Lift Lock Report Scandal.

Ottawa, Jan. 27 .- The report of Mr Holgate, C.F., of Montreal, embodying the results of his investigation into the complaint that the lift lock at Peterboro' was improperly constructed is said to disclose a most serious condition of affairs. It is alleged, if rumor be true, that no comprehensive plans were prepared, and that the work was faulty and carried on in a sort of haphazard way without preper supervision. The lift lock now leaks badly, and, although the blunders made are not irreparable, therepairs will involve a considerable sun of money.
