NEW SCIENTIFIC PROCESS.

A Preparation Discovered That Will Destroy the Dandruff Germ.

For some time it has been known that dandruff is caused by a germ that digs up the scalp into little white flakes, and by sapping the vitality of the hair at the root, causes falling hair, and, of course, finally baldness. For years there have been all kinds of hair stimulants and scalp tonics on the market, but there has been no permanent cure for dandruff until the discovery of a preparation called Newbro's Herpicide, which destroys the dandruff germ. Destroy the cause, the effect will cease to exist. Kill the dandruff germ, and you'll have no dandruff, no itching scalp, no falling hair. Sold by leading druggists. Send 10c. in stamps for sample to The Herpicide Co., Detroit, Mich. G. W. Mabood, special agent.

POLICE FORCE PAY RAISED.

Meeting of Police Commissioners, Monday.

Mayor Morat, Judge Price, Magistrate Farrell and Chief Bailiff constituted the meeting of the police commissioners, in the police court, this morning. It was decided to increase the pay of the members of the police force. They are to now receive about \$2 per month more than has been the salary during the past twenty-four years. Correspondence from about all the cities and towns in the province showed Kingston's to be approximately the poorest paid force.

Three Curling Matches.

Brooms flying, the slipping and sliding of screaming enthusiasts, proclaimed the fact the local "tams" were going it for fair with their curling on Saturday. Seven is a perfect number, but proved the "ruination" of each rink that aimed at it for a final score.

Henderson's bunch trimmed Knight's with the polite touch-down for eight points.

E. A. Reid, A. Macrie, H. Wallace, L. Henderson, skip-15.

Prof. Marshall, J. McEachern, J. Gibson; Dr. Knight, skip-7.

The bunch of brooms and granites belonging to Slater were overcome by the "tams" by a score of five points.

The local curlers go to Nanapanee for a game, Tuesday afternoon.

Knocked Down By Horse.

Alderman John Carson was knocked down by a horse on the corner of Wellington and Brock streets on Saturday afternoon. A runaway had rushed by easterly, and a crowd gathered at the corner. A sleigh driven by two boys came along, and the ladies were busy watching the gathering to keep clear of those on the crossing. Their horse bowed over the board of works chairman, but before it could run over him, it was seized by Lieut. Col. Hadon and J. H. Mills. Ald. Carson was thus saved from a severe tramping. As it was he rendered sore enough, and his coat torn.

Death Of A Lady.

On January 25th last, occurred the death, very suddenly, of Mrs. Sarah E. Ferris, at Niaga, Manitoba. She was a sister of the late Mrs. James Bennett, of King street west, Kingston, and was well known by a large number of citizens, having lived here for a number of years. Five children survive, four sons and one daughter. Her husband died some years ago. She is also survived by two sisters, Mrs. Ribbel, New York, and Mrs. Vanorder, Bath Road, and one brother, George S. Clarke, of Los Angeles, Cal.

Cooke's Church News Notes.

At the last meeting of the management of Cooke's Presbyterian church, it was decided to hold a special meeting of the congregation on Wednesday, the 21st, to discuss the proposition of buying a new organ. The church people are universally of the opinion that a new organ is needed, yet the ready money is not at hand and a church by-law prevents a mortgage being put on the church. At the meeting elders will be appointed.

Ontario Bank Improvements.

The Ontario bank building corner of King and Clarence streets is undergoing extensive improvements. The basement formerly used as insurance and broker's offices is being made into one and will be fitted up in an up-to-date way to be used for the savings department. From the up-stairs bank proper, a stairway will lead to the department.

G.T.R. AND JAMES BAY RAILWAYS FIGHTING.

Each Says the Other Must—Judge Testel is on the Bench—Old "Right of Way" Difficulty.

Toronto, Feb. 12.—The Grand Trunk and James Bay railways are in single court before Judge Testel, to-day, fighting for the possession of the right of way across the Grand Trunk siding, that runs into Davies' brickyard in the Don Valley. This is one result of the clash between the two companies last week, when the James Bay people used dynamite to keep the Grand Trunk away from the siding. Two motions for injunction are being heard, one from the Grand Trunk to prevent the James Bay road crossing its tracks, and the other from the James Bay road to prevent the Grand Trunk from interfering with it as it crosses the Grand Trunk tracks. Wallace Nesbit, K.C., for the Grand Trunk, is arguing that where it is a private siding, in this case, no other road has a right to interfere.

