PEACE PATCH

Put On Rupture Between Witte And Durnorvo.

WITTE'S STRENGTH

RESTS ON CZAR'S BELIEF IN HIS POWER.

Revolutionists With Bombs Arrested—Chemicals Sufficient to Kill Half St. Petersburg Found — Socialists May Try Poison, Other Things Failing.

St. Petersburg, Feb. 19.—Temporary peace has been patched up between Premier Witte and Interior Minister Durnovo, and the disruption of the cabinet has been averted at a moment when the strain was apparently at the breaking point. The development was due to the direct intervention of the emperor, who insisted that both men should remain in the cabinet. But the agreement which rests only on the personal influence of the emperor is none too stable. The premier's desire for a relaxation of the repressive measures, is understood to have prevailed for the present but the Durnovo and Ignatieff forces are unwilling to accept the defeat as permanent, still having mighty influences at court. Premier Witte's strength rests on the emperor's inflexible determination to adhere to constitutionalism, and on his majesty's recognition of the fact that Count Witte is the best man to carry out the reforms.

An important arrest of six social revolutionists, provided with explosives and bombs, who it is believed were planning an attempt on the life of Gov.-Gen. Doubassoff of Moscow, was made here yesterday evening, just previous to their departure to Moscow. A seventh member of the party, a student threw away a bomb and escaped. The police also took into custody eight terrorists belonging to another group, at whose residence was found cyanide of potassium, and other deadly chemicals, sufficient it is said to kill half the population of St. Petersburg, and thousands of revolutionary proclamations.

It is suspected that the terrorists failing to reach prominent persons here by open violence are about to try the more subtle means of poison. The police here have been advised of the arrest at Saratoff of the members of the social revolutionary committee, instituted to incite agrarian troubles in the province of Saratoff. Among those arrested are many students. One of the latter was found to have a poisoned dagger in his possession.

The command of the troops in the far east was handed over to Gen. Grodekoff yesterday, by Gen. Linevitch, Gen. Grodekoff was governor of the Amur territory, during the Boxer uprising and became noted for his ruthless measures in restoring order in the Amur region and in Manchuria. After the massacre of Chinese at Blagovestchensk in 1900 Grodekoff was known as the "Butcher" and he was reported to have been cashiered and to have committed suicide.

Systematized robberies of banks, the treasury offices, and the state brandy shops, leave small room for doubt that revolutionaries have chosen this method of procuring funds. These were formerly supplied by wealthy liberals, who since the failure of the uprising in Moscow, have been unable or unwilling to continue their subsidies.

Put In Three Times.

St. Petersburg, Feb. 19.—The Slovo says Premier Witte, presented his resignation to the czar three times during last week, but each time was persuaded to withdraw it.

AN AGED FARMER

Was Burned to Death on Saturday.

Metcalfe, Ont., Feb. 19.—On Saturday afternoon, about two o'clock, the residence of Michael Wallace, an aged farmer of the township of Osgoode, was destroyed by fire. The building was almost completely consumed before any of the neighbors noticed it. Mr. and Mrs. Wallace, who are both about eighty years of age, and their daughter-in-law and three small children were all that were present. His son, John, who resides with him, was away in a lumber shanty on the Upper Ottawa. The old gentleman spoke of going into the house for something, but his daughter-in-law warned him not to go, but while she was taking her children out of danger into an adjoining field, he went in. On her return she called for him but got no reply. He perished about four feet from the front door in the hallway. His body was almost totally consumed. House and contents total loss.

A DOG'S KNOWLEDGE

Proved of Much Benefit to a Farmer.

Lansdowne, Ont., Feb. 19.—At six o'clock, Sunday morning, Hillard Earl, Tilley, was aroused by his dog pawing at the bedroom window and going out to see what was wrong, found fire escaping from the hen house which joins the main barn. Fortunately he succeeded in saving his live stock and implements. A quantity of hay, straw, some thirty bushels of wheat and 300 bushels of oats were burned. Building and contents were insured for $900. Temporary quarters for the stock has been provided for at Mr. Nunn's, a near neighbor.

Archbishop Gauthier is in France at present.

MISSIONARIES SAFE.

In Shanghai—No Need of American Troops.

New York, Feb. 18.—The following cablegram from China was received, on Saturday, by the Presbyterian board of foreign missions: "Missionaries not in peril; everything is encouraging." This message came from the mission station at Shanghai, and was a reply to a cabled enquiry made by the board, yesterday, for information as to whether its missionaries were in peril.

