TO TRANSFER DAMS.

Ontario Offers to Hand Over Works on Trent Canal.

Ottawa, Feb. 16.—The dominion government have an offer of the Ontario government to transfer to them the dams and locks on the Trent Valley canal, which were owned and operated by the provincial authorities. This is the result of negotiations which have been in progress for the past year and a half.

At a negro convention in Macon, Ga., Bishop H. M. Turner, of the African M. E. church, declared the American flag to be "a dirty and contemptible rag," and that "hell was an improvement on the United States when the negro was involved."

THE GOSSIP

In Chinese Teahouses Is Somewhat Alarming.

ANTI-FOREIGNISM

OF PROVINCIAL VICEROYS IS VERY MARKED.

Whispered About That China and Japan Together Will Repay Western Nations for Their Indignities.

Shanghai, Feb. 10.—It is reported that the foreign mission at Nganking, province of Nganhwei, has been attacked by a mob of natives. It is believed that nobody was killed or hurt. It is common talk in the native teahouses that the Chinese assisted by the Japanese will be able soon to repay the occidentals for all the indignities and oppressions the Celestials have suffered from them.

Many of the great provincial viceroys are showing marked anti-foreignism, which they hardly would dare to do unless they thought that Pekin approved.

Efforts are quietly being made to recover the privileges granted to foreigners at the treaty ports.

MAILS BURNED.

New York, Feb. 16.—A large portion of the Australian mails, for Canada and the United States, numbering over fifty bags, have been destroyed by fire in transit from San Francirdo to eastern points.

FROM PATHOS TO TRAGEDY.

'Twas a Case of Evading the Law.

Victoria, Feb. 16.—A different complexion to the story of the Los Angeles elopement and its tragic sequel in the drowning of Lulu and Mabel Rowland and Roy Hazard on the Valencia is given in a statement made to Superintendent Hussey by Mr. Rowland, father of the girls.

He says that while he has common object with E. L. Hazard in searching for their dead, there was no elopement, and Hazard, a villain of the deepest dye, is responcible for the death of the three young people.

Hazard, a wealthy real estate dealer, he declares, is now under $5,000 bonds pending his trial for assault committed upon the sixteen-year-old girl. Roy Hazard, by his father's suggestion, he says, induced the girls to leave under fictitious names in order that the material witnesses might be out of jurisdiction when the case comes to trial.

FAMILIES WANT ESTATE.

Hastings Man, Married Thrice —Property Tangle.

Peterboro, Ont., Feb. 16.—A strange story comes from Hastings. About a year ago John W. Carnnike was killed in a tannery in that village. He left some real estate and personal property. Letters of administration were taken out to wind up the estate, Carnnike dying intestate.

Now there are several claimants after the property. In 1870 deceased married Lydia Crosby, of Murray township, who left her husband three years after, going to Buffalo, where she has resided ever since. Carnnike later married a Toronto woman and had several children. She died six years ago and he then wedded a Hastings bride. Now a daughter and legitimate child of the deceased and his first wife have turned up and claim the property, so do the children of the second wife. By his third wife deceased had one one child.

Big Cotton Pool.

New York, Feb. 16.—The recent rumor of the formation of a cotton pool, the object of which is to buy up 400,000 bales of cotton of the last crop, is now definitely confirmed. The syndicate which has contributed a fund of more than two million dollars to finance the pool, is headed by Edward R. Thomas, a young New York banker, largely interested in the Consolidated National Bank and the Mechanics' and Traders' Bank. He will be the manager of the cotton underwriting syndicate. With him will co-operate a number of prominent men of finance, among them Joseph H. Hoadley, who succeeded to the position vacated by Daniel J. Sully, when failure overtook that famous cotton market operator. It is understood also that the Southern Cotton Growers' Association will co-operate with the new syndicate. The object of the pool is said to be not to influence the speculative cotton market, but to help the southern cotton dealers to obtain thirteen cents a pound for their unsold cotton. The pool is the largest cotton pool ever formed in this country.

Successor To Dr. Rainsford.

