## AN OFFICIAL RECORD

**THE COLD WAS QUITE INTENSE IN MONTREAL.**

But This Morning There Was a Slight Change—The Ladies' Curling Clubs Are Busy at Their Games—Big Increase in Rinks.

Montreal, Feb. 6.—Although the official records give the minimum temperature, last night, at twelve below zero, there were many thermometers which gave it a still lower count and most citizens felt it that way. The night was clear and bright and fortunately without much wind else the coldest night of the winter to date might have been much more trying.

This morning the temperature is somewhat easier but still below zero.

The third annual bonspiel of the Ladies' Curling Association opened, this morning, when play in the first round for the coveted trophy took place in the rink at St. Andrew's.

One hundred and twenty-five ladies are taking part in the rink and point competitions, a big jump from the figures for last year when the entries totalled between seventy and eighty.

In the rink competition there are entered eighteen men and fourteen ladies. The members of rink entered by outside clubs had arrived last night, with the exception of the ladies from St. John, N.B., who came in this morning.

An unfortunate feature with regard to rink, entered by two clubs from St. John and St. Andrew's, is that they have been drawn to play against each other in the first round. Rinks taking part are Ottawa, Montreal, Ormstown, Lachine, Perth, Ont., Sherbrooke, Que., Utica, N.Y., St. John, Que., and Kingston, Ont.

## FINLAND RADICAL.

**Prepare For Support of Russian Revolutionaries.**

St. Petersburg, Feb. 6.—The Novoe Vremya to-day, declared that it had evidence that the radical organization in Finland was preparing for open war in support of the next outbreak of the Russian revolutionists. This statement is undoubtedly correct, so far as the Finnish extremists are concerned, but the nationalists, and even the socialists, are organizing a diabolical connection or even sympathy with the violent measure.

**Holding Services.**

Wagauville, Jan. 29.—We are having fine weather now. The roads are very dry, the snow is melting for more snow, so they can get to work again. ## GIFT FROM Y.I.C.B.A.

**TO THEIR PRESIDENT J. J. BEHAN.**

**His Services of Twenty-Five Years Warmly Appreciated—Mr. Behan Said He Was Honored by Their Devotion and Confidence.**

A pleasing event occurred at the regular meeting of the Young Irishmen's Catholic Benevolent Association held in their hall on Monday evening.

Near the close of the meeting, on motion of vice-president, the regular order of business was suspended, and the secretary George Hanson, read the following address to the president, J. J. Behan:

"After twenty-five years of active service in our midst, and chiefly as a small manner, our appreciation of your services and good fellowship. You have, during your term of office, seen many members join our ranks and enjoy the hospitality of this good old hall. You have also seen many leave us to better their positions under other suns, but time has permitted us to remain as Irishmen, at least in spirit, for there is not a member of the association who has not a warm spot in his heart for the old Y.I.C.B.A., and if possible a warmer feeling for its president.

"Since you assumed the position of our chief officer, you have always given your advice cheerfully and wisely, working for the best interests of the members all the time, and although this symbol of appreciation of your services is small, it expresses in a measure the very best wishes of your fellow members.

"In presenting this cane and pipe, a slight token of our regard and respect, we heartily wish you and Mrs. Behan years of health and prosperity."

Peter Clarke, on behalf of the association, then presented President Behan with a beautiful chony cane, with a massive engraved gold head, a gold-mounted pipe, in case, a fine cigar holder and a box of cigars.

The presentation came as a complete surprise, so quiet had the matter been kept by the members. President Behan, on rising to reply, expressed his sincere and heartfelt appreciation of the kindness of his fellow members for the magnificent presents, and also for the kind and complimentary sentiments conveyed in those words.

He assured his brother members that he did not need these tangible proofs from the members to assure him that he was honored by their devotion and confidence, for during the past twenty-five years as an officer he had abundant proofs of it, and on many occasions, but none the less did he appreciate these costly gifts as one crowning testimony of their good-will. He expressed his gratitude to his brother members, very pleasantly, and that he would ever remember their kindness.

**Junetown Personal.**

Junetown, Feb. 5.—Mrs. Peter Ferguson, Brockville, was recently guest of her sister, Mrs. M. G. Herbison.

Mr. Wagar, very pleasantly entertained a number of their young friends from Yonge Mills, on Friday evening. Miss Blanche Herbison has returned from visiting friends at Lansdowne and Rockfield. Mrs. William Taylor has recovered from an attack of influenza. John Lakin has greatly improved the appearance of his dwelling. Frank Fortune is somewhat improved in health.

**Breath Didn't Worry Her.**

"Aunt Tabitha," said the minister, "don't you know that the Good Book says that nothing unclean can enter the kingdom of heaven? What will you do when you are refused admittance because of your breath polluted by tobacco? What have you to say to that?"

Aunt Tabitha puffed calmly over. Then looked the minister sternly over. Then taking the pipe from her mouth she answered, "What I say to that, young man, is that I 'spects to leave my breath behind when I goes to heaven."

**The Best Way To Clean Clothing.**

The English Society of Arts offered a prize for the best process of cleaning silks, woollens and cotton fabrics—one that would not change their color or injure them in any way. The winning recipe was as follows: Grate two good-sized potatoes into a pint of clear, soft water. Strain through a coarse sieve into a gallon of water and let the liquid settle. Pour the starch fluid from the sediment and it is ready for use. Rub the articles gently in the liquid, rinse thoroughly in clear water, dry and press.

**Stages Will Come Through.**

It is expected that to-morrow, the stages will be running right through from Kingston to Cape Vincent. The United States channel is always later in freezing, but this extra cold snap has put a good coating of ice over it. To-day the cape passengers were transferred from the cape to Wolfe Island in ice boats.

**Accident Insurance**

TENDERS WILL BE RECEIVED BY the undersigned up to FIFTEEN minutes past 8 p.m. for a policy of \$12,000, covering twelve months, for members of the Fire Department, for \$1,000 each against death by accident, with an indemnity of \$500 per week in case of accident or sickness. At a similar policy with an indemnity of \$100.00 per week, each step of accident or sickness. Tenders to give a list of addresses.

L. W. SHANNON, City Clerk, Kingston, Ont., Feb. 5th, 1906.

## "Multiplicity" the Word Regarding Our Dress Goods

"Laidlaw's for Dress Goods" is a remark heard nearly every day from some pleased customer. Every season the reputation of this store for fine Dress Materials settles more firmly on the record of many years. Proudly but truthfully we may claim that for exclusiveness of design and colorings we have no superiors, while at the same time our prices are a little lower than with other stores, and within the range of everybody. It is the old alliance we have always fostered—Quality plus Economy. It is well to keep this store to the forefront of your consciousness at this time when new goods from Europe are arriving. Cream materials are especially apparent just now, and the under-noted are well worth more than a passing glance.
