**LETTERS TO EDITOR**  
THE TRUE STORY OF INSUR. ANCE NOT TOLD.

Asking C. W. Wright for Some Facts Alleged to Be Suppressed—A Short Letter From Mayor Mowat.  
Kingston, Jan. 17.—(To the Editor): I was considerably amused to read some portions of the statements of the license inspector in the matter of the cancellation of the city's insurance and his professed innocence of the cause of the cancellation.  
He says almost every policy contains a clause by which the company can cancel a policy; the veriest tyro in insurance should know clause 19 of statutory conditions which all policies contain. This also accounts for the cancellation taking place on the 24th as the company has to give seven days notice after tender of return premium. Why does not Mr. Wright give you the true story of his company getting the policy as it did? Was it not on account of his writing the company that the non-tariff companies agents had tendered for the risk? As a fact the non-tariff agents were never asked to make such tender but L. W. Shannon, as city clerk, wrote the head office of several non-tariff and their reply was to the effect that on account of the smallness of the insurance to the value of the property, at risk, they declined to make a tender. The city clerk can corroborate this.  
Does not Mr. Wright know that at a meeting of the Canadian Fire Underwriters' Association, held in Montreal last spring, this question came up and the matter was referred to a committee. This committee, doubtless, communicated with the head office of the Union in England and there is no doubt that office ordered the cancellation.  
In conclusion could you get Mr. Givens to publish a letter he wrote to the Union in this connection in 1904. If you could it would make very interesting reading.—A NON-TARIFF AGENT.

**Credit Is Not His.**  
Kingston, Jan. 16.—(To the Editor): I am obliged to the writer of the letter signed "Independent" and published in your issue of yesterday for the good wishes he has there expressed. I appreciate his belief in my sincerity and trust that during my term of office he will not feel that he has any reason to change his opinion. I would, however, be quite undesignedly of those good wishes were I to allow credit to be assigned to me as being the one who inaugurated the movement looking to the purifying of our political atmosphere that is the marked feature of the present bye-election campaign. As was mentioned in my letter, published in the local papers of the 9th inst., the credit of making the first suggestion belongs to Messrs. Donald M. McIntyre and W. F. Nickle. My name has been to be cordially agreed by the parties thereto that neither side would seek to make political capital by claiming credit for the understanding that has been arrived at. I try to play fairly and, therefore, in good faith and fairness to my conservative friends, I feel that "Independent's" letter has made this one obligatory.—J. McDONALD MOWAT.

**Want All The Credit.**  
Mr. Lucas wants the Whitney government to get all the credit for the cutting out of bribery in the coming bye-election. In his address last evening he pointed to the marked contrast between the present time and the time when the Ross government was in power. Now there is to be no money spent on votes or for vehicles. When the Ross government was in power, Mr. Lucas declared that it sent out the "healers" to scatter the boodle all over the constituencies, where there were bye-elections. When the liberals were in power, there was lots of money going, but Mr. McIntyre's party wanted the boodle cut out. Mr. Lucas wouldn't give the liberals any credit at all.

**School Items.**  
A large number, forty-seven in all, new pupils have been admitted to the public schools, since the new year, including five so far this week. Inspector Kidd says he looks for the end of sixty new scholars before the end of January and as the spring comes on, with the warm weather, there will be a steady increase of the really young children. All the teachers are at their duties. The boys and the attendance is first-class in all the schools but Williamsville.