New York, Feb. 16.—The Rev. Hugh Birckhead has accepted the rectorship of St. George's church, which was made vacant by the resignation of the Rev. Dr. Rainsford. The acceptance was received yesterday by Senior Warden J. Pierpont Morgan.

Mr. Birckhead was formerly assistant to Dr. Rainsford. He is in Cambridge, Mass., but will return to this city in time to occupy the pulpit of St. George's next Sunday.

E. C. Roberts and F. E. Marioney have arrived at Edmonton from Lesser Slave Lake with thirty-eight packs of furs valued approximately at $30,000. They report great prosperity in the north except among the Reindeer Indians, who are in great destitution owing to the failure of the reindeer.

May Be Intended For China.

Washington, D.C., Feb. 16.—A large part of the troops which recently sailed from New York and San Francisco, will be quartered in a large camp near Manila. The principal camp will be under the command of Brig.-Gen. J. M. Lee, who has been relieved at his own request, from duty in the command of the department of Texas for duty in the Philippines, where he will serve until his retirement in January of next year. Gen. Lee is a member of the famous fighting 9th Infantry, and one of the important official papers which have never been published is that officer's defence of the regiment against the criticism of its work in China and elsewhere. It was expected that Gen. Lee would succeed W. H. Carter in command of the department of the Visayas, but some other officer evidently will be detailed for the duty. There is still much speculation as to the employment of these troops which will be under the command of Gen. Lee. The only statement which has been officially made is that the troops were sent to the Philippines at the urgent advice of Gen. Leonard Wood.

MR. BALFOUR

Will Be The Leader Of The Unionists.

A UNANIMOUS VOTE

OF CONFIDENCE IN HIS LEADERSHIP PROPOSED.

Duke of Devonshire Strongly Opposes Tariff Reform—Regrets Apparent Agreement Between Balfour and Chamberlain on Fiscal Question.

London, Feb. 16.—About 400 were present at the meeting of the unionist party, at Lansdowne House, yesterday. Mr. Balfour, who was in the chair, appealed to the party to be united against a common enemy, for in unity alone could their power for good lie.

The Duke of Norfolk proposed, and Col. Saunderson seconded the vote of confidence in the leadership of Mr. Balfour.

The Duke of Devonshire, in supporting the resolution, expressed regret that correspondence between Mr. Balfour and Mr. Chamberlain seemed to indicate that they were in substantial agreement on the fiscal question. For

QUITE RIGHT.

Ottawa, Feb. 16.—The Canadian Manufacturers Association will forward a memorial to Hon. Mr. Fielding asking that preference be extended only on goods coming in through Canadian ports.

his part he was willing to fall in line with the party on every question except that of tariff reform.

Mr. Chamberlain also adressed the meeting, and said that the duke had rather unfairly called him a protectionist. He dissented from that name. If his grace's view prevailed, it would mean that the majority of party would have to submit to the minority which could not be to their advantage, either in parliament or in the country.

The resolution of confidence in Mr. Balfour was carried unanimously.

QUITE IMAGINARY.

The United States Has Not Sought to Help.

London, Feb. 16.—The Algeciras correspondent of the Telegraph quotes Mr. White, one of the Amweuxan delegates to the Moroccan conference, as saying that the rumor that the United States would arbitrate between France and Germany was absolutely imaginary. Mr. White declared it was ridiculous to talk about arbitrating a question which had to be examined by an international conference. Nevertheless the talk of American arbitration continues in Paris and Berlin. According to the Berlin correspondent of the Daily Mail, it is officially stated there, that the United States wishes to mediate.

Big Mexican Mining Deal.

New York, Feb. 16.—The details of one of the biggest deals in Mexican mining property ever reported in this country, have just been given out by Frederick W. Baker, the president of the Venture Corporation, limited, of London, and this city. The company has just purchased the Real del Monte silver mines at Pachuca, Mexico, sixty-two miles east of Mexico City. The property consists of over six thousand acres, and includes 170 different mines. Mr. Baker says that this is the most important group of mines which has ever gone out of the hands of the Mexicans into the control of American and Englishmen.

Boom In Auto Industry.