An application was filed at Osgoode Hall, to-day, to wind up the A. A. Osborne company, limited, general agent, Montreal, the petitioner being James Lumbert, Toronto, a creditor for \$500. The directors are Charles E. Smith, A. A. Osborne, James F. Ferrie, and Rhoda L. Smith. The capital stock of the company is \$40,000. The petitioner says that one of the directors has sold the company indebted to the Western bank, and that book debts to the amount of \$4,000 are assigned, and that there are outstanding debts of \$7,000. The company has made an arrangement in the meantime.

Chief Justice Mulock, today, granted an order permitting the Canadian Colored Cotton Mills company, of Merriton, to move to Dundas; an order of the court was necessary for the protection of the shareholders.

A deputation from the Premier Day Alliance waited upon Premier Whitney, to-day, and asked for the passage of a draft bill to prevent the running on Sundays of railways that are not used for mail purposes. They said they understood that the government intended to change the present law regarding the running of street railways. Premier Whitney replied that the government did not propose any retroactive legislation, and, in regard to the request of the deputation, the government would consider it.

BEER AND PIGS' FEET.

Conservatives Ungrateful to Benefactor Nesbitt.

Toronto, Feb. 12.—"He has spent thousands upon thousands of dollars on behalf of the conservative party. He has given you moonlight parties. He has fed you and has given you banquets. He has gorged you with beer and pigs' feet. Yes, he has, and now with base ingratitude you pelt him with the bones of the pigs' feet." Such was the language of E. B. Eddy, N.E. Newsome, of the third ward conservatives in St. Paul's hall, on Saturday night, in defence of Dr. Beattie Nesbitt. Cries of order were shouted from all parts of the hall.

"I knew that I was stirring up a hornet's nest, when I stirred it up," shouted Mr. Newsome. "You can't do me." There were more cries of "Oh, Mr. Chairman," and "Order, order."

"I shall be a candidate for North Toronto," declared Mr. Newsome, defiantly, above the din. Mr. Newsome explained later that he meant that he would be a candidate for nomination. The meeting was called for the purpose of choosing delegates to the convention.

POVERTY OF CLERGY.

Many Anglican Churchmen Starving, Says Archdeacon.

London, Feb. 12.—It is a thing which has been often pointed out, but put in a few straight words, as by the Rev. William Sinclair, archdeacon of London, preaching at Eastbourne today, the extreme poverty of a great number of the Anglican clergy in this country seems almost a piece of news. The people do not realize, said the archdeacon that the Church of England needs re-endoing. A large portion of the clergy are improprietly fed, and sometimes die of it. Mr. Newsome said that he meant that he would be a candidate for nomination. The meeting was called for the purpose of choosing delegates to the convention.

E. B. EDDY'S FUNERAL.

Many Prominent Canadians in Attendance.

Ottawa, Feb. 12.—Many prominent people from various parts of Canada arrived in the city to attend the funeral of E. B. Eddy, this afternoon. The body is to be taken to Bristol on the four o'clock train. The service at the house was conducted by Rev. Dr. Herdige, assisted by Rev. W. J. McIlroy. The body was borne to the hearse by men from the works. The honorary pallbearers were M. F. Avery, H. N. Rate, Henry Halken, J. R. Booth, C. E. Graham, J. T. E. H. Lemay, (Montreal), Dennis Murphy, Hon. Justice Rochon, and N. Trepan, J.P.

The Doctor Was Fooled.

An eminent physician had cured a little child of a dangerous illness. The grateful mother turned her steps towards the house of her son's saviour. "Doctor," she said, "there are some things which cannot be repaid. I really don't know how to express my gratitude. I thought you would, perhaps, be so kind as to accept this little token of my appreciation." "Madam," replied the doctor, coldly, "medicine is no trivial affair, and our visits are to be rewarded only in money. Small presents serve to sustain our families, but they do not sustain our faith."

"Put, doctor," said the lady, alarmed and wounded, "speak—tell me the fee."

"Two hundred dollars, madam."

Y.M.C.A. Basketball.

To-night at the Y.M.C.A. in the Williams' cup basketball series there will be two matches: Rough Riders vs. Thistles; Indians vs. Amateurs.

The junior basketballers did not have a set on Saturday morning, the game having been postponed.

VICE-REGAL PARTY

HAS REACHED MONTREAL FROM OTTAWA.