The Professor Lived There For Eight Years—Told of the Land Its Beauties and Customs—Nurses in Geisha Costumes.  
"Japan" was the subject on which Prof. D. H. Marshall, of Queen's, talked entertainingly for nearly two hours at Rockwood Asylum, on Tuesday evening. Prof. Marshall is well versed in the customs, manners, etc., of the picturesque inhabitants of the land of the cherry blossoms, having gone there as a professor in a school of science established by England, in 1873, and remaining for eight years, when he came to Canada and became connected with old Queen's.  
When the curtain rose on the stage in the concert hall, the lecturer had a pretty setting in eastern effect. Three pretty "Geisha girls," Miss Critchley, Miss Gibson and Miss M. Webster, were reclining in Japanese style to add to the suggestion of the subject. The lecturer also appeared in costume. He referred to the establishment, many years ago, of the German medical school, and how the result of the lessons taught had been shown so prominently in the case of the Japanese, when the Japanese had come so eminently before the world with their marvelous surgical ability. He thought the Japs were far from being barbarous, indeed they were highly civilized, as attested by their skillful work, in embroidery, in art and in the many finer arts in which they as a nation are particularly skillful. Prof. Marshall had many beautiful and costly examples of their work, which were much admired. Many interesting points in connection with the domestic life of these people of the "land of the rising sun" were detailed, showing their methods of entertaining guests, and how extremely polite hosts are to their guests.  
During intervals, Miss Critchley sang "Karama," and Miss Muriel Webster, in a very sweet voice, rendered "Jappy," and for her encore, "Jewel of Asia." William Shea did a few funny "Chinese" sketches.  
Altogether, the evening was one of unique pleasure, both for the patients, officers and attendants, and the many city friends in attendance.

At the annual meeting of the stockholders of the Cape Vincent Fair Association, the following officers were elected: John B. Kilborn, president; Joseph H. Bates, first vice-president; James O'Neill, second vice-president; Philetus S. Judd, treasurer; Frank Deengremel, secretary. It was decided that the annual exhibition for 1906 should not be held during the week of the state fair.

**The Civic Insurance.**  
The mayor will call a special meeting of the finance committee this week to consider the insurance question, as a new policy requires to be taken out before the 24th. Mr. Wright, agent of the Union Assurance Society, states that no doubt his company would give the city an extension of time, if the council was unable to deal with the matter on such short notice. However, it is likely that a new insurance deal can be closed before the 24th.

**Presentation To Miss Sands.**  
Miss Sandie Sands, daughter of Henry Sands, Kingston, who has been in the advertising department of the Canadian Pacific railway, of Montreal, for the past three years, has severed her connection with the company, and is shortly to be married to William Sykes, of the C.P.R., Winnipeg. On the occasion of her departure, the staff presented her with a magnificent dinner service and an address expressive of their regret at her leaving and their warmest wishes for a happy future.

**CITY HALL MEETING.**

Addresses Were Given By Messrs. Lucas and Gamey.  
There was a large audience in the City hall last evening to hear addresses by R. R. Gamey, H.P.P. for Manitoulin, and L. B. Lucas, M.P.P. for Centre Grey. H. W. Richardson occupied the first speaker's chair, and was D. M. McIntyre, who dealt with some of the political questions of the day.  
Mr. Lucas claimed that the Whitney government had done more in its term of ten months in the past year, than any other government in the world, since the old administration had done in twenty years. The reason why the Whitney government, with its big name, failed to do more, was because it was the first chance for a constituency to approve or disapprove of the government's policy. Mr. Lucas spoke chiefly of the legislation introduced by the attorney-general during the past ten months.  
Mr. Gamey spoke for an hour and a half. He said that if Mr. Whitney was not backed up by the people of Kingston, that encouragement was there for his government to go on with its present honest administration? He criticized the timber dealings of the Ross government, and declared that at the next session of the legislature an investigation would be held to show that, some leading Liberals in Toronto had received large rakes-off, the large sum of \$40,000. Mr. Gamey said having been received by E. B. Johnston, of Toronto.  
Mr. Gamey's speech was long and full of interest. He took a bribe to support the Ross government. He admitted having done so, and said that if he was in the same position he would not act just as he had done before. He called the judges who tried his case, "deliberate liars." Everyone who gave testimony against him, in his opinion, was dishonest. Among them all the only honest one was R. R. Gamey, who took the bribe.

**The Bible Society.**  
On Thursday evening the annual meeting of the Bible Society will be held in St. George's hall. His lordship, the Bishop of Ontario, president of the city auxiliary, will occupy the chair. Principal Gordon and other local speakers will give short addresses. Rev. R. E. Welsh, M.A., of the newly appointed secretary for Canada, will give the principal address. All who have read Rev. Mr. Welsh's books, "In Relief of Doubt," "God's Gentlemen," etc., look forward to his coming with pleasurable anticipation. As a writer he is remarkably interesting and lucid, and as a speaker he will be most acceptable.

