"BLOODY SUNDAY"

JANUARY 22ND, THE GREAT TEST DAY.

Bloody Fight Between Cossacks and Miners—Eight Officers Arrested in St. Petersburg for Conspiracy—Downa Will Meet in April.

London, Jan. 11.—The Times St. Petersburg correspondent says he hears the government has privately informed labor leaders that if January 22nd, and the anniversary of "Bloody Sunday," pass quietly, repressive measures will be suspended the next day. He adds that the council of the miners has commenced the discussion of the popular uprising. The minority favors the preliminary use of blank cartridges, but the majority think this would embolden mobs, and lead to greater bloodshed afterwards. The whole police force of St. Petersburg will be armed with rifles shortly.

Count Witte in receiving a deputation from the league of October 31st, promised the removal of the restrictions which minister of the interior Durnovo is responsible, but showed that he believed the restrictions had been necessary.

He said: "There was a time when I thought the confidence of the people, but such illusions are no longer possible. I have always opposed repression, but have been compelled to resort to it as the result of having trusted my countrymen."

Death of Philadelphia Girl From Hydrophobia.

New York, Jan. 11.—Miss Julia Curtin, twenty-one years old, of Philadelphia, died, Tuesday, from hydrophobia, caused by the bite of a pet dog some time ago. Miss Curtin, last Friday, became ill with nervous oppression. She visited her uncle, Dr. Curtin, explained the symptoms, and told him the dog had bitten her. The doctor assured her there was no cause for alarm, and told her to go home, but she felt confident she was doomed. SKETCH OF CHAIRMAN

Of the Board of Education, William Kelly.

William Kelly, the newly-elected chairman of the Board of Education, was born in Shrewsbury, England, on March 10th, 1828. His father was an Irishman and his mother Welsh. He came to Canada in June, 1872, and worked as a farm boy in Prince Edward county for seven years, at the same time attending the Shrewsbury school. For the following twenty years he conducted a photograph gallery in Ottawa and Kingston. He has also been in the printing and book-binding business. At Ottawa, he paid close attention to parliamentary procedure in which he is well versed. For the past ten years, Mr. Kelly has served on the Board of Education, rendering valuable service to the people.

For years Mr. Kelly has been identified with labor interests, first joining the Knights of Labour in its palmy days in Ontario. He has filled nearly all the chief offices in labor bodies. For some years he has represented the local union of brotherhood of Painters and Decorators in the local trades council. He has continuously been elected by the trades council and appointed to represent the American Federation of Labor as organizer for the Kingston district. Mr. Kelly was instrumental in securing amicable settlement of the street railway and other local labor troubles.

Mr. Kelly has always taken an interest in sports, and at one time was a noted sprinter. He also has dramatic ability and played with various local theatrical organizations. For the past several years he has been correspondent of the Labor Gazette, department of labour, Ottawa. He has also written for various newspapers.

In religion Mr. Kelly is a Methodist, and has been identified with Brock and Sydenham street church choirs. Formerly he took much interest in the work of temperance and prohibition. He organized many committees, divisions and lodges of the same character in this city and district.

In Mr. Kelly the Board of Education has a chairman who has given much thought and time to educational matters, and who will fill the position with credit.

Will Help Industries. Bern, Switzerland, Jan. 11.—There is great rejoicing throughout the Swiss Federation over the proclamation of President Roosevelt, conferring upon imports from Switzerland to the United States of crude tartar, still wines, vermouth, brandies and works of art, the reductions provided for in section 3 of the Dingley act. The new arrangement is the result of negotiations for a reciprocity convention between the United States and Switzerland, and its granting was preceded by the voluntary announcement of the Swiss government to extend the favored nation treatment to American imports, without, at the same time preferring any request whatever for a return of the Detroit and the Imperial mines to the American government. It is believed that this new arrangement will be of the greatest benefit to Swiss industries.
