Linen News That Will Save Money on Friday

Six pushing retail firms, of whom we are one, decid. ed a few months ago that they needed an expert linen buyer in Ireland. A man was found, not an ordinary observer, but one who could tell and appreciate the value of a bit of linen at a glance, and now he has his headquarters in Belfast. But he operates all over the little Emerald Isle, and not much escapes his notice in the way of a really desirable lot of linen. Some time ago he heard of several choice specials and went after them with the determination to secure them if possible To cut the story short, we'll just tell you that we received our share of each of these lots yesterday, and Friday was at once set as the day for the thrifty and economical people of Kingston to save money on necessal articles. So, here we'll list them :-

HUCKABACK TOWELS

800 only. Linen Huckaback Towels, 39x20 inches in size, pure bleached, hemmed ends, a towel which would be considered excellent value at 20c., and we know of parties in Kingston getting even 25c. for just the same quality, on Friday Morning after 9.30 o'clock, sale price, only .....

Now Comes a Talk for Knitters--lt's Lengthy But It's Worthy

While we strive always to have whatever there are in the beyarns for knitters, and thus save our customers the disappointment of not finding just what they ask for at any time, yet we cannot be noticing the strong and ever-strengthening popularity of makes. Probably more of the famous "Beehive" Yarn, made by J. & J. Baldwin, of England, is used than any other make we sell. For your own safety, though, we want to tell you something about the yarns this firm manufactures. There are two qualities, the commoner and poorer being tagged with a slip bearing the mark of three B's like this, B.B.B., and this grade we want you to remember is the

ONE WE DO NOT SELL

The grade we do sell is the g enuine "Beehive" quality, ticketed as such in a manner that protects all customers, who show just a little bit of care, from being shown and sold the inferior grade for the genuine "Beehive." Look for the tag bearing the name "Beehive" or each and every skein, and you'll get yarn satisfaction. In white and black and colors.

"Unbreakable

The genuine "Unbreakable" Yarn; the yarn which by ever-reliable strength and evenness, has found a warm place in the heart of every knitter, can be procured in Kingston from Laidlaw's, and from Laidlaw's only. We have had some trouble with unscrupulous dealers who have offered other yarns to customers as the genuine "Unbreakable." It cannot be the genuine, as we absolutely control the sale of the same in Kingston, and have offered a standing reward of twenty do lars (\$20) for any information which will convict anyone besides those in our store, offering for sale any yarn represented as Laidlaw's "Inbreakable" Like the "Beehive" quality mentioned above, every skein of genuine "Unbreakable" is labeled with a slip containing these words, "Laidlaw's Unbreakable Scotch Finguring Yarn." If you are looking for a yarn of extreme strength combined with evenness cleanness of make, come here and get the only genuine "Unbreakable." In black, white, and all the popular colors. SHETLAND FLOSS, in black, white and all colors? SINGLE AND DOUBLE BERLIN WOOLS, in all wanted ahades.

FAMOUS "WYVERN" SAXONY YARNS, made specially for the making of socks and mitts and having already gained a great repuls tion for reliable strength.
