Woman Mixed Up in Case--Charged That He Persuaded Neighbor's Wife to Leave Him and Was About to Join Her.

Brockville, Ont., Feb. 14.-Robert Atchison, a wealthy and elderly resident of Westport, was arrested here on a capias yesterday by the deputy sheriff for alleged attempt to leave the country, after being served with a writ for \$5,000 damages for alienating the affections of W. A. Lamond, another resident of the village. Atchison is a widower, and boarded with Lamond. The plaintiff alleges that in his absence from home three weeks ago, Atchison induced Mrs. Lamond and her three children to leave for parts unknown. The husband located them in Perry, O., whither he went to in-duce his wife to return, but she refused. He returned with two of the younger children, who are now being cared for at Smith's Falls.

It became whispered around Westport that Atchison intended joining the woman. He was followed to Brockville by Lamond, and, as it was supposed, he was on his way to the United States, a capias was granted by Judge Reynolds, upon which he was arrested and lodged in jail, The prisoner is prominent in religious circles in his native village, where the episode has created interest, Mrs. Lamond is forty-five and Atchison sixty five years of age.