**A Jolly Drive.**  
Last night a jolly van load of twenty young people drove to Eginburg, Ontario, in the home of Mr. and Mrs. J. Day, where they were royally entertained. The playing of games for the fore part of the evening, followed by a supper for which "our country cousins" have long been famous, and recognized throughout the length and breadth of the land as the one enjoyable time. When at an early hour this morning the tired merry-makers returned to the city, cheers were raised for Misses G. Geary and G. Enright, the instigators of the night's fun.

**Fishing In Rideau Waters.**  
John H. Boyd, fishery inspector, has been instructed to prohibit all net fishing in the Rideau waters within his territory. Some time ago a petition was forwarded to the department asking that this course be pursued, owing to the fact that the Rideau was rapidly becoming depleted of fish. This change will be enforced one year at least, with a possibility of being extended three years.

**GRAND OPERA HOUSE.**

The Entertainment by the Hammond Company.  
Notwithstanding the disagreeable weather and a counter attraction, the attendance at the Grand Opera House, last evening, was large. The company presented one of the most popular pieces in their repertoire, "A Righted Wrong." The scene of the play was laid in a mining camp in Colorado, and was brimful of startling situations, as well as humor. Miss Pauline Hammond, as "Theresa Ross," and Clifton Whitman, as "Calob Swan," played their parts well, and were decided favorites with the audience. Both are very versatile. Harvey Lawrence as "Gee Whittiker Hay" furnished many exceedingly funny scenes in encounters with his charming spouse, who delighted in brooking him. Eva Morelle, as "Mrs. Hay," delighted in their parts.

**WHAT GAMEY SAID.**

E. R. Gamey made these statements at the City Hall last night:—  
"I'll look after myself every time! you can bet your bottom dollar on that."  
"I don't let any liberal hold jobs under me that I can help."

Shepherding her "seventy-six" un to time, she and her husband by their squabbles kept the audience in roars of laughter. C. E. Oeblich, as "Asa Bice," and Miss Ina May, as "Nettie Bice," alias Kate Cornish, were equal to their parts.  
In the specialties many new features were introduced. The Perry brothers, the boy acrobats, did some clever work, and won the encomiums of the entire gallery. They gave a fine exhibition of their skill. In the illustrated pictures Miss Pauline Hammond sang sweetly, and with much feeling, "In Longing for My Old Kentucky Home," and "The Pines of the North," during which she waved twice the British flag over her head, a patriotic feat which Mr. and Mrs. McIntyre were responsible, he declared, Mr. Gamey wouldn't be admitted and applauded. To-night "The Gambler's Wife," a four-act drama, will be the bill of fare.

**Britt-Nelson Moving Pictures.**  
With all of our newly-arrived interest in fistiana, since the Britt-Nelson contest for the championship was decided in eighteen rounds and "the nation" tasted the aloes of defeat, particular importance attaches to the motion picture of that historic struggle. The air and press of the world are filled with challenges directed toward both men, about the one person who is not looking for another battle is Nelson, they must all come to him, as the holder of the title.  
A study of the motion pictures of the contest, which J. W. Coffroth is sending to Kingston, will be seen at the Grand on Friday and Saturday, January 19th and 20th and Saturday matinee.

**WHAT DO YOU CARE? YOU'VE GOT YOUR HEALTH.**  
Great Natures Do Not Despair at Disappointment—They Look for Something Else to Do.  
The broad-gauged man of to-day does not get blue just because things don't always come his way unless there is something the matter with him. He "falls down" on one proposition he immediately starts right to look up another. He always looks forward and keeps on hustling. A man with his health and faculties has plenty of opportunities and the man who gives up or even feels like it either a small nature or some physical weakness.  
Dyspepsia certainly puts the best of men out of condition for work of any kind. You cannot blame the dyspeptic for getting blue. The very nature of his disease is most depressing and calculated to deprive him of ambition, energy and hope. There is hope for him, however, certain and sure.  
Stuart's Dyspepsia Tablets are recognized throughout the length and breadth of the land as the one cure that's safe and sure. Their unbounded popularity—resulting from the thousands and thousands of cures they have effected, prove beyond the shadow of a doubt their greatness as a cure. Wherein lies their greatness? In the very fact that they are Nature's own simple remedy. They do the exact work in exactly the same way that the digestive fluids of the stomach do because they are composed of exactly the same elements and possess the same properties. They relieve the weak and worn out stomach permit it to rest and to hydrate and rest and grow sound and well. The stomach will get well if it is left alone in its own natural way if it is left alone. That is what Stuart's Dyspepsia Tablets do. They not only let it alone in the stomach but make the food taken into the stomach do its own work. You can satisfy yourself of the truth of this statement by putting the food you would eat into a glass jar Stuart's Dyspepsia Tablets. The process of digestion will be taken up and other digestive fluids would do the work. The action is natural and they cause no disturbance in the digestive organs. In fact you forget you have a stomach when they begin to do their work, so mild and natural is the operation. Stuart's Dyspepsia Tablets are for sale by all druggists at 50c. a box.

