started in pursuit of the mutineers.

Red Rose Tea is Clean Tea

CLEANLINESS is as necessary to tea quality as to any other food.

Tea rolled by hand, cured by hand, weighed, blended and packed by hand may or may not be clean. Every operation of making Red Rose Tea, on the plantation and in the warehouse, is performed by machines, the rolling and curing, the blending and weighing are all

done by scrupulously clean automatic machinery. Red Rose Tea is never touched by human hands from the picking to your kitchen.

Red Rose Tea is always clean. It cannot be otherwise, because it has no possible chance of contamination. Its "rich, fruity flavor" cannot be impaired by foreign substance of any sort whatever.

is good Tea H. Estabrooks
