## BRITISH FIGHT

**The Cost of Running The Elections.**

## EXPENSES LIMITED

**ACCORDING TO THE ELECTORS**

**Said That the Cost Per Man,**

**Like Sugar, is Rising—Ireland**

**Runs Its Elections at the**

**Smallest Cost Per Capita and**

**Scotland is the Highest.**

**London, Jan. 5.—Henry W. Lucy**

**By the corrupt practices act election**

**expenses are limited in the most rigid**

**manipulation in the history of the**

**It is noteworthy that in spite of the**

**jealous supervision of officials admin-**

**istering the corrupt practices act the**

**costs of the parliamentary vote per**

**man is, like the price of sugar, under**

**the operation of recent legislation, ris-**

**ing. In 1892 the average cost per vote**

**polled was 4s. 1d. In 1895 it was 3s.**

**8d. In 1900, in the suburbs of**

**decided in the campaign, it ran up to**

**4d. per vote. The cheapest part of the**

**United Kingdom, for the parliamentar-**

**ian candidate to work in is Ireland.**

**The most expensive is Scotland. Even**

**in Ireland the tendency is on the up-**

**ward. In 1892 Irish members**

**paid for each vote polled an average of**

**2s. 8d. Three years later they were**

**not to be had under 3s. 11d. In**

**Scotland there was a fraction of a de-**

**crease. Whereas in 1892 votes cost 4s.**

**8d. apiece, in 1895 they were marked**

**down to 4s. 7d. In England and**

**Wales votes which in 1892 averaged**

**4s. 2d. apiece, in 1895 ran down to**

**3s. 10d. At the last election, as we**

**have seen, the average of the United**

**Kingdom came out at 4s. 4d. a vote.**

**This was made on a poll of 3,519,245**

**of 6,730,935 electors on the respec-**

**tive. According to all appearances the**

**polling, and consequently the total**

**cost will be considerably heavier at**

**the forthcoming general election.**

**TERRIBLE FAMINE.**

**SUICIDE RECORD BROKEN.**

**List Shows 9,982 Persons Taking**

**Their Lives.**

**Chicago, Jan. 5.—Unofficial statistics**

**for the year show a great increase in**

**the number of suicides and homicides**

**in America, 9,982 persons taking their**

**own lives, as compared with 9,240**

**last year. The homicides total 9,212,**

**as compared with 8,482 last year. The**

**increase in the number of murders com-**

**mitted by highwaymen being 582,**

**against 464 during 1904. Four years**

**ago the number was only 103.**

**Jealousy provoked 579 murders and**

**liquor 612. Homicides growing out of**

**quarrels number 5,111. The record of**

**self-destruction is one of the most de-**

**plorable of the year, the number of**

**prominent men being much larger than**

**hitherto. The total is 9,982, an in-**

**crease of 542 over the list of the pre-**

**ceding year. The statistics of the in-**

**crease is indicated in the following**

**table:**

**In 1899, 5,310; 1900, 6,775; 1901,**

**7,245; 1902, 8,597; 1904, 9,240; 1905,**

**9,982.**

**The legal executions numbered 133,**

**of which 51 were in the north and 82**

**in the south.**
