## MEDICAL EXAMINER

Of the United States Treasury Recommends Pe-ru-na.

**Prominent Physicians** Endorse Pe-ru-na.

DR. LLEWELLYN JORDAN, Medi-cai Examiner of the U.S. Treasury Department, graduate of Columbia College, and who served three years at West Point, has the following to say of

"Allow me to express my grati-tude to you for the benefit derived from your wonderful remedy. One short month has brought forth a vast change and I now consider myself a well man after months of "Fellow sufferers, Peruna will cure you."--Liewellyn Jordan.

Doctors have been loathe to endorse a eatarrh remedy because catarrh and catarrhal diseases have puzzled the medical fraternity for many decades. The popular endorsements that Peruna has received at the hands of the people have induced a great many dec-

tors to try the remedy. More prominent physicians use and endorse Peruna each year. Dr. A. Morgan, 214 Gater Street, In-

dianapolis, Ind., writes: "Regular physicians do not, as a rule, endorse patent medicines. I have, however, found in my practice that Peruna is a notable exception and not at all like any other medicine gen-evally sold as 'patent medicine.' "In examining it I find that it is a

scientifically prepared medicine, composed of herbal remedies of high medicinal value. "It is a specific for catarrh of the head, lungs or stomach, a fine remedy

for female troubles, and invaluable to mothers and children. "After fevers or other protracted illness, it is one of the best tonics I know of to restore the system to normal condition and I recommend it to convalescents. "It is a high class family remedy,

good for young and old."-A. Morgan. Peruna occupies a unique position in medical science. It is the only internal systemic catarrh remedy known to the medical profession to-day.

Robert R. Roberts, M. D., Washing ton, D. C., writes: "Through my own experience as well as that of many of my friends and acquaintances who have been cured or relieved of catarrh by the use of Hartman's Peruna, I can confidently recommend it to those suffering from such disorders, and have no hesitation in prescribing it to my patients."-Robert R. Roberts.