New York, Feb. 16.—Some highly interesting figures are contained in the statistics just published concerning the marvelous growth and present state of the automobile industry in the United States. According to the figures the number of automobile manufactories in the United States reached seventy, with an aggregate capital of $21,313,000, and the number of machines produced in these factories last year was 29,500, valued at $44,250,000. An industry, which shows such a record five years after its establishment is surely one which is entitled to a leading place among the industries of the country.

Drummers Want Clean Sheets.

Columbus, Ga., Feb. 16.—There is a strong agitation among the travelling men in this state in favor of the bill, which the president of the Commercial Travellers' Protective Association has requested Representative McMichael to introduce and push through the legislature. The bill provides that a hotel-keeper shall not assign his guest to any room in which the bed linen has not been changed to clean linen since it was last occupied. Travelling men in all parts of the state are carrying on a vigorous campaign in favor of the bill and an effort will be made to exert sufficient pressure upon the legislature to induce them to pass the proposed law.

IN A WEEK'S TIME.

The Work of Formulating Details Proceeds.

New York, Feb. 16.—The anthracite miners' sub-committee, appointed at yesterday's conference, between the coal operators and the union's special committee, to-day, began the work of formulating in detail the proposals which have been already presented in general form to the employers. It probably will be at least a week before the committee has its report ready for submission to the sub-committee of seven appointed by the operators.

INCREASE IN FEES.

The Prices for Licenses to Be Advanced.

Toronto, Feb. 16.—An increase in the license fees throughout the province is foreshadowed in a remark made, this morning, by Hon. W. J. Hanna. Speaking to a group of newspaper men, Mr. Hanna remarked: "No amendment to the license act would meet modern requirements if it did not include an increase in fees."

WILL OPPOSE BALFOUR.

A Change Made Since Balfour's Last Speech.

London, Feb. 16.—As a consequence of an agreement reached by Former Premier Balfour with Joseph Chamberlain, on the subject of fiscal reform, the liberals of the city of London have decided to oppose the election of Mr. Balfour to the house from a London district.

An Heroic Father.

Manitowec, Wis., Feb. 16.—George Schadeburg saved his life and that of his four-year-old son nobly. He was crossing the Wisconsin Central bridge, near the city with his two children, and the younger boy had trailed in the rear. Schadeburg heard a train approaching and ran back to save the boy, but was unable to clear the bridge. Grasping the lad in one arm, he swung from the side of the bridge with the other and held on until the train had passed. Schadeburg's arm was severely wrenched, and he was completely exhausted when assistance reached him.

Tidal Wave Destroys Villages.

Panama, Feb. 16.—Confirmation of reports of loss of life by a tidal wave following a submarine earthquake on January 31st, has been brought here by the captain of the steamer Quito, which has arrived here from Guayaquil. On January 31st, several coast villages in the department of Cana were destroyed and more than fifty persons were killed or drowned.

On the same day an earthquake lasting seven minutes was felt in the interior of Colombia.

A Loss Of $30,400.

New York, Feb. 16.—The loss of $30,400, in cash checks and notes, was reported to the Brooklyn police, today, by Frederick J. Ennis, a seventeen-year-old bank messenger. The boy said he lost the money, yesterday, while carrying it from the Mechanics bank, Brooklyn, where he is employed, to the Ridgewood bank.

To Reduce Naval Strength.

Birmingham, Eng., Feb. 16.—The Post, to-day, says that an exchange of views is going on between the British and French governments with the idea of further reducing the naval strength of each country in the far east. Such a step is regarded desirable on the ground of economy.

Schedule Adopted.

New York, Feb. 16.—The National league baseball schedule for 1906 is announced. The season begins Thursday, April 12th. The season closes in the east on Saturday, October 6th. In the west the season closes on the day following.

Another Insurance Men Ill.

New York, Feb. 16.—James W. Alexander, former president of the Equitable Society, has suffered a second stroke of paralysis, and is at death's door in the sanitarium at Deerfield, Mass. There is only slight hope for his recovery.

To Take Over Archives.

Paris, Feb. 16.—The United States embassy here, has instructed the Paris consulate to take over the archives of the Venezuelan embassy pending the settlement of the quarrel between France and Venezuela.