No Need Of Troops.

London, Feb. 19.—A despatch to the Reuter's Telegram company, from Shanghai, says: "There is nothing known here of conditions requiring the despatch of United States troops to China. There is no marked anti-foreign feeling in Northern or Central China.

END OF KINGS.

London, Feb. 19.—The Emperor of Austria's days are numbered. His vitality is rapidly declining. His will power, however is strong.

The King of Roumania is suffering from a hardening of the arteries, which may end fatally any day and which is absolutely incurable.

King Oscar of Sweden has grown perceptibly older since he lost the crown of Norway, and is in poor health.

King Leopold of Belgium is suffering from a rheumatic effection of the heart, not to speak of King Peter of Servia, who may die from fright at any moment.

STOLE TO SUPPORT PARENTS.

The Cable Heads Off Scottish Emigrant.

St. John, N.B., Feb. 19.—David Reid, twenty-five years old, a Scotchman, who arrived here on the Donaldson liner Kastalie, from Glasgow, and who was bound for the Canadian West, was arrested on a charge of stealing £252 from McKee & Son, of Crieff, Scotland. Reid was their bookkeeper and the firm cables that he has been stealing from them for some years. When the police boarded the ship in narbor and arrested him, the prisoner broke down and acknowledged everything, saying he had his parents to keep and as he was only getting $8 a week had to steal to support them.

DRASTIC PROPOSALS.

London, Feb. 19.—In pursuance of his campaign for the betterment of the army, Lord Roberts has issued a manifesto to the nation advocating that drill in the use of the rifle be taught in all the public schools, that every youth be obliged to undergo three or four months' military training and that in an emergency every man during certain years of his life shall be legally liable to be called on for service in the United Kingdom.

NORTHERN NYASSALAND

Will Be Ablaze Unless Germany Acts Quickly.

Cape Town, Feb. 19.—The Cape Times correspondent of German East Africa reports that a powerful emir of the Wagona tribe has invaded the eastern confines of Langenburg province, at the north east end of Lake Nyassa. There has been severe fighting with the German troops. Capt. Wiess was killed and a detachment of native troops massacred, the rebels capturing much ammunition. The correspondent declares that unless Germany immediately sends out a strong force, the whole of northern Nyassaland will be ablze.

To Consider Divorce Problem.

Washington, D.C., Feb. 19.—This is the day for the formal opening of the divorce congress which was called by Governor Samuel W. Pennypacker, of Pennsylvania, to consider the problem of uniformizing the divorce laws of the different states of the union. The delegates or commissioners appointed by the governors of the different states, or, at least, a great many of them, assembled here last week and held a number of preliminary consultations, in which they exchanged their views on the subject and compared notes in regard to the divorce laws in force in their respective states.

South Carolina is the only state not represented by commissioners. The reason given by the governor of that state for not appointing commissioners to the conference was, that such appointment would be unnecessary, as the state of South Carolina has no divorce laws.

New Appointments.

Toronto, Feb. 19.—Peter D. McCallum, East Lambton, and Thomas A. Harris, South Grey, are two new license inspectors. They replace retired inspectors.

In the department of lands and mines, E. S. Williamson, who has been in the government service for eighteen years, has been appointed secretary. Selby Draper, acting in that capacity, has been transferred to the lands branch, to become clerk.

A CHURCH ON FIRE

But Luckily the Damage is Not Serious.

Brockville, Feb. 19.—About four o'clock, on Saturday, several little girls noticed smoke issuing from the east end of the Wall Street Methodist church and called the attention of a man to it; he hastened to give the alarm, and in a very short time the fire brigade was at the scene of the trouble. After a stiff struggle they succeeded in saving the exterior and a large part of the interior of the edifice. There had been no fire in the church for two days and the caretaker is at a loss to understand how the fire occurred.

The fire was confined to the southwest corner of the church where the tower is and ascended to the ceiling and tower. The building being rather lofty the firemen had to scale the roof and tower and with axe and hose conquer the flames. Every one thought the structure was doomed, but not a window on the west, north or east sides was broken, the fire having climbed upward.

The loss will greatly depend on the amount of damage done the organ. The beautiful reading desk, donated by the late Senator Fulford, was saved. The amount of insurance carried will fully cover the loss. The supposition is that the fire originated from the careless throwing away of a lighted match.

FERRY SERVICE ABANDONED.

Between Port Huron and Sarnia Because of Ice.