They Will Be Busy People for the Week—Many Public Functions—Private Entertainments for Younger Members.

Montreal, Feb. 12.—Their excellencies, Earl and Countess Grey arrived here to-day, from Ottawa, for a ten days' visit, and the programme which has been prepared for their participation means that they will be exceedingly busy people during their stay.

Upon their arrival they took up residence at the mansion of Lord Strathcona, Dorchester street, west. Viscounts and Viscountesses Ingersoll, who were their guests at government house, will also be here for a week, and have taken quarters at the Windsor for that time.

Accompanying the vice-regal party, are Lady Victoria Grenfell, the Ladies Sibyl and Evelyn Grey, and Lady Alice Beaudet.

To-night the attraction will be a fete on the Park toboggan slide, and to-morrow night Earl Grey will attend the annual dinner of the medical faculty of McGill. Many private entertainments have been arranged for the younger members of the party. Several conventions will take place in which his excellency is interested, and which he will attend, besides which there will be a large conversation and ball, and the celebration of the bicentenary of the Nipmistic society.

INCIDENTS OF THE DAY.

Newspapers Picked Up By Reporters on Their Rounds.

Mrs. Helen Chisholm, Detroit, is at the Randolph Hotel.

The ice-cutters in the harbor are taking advantage of these moonlight nights.

Order your drug wants by telephone. 230, Gibson's Red Cross Drug Store. Prompt delivery there.

Never was the ice in the harbor known to crack so much. Its rapid freezing last week is likely the cause. The city council will meet this evening in Ontario hall, on account of its chamber undergoing repairs at present.

H. A. McKim, formerly of Frontenac, is located at Manhattan, Nevada, a rising mining town, and will build a store.

There was an insurance of \$500 in the British American company, on Coon's home on Division street. The house was valued at \$600.

The most prompt delivery from any of the city is from Gibson's Red Cross Drug Store, Phone 230.

At the Royal rink on Saturday evening, the Crescents defeated the Rideaus at hockey by five to two. The Crescents played five men to Rideaus' seven.

There is no improvement in the condition of Charles G. Oliver, who suffered a paralytic stroke on Saturday, and the doctor in attendance thinks there is little chance for his recovery. The stroke was a very marked one.

One For Seath.

Windsor Record.

Speaking of Dr. Seath's grammar, now in use in high schools, recalls an incident of which the scene was laid in the Windsor Collegiate Institute when Mr. Sinclair was principal.

Mr. Seath was making an official visit, and during the day asked Mr. Elliott, a member of the staff, to give a lesson in grammar designed to illustrate his method of presenting a particular branch of the subject.

"That is in the hands of my lesson," said Mr. Elliott, when he had finished his lesson, "but another authority recommends this way," and for the inspector's enlightenment he gave a second illustration.

"And that fool recommends the latter plan?" said the inspector with marked scorn.

For answer Mr. Elliott reached out and handed Dr. Seath his own text-book.

It is said that the doctor since that time has been less exacting on the subject of grammar when he comes to Windsor.

When Choosing A Hat.

The girl whose nose tilts skyward is apt to have piquant features, and will need to use much discretion and taste in selecting her hats, says London Tit-Bits. Big hats will be a loser, as a rule; her features dwarf into insignificance under them. But her hat, though not too big, must combine an element of the picturesque and irregular. A small toque, smartly put together with a suggestion of fluffiness and chic, will suit the girl, raised a trifle on one side, can also be worn. A small picture hat is always becoming, but take care that you don't overstep the danger line and indulge in one too big. Never wear a hat with a wide brim that will pull down to meet the tip of your nose, as this will surely draw particular attention to the feature you wish noticed the least.

Waited A Long Time To Get Even.

A most remarkable case, arising out of a wife's desertion of her husband, is reported from Iowa. Fourteen years ago the wife of a prosperous farmer in that state deserted him and went to California with another man. Arriving there the woman's new partner accumulated considerable property, which he put in the name of the woman with whom he had run away. In course of time the man who had stolen the other man's wife died, and then the husband of the runaway woman brought suit to recover the property, which had been placed in her name by the man with whom she had eloped, and the courts have sustained the claim. The amount involved is about \$40,000.

While there has been much talk on the matter, the local ice yachtsmen have not yet decided on having any races yet, but the probability is that before the week end some races will be pulled off. All those who have boats are now out and it remains for some energetic sportsman to get the right "heat" raised.
