their money.
 The Ladies' Auxiliary gave the two
 teams an oyster supper after the
 match—H. Milne acted as chairman
 and made a happy speech, followed by
 Beal, T. Stewart, Montreal, Dunlop,
 Small, Bess, and a few others. A
 very jolly time was spent.

Won By Kingston Boys.

The first hockey match of the
 season, in which a local team has shown
 was, on Monday night, in Belleville,
 when St. George's Junior O.H.A. won
 from the Belleville Y.M.C.A. on the
 score of four to two. It was a very
 fast close-fought game throughout
 and at half time the locals had gained
 but two goals when the Y.M.C.A.
 were "yet in the cold." Belleville
 was inclined to be a trifle rough and
 one of St. George's boys was three
 times laid out. Strahan played a
 good game in goal and Crawford and
 Grevelle a fast game on the forward
 line. Murphy starting in defence.

General Notes on Sport.

 peg 2 to 6.
 Brooklyn Crescents defeated Mont-
 real 2 to 1 on Montreal ice.

 their tour by defeating Swansea 4 to 3.

 playing right wing for the Winnipeg
 team.

The Montreal Herald announced the
 adoption of the O.H.A. rule, by which
 players may be skated on-side in the
 Federal, Eastern Canada, and other
 eastern leagues. The Intercollegiate
 might also be included. This rule
 makes the game much faster. It is
 time the Intercollegiate League drop-
 ped the old-fashioned Quebec rule.

The Cannington Hockey Club has
 a new rink this season, which will be
 ready early next week, much sooner
 than expected. They are desirous of
 playing in the O.H.A. in the inter-
 mediate series, with Port Perry, Ly-
 bridge, Markham, and Whitby. If
 these clubs consent to the admission
 the association will have no objection
 so long as a district winner is re-
 turned by January 31st.

Traitors in Israel.

We have the authority of the Tal-
 mid for saying that before God omote
 the reward of the sons of Egypt
 he had killed the traitors among the
 Jews themselves. Wherever the Jews
 are now contending against oppres-
 sive treatment, let them keep in re-
 membrance this lesson, that first of all
 they must sever relations with the
 idol worshippers and Mammon-
 worshippers in their own body. How
 can we suppose, how can we deserve
 to succeed, when some of us are mere
 scoundrels for wealth, which is to the
 present day what the image of Zeus
 was to the cause of anti-Semitism?
 Because the Christian is jealous lest
 the Jew make a living, if Jews are to
 be weeded from among us, let us
 America or to England, it is because
 the laborers undersell their work. Why
 does the Russian peasant kill the Jew
 that he is desirous to take away his
 hard-earned property? How then, can
 we Jews hope that God will help us,
 when we are shoulder to shoulder with
 people who would deprive all that
 we have of their hard-earned prop-
 erty? There are traitors among them,
 Israel, thou canst not stand up before
 thine enemies! Like the old Mattathias,
 disown the scoundrels and tyrants of
 thy own flesh and blood,
 those who, though of one race with
 you, though also Jews, yet they
 would fleece every Jew whom circum-
 stances made helpless in their grasp.
 Like Mattathias, kill the own re-
 scoundrels first.

Prison Finder Twine.

The binding-twine plant at Kansas
 penitentiary is, says a correspondent
 of Country Gentleman, to be enlarged
 to six times its present capacity. An-
 nual consumption of twine in Kansas
 is about 20,000,000 pounds. Of this
 the prison plant supplies only 3,000,
 000 pounds. The twine trade, the re-
 mainder, for the work \$60,000, is
 available, earned the past season by
 the plant. In Minnesota the prison
 plant pays all the expenses of the
 penitentiary. That state used about 17,
 000,000 pounds of twine annually, of
 which the plant furnishes 11,000,000
 pounds. When the Kansas plant is
 enlarged, the board will employ trav-
 elling men to canvass the state and
 will sell all on time, as the state has
 done.