**THE DAY'S EPISODES**

**LOCAL NOTES AND THINGS IN GENERAL.**  
Occurrences In The City And Vicinity—Other Brief Items of Interest Easily Read and Remembered.  
There are fifty-two school rooms in the city.  
The bye-election will be on January 29th. Vote for Pence.  
Seventeen days in the new year and navigation still open.  
William Swain, piano tuner, Orders received at McAuley's Book Store.  
The Highland Cadets have resumed their drill. They meet every Friday night.  
There were decidedly few at the city hall last night who swallowed Gamey's story.  
The bye-election campaign will practically open next Monday when the candidates will be nominated at the city hall.  
Canadian Freeman: It is now a foregone conclusion that Mr. Pence will lead the poll by a fine majority. We put his majority down at about 230 easily.  
One of the chief objections of this open weather is that the cats, deceived by its mildness, have inaugurated their summer opera season in the back yard.  
"Hemroid" the greatest internal pile cure on the market, each box fully guaranteed, \$1 a box if it cures. If not you pay nothing. Sold at Best's drug store.  
One moment Mr. Gamey appealed to the liberals for their votes for Mr. McIntyre and the next he insulted them by declaring that he didn't let any liberal hold a job under him.  
"I'll look after myself every time. You can bet your bottom dollar on that," was the statement last night of Gamey, the right-hand man of Mr. McIntyre, who called two honored Canadian judges "deliberate liars."  
Gamey, also, wants to give Mr. McIntyre all the glory for cutting out the spending of money for votes and cabs in the coming bye-election. Whitson and McIntyre alone were responsible, he declared, Mr. Gamey wouldn't give Mr. Pence a bit of credit for a purely election.

A citizen declares that Belle Island instead of being unproductive, as stated at Monday night's council meeting, has been producing every year for a good sum. He points out that where a property is rented, thus allowing a revenue to be derived therefrom, that remission of taxes should not be granted.  
The Ontario Educational Association meets in Toronto during Easter week, beginning April 17th. The programme of the trustees association is to hand. J. G. Elliott is to give a second address on "Citizenship." Other speakers are G. A. Aylesworth, Newburgh; A. H. Leake, Toronto; J. E. Farwell, Whitby; J. H. Lawton, Parkhill; L. K. Murray, Oshawa; W. Kelly, Guelph; Mr. Parkinson, Toronto.

College, and who served three years in the U.S. Army, writes: "I have used Fruit-a-tives for many years, and I can say that it is a most valuable medicine for all ailments of the Throat and Lungs. It is a high class formula, good for young and old. A few drops will cure a cold in a few hours. It is a positive cure for all ailments of the Throat and Lungs. Sold by all druggists or mailed in plain packages on receipt of price. Write for Pamphlet. The Wood Medicine Co., Windsor, Ontario."

**Wonders of Fruit.**  
"Fruit-a-tives" (Fruit Liver Tablets) are concentrated fruit juices. And it is these fruit juices that cure Constipation, Biliousness, Headaches, Indigestion, Palpitation of the Heart and all Troubles of the Stomach and Kidneys. A leading Ottawa physician discovered a process by which he could combine the juices of Apples, Oranges, Figs and Prunes and by adding another atom of bitter principle from the Orange peel, completely change the medicinal action of the fruit juices, giving the combination a far more powerful and more beneficial effect on the system. "Fruit-a-tives" are tablets made of this combination of fruit juices—and they have made most wonderful cures of Stomach, Liver and Kidney Troubles and of Blood and Skin Diseases. 50c a box.—Ask your druggist.