Sarnia, Ont., Feb. 19.—The Pere Marquette company has abandoned its car ferry service between Port Huron and Sarnia. The boat has been unable to break through the ice, and rather than continue the expensive mode of operation with the assistance of tugs, the service was discontinued, and through freight will be sent by the way of Detroit and Windsor, until weather conditions improve.

Warm Charges Laid.

Washington, Feb. 19.—Sensational charges are brought against the management of the government hospital for the insane, here, by a committee appointed by the Medico-Legal Society of the District of Columbia. This institution, better known as St. Elizabeth's, is under the jurisdiction of the interior department.

MUST PROVE IDENTITY.

Think There Was Deception in the Case.

Buffalo, N.Y., Feb. 19.—Buffalo detectives have revived the theory that the young woman murdered at Barton, Ont., last October may have been Miss Pansy Lowthean, of Denver, who roomed for a time in Morgan street, Buffalo, at the home of Mrs. Thomas Johnson.

This theory was temporarily exploded last November when it was reported that a girl who claimed to be Miss Lowthean was found alive and well in Rochester.

Buffalo detectives are inclined to believe that another woman may have been posing as Miss Lowthean in Rochester in order to secure the comfortable maintenance of $40 a month which comes to the real Miss Lowthean every month from Denver.

Buffalo sleuths therefore, will not be satisfied as to Miss Lowthean being alive and not the murdered woman until she proves her identity beyond a doubt.

A HARDENED CRIMINAL.

Ticket-of-Leave Man Sent Back to Penitentiary.

Niagara Falls, Ont., Feb. 19.—Thos. O'Neill, a ticket-of-leave man from Kingston penitentiary, was recommitted by Magistrate Cruikshank, Saturday night, his license having been revoked by the commissioner of dominion police. O'Neil was convicted of shopbreaking in Ottawa in 1901, and sentenced to seven years in the penitentiary. After serving three years he was let out on ticket-of-leave, and during his two years' liberty has been in jail eight months for minor offences. He now goes back to Kingston to serve the four years remaining of his term. He is but twenty-four years old, having been but nineteen when originally sentenced.

CHURCH IN FRANCE.

Condemns Law Separating It From State.

Rome, Feb. 19.—A papal encyclical was issued to the French episcopacy, clergy and people on the situation of the church in France, strongly condemning the law providing for the separation of church and state and giving advice to Catholics.

The encyclical shows that the holy see did everything possible to avoid the passage of the law, which it terms a great evil to religion and to France, and outlines the church's doctrine on the subject of the relations between church and state, adding that in their union France had found throughout centuries her greatness and glories.

THE DOUGALL ROAD.

Near Windsor Must Not Be Closed Up.

Windsor, Ont., Feb. 19.—Mayor Wigle has been advised by Judge Killam, of the railway commission, that the commission will not consent to the closing up of the Dougall Road, where it crosses the new yards of the Michigan Central, and that the railway has to construct a subway at that point. The railroad had once consented to this, but as the work will be large and expensive, had appealed to the commission to be relieved from it. They wish to close the road on either side of their tracks.

CLEARED BY POLICE.

Lively Times in the Hungarian Parliament.

Buda Pest, Feb. 19.—The Hungarian parliament was dissolved, this morning, with the use of force. The floor and corridors were cleared by the police. There was no resistance, and no disorder. The members of the coalition party declare the dissolution unconstitutional and illegal, and that they will hold a meeting, on Wednesday, in the parliament buildings, unless prevented by troops, in which case the meeting will be held elsewhere.

Premonition Was Correct.

Rochester, N.Y., Feb. 19.—James Bros., of Fairport, was struck by the fast mail train at the New York Central station at Lyons Sunday morning and instantly killed. Just before his death he had told a friend that his dead brother had appeared to him in a dream the night before and said: "I have come for you." He told, several persons of the dream, saying that it worried him.

A Railway Accident.

St. Louis, Mo., Feb. 19.—The new fast mail train for the south-west, on the St. Louis, Iron Mountain and Southern railway, was wrecked, presumably by a broken rail, at Carondolet, a suburb of St. Louis, early today. Twelve men, including conductor and engineer, are reported injured, several of them seriously.

John McLaren, registrar of Orangeville, is dead, aged sixty-five. Mr. McLaren was twice married, his first wife being Miss Frances Booth, Bath; his second wife, Miss Agnes Luck, Orangeville, survives with eight children. He was an ex-journalist.
