CARELESS ICE YACHTSMEN Frogs Croak and Robins Cherp

on the Island. Wolfe Island, Feb. 22. The pastcouple of days have left us devoid of snow, and to-day frogs were heard croaking. The first robin of the senson was seen to-day. The ice, at present is growing weak, causing the bridge at the crack on the ice to be moved a couple of times a day. Many feel that the bridge should be free to Islanders. and Mrs. Joseph Sauve in the death of their youngest daughter, Miss Ade line, whose funeral took place on Sunday, and was one of the largest funerals seen leaving Garden Island or some time. The condition of Lyons continues to improve. John B. Grant and Miss Janie McDonald are receiving congratulations. John Irwin, accompanied by

sister, when returning from the city on Saturday, driving a spirited horse, had the misfortune to meet with what might have been a very serious accident. Ice vachts were skimming over the smooth ice, crossing the road in every direction, apparently trying to see if it were possible to frighten horses, when Mr. Irwin's horse made a dash, upsetting the rig, throwing the occupants out, and making desperate run for the city. He was captured on the ice at Richardson's elevator. The horse escaped with e few slight bruises, but the cutter was broken to pieces.

Arthur Cummings, of Watertown, N.Y., is visiting relatives, John Hennessy is visiting at Mr. McAllister's, Mrs. John Robertson is a guest of Miss VanNess. Edward Weaver and Martin Kane, of Rosiere, N.Y., spent Sunday on the island. Mrs. John O'-Brien has returned home from Stoco, after a two weeks' visit. It is reported that Robert Yolt will work the farm of Mrs. Kyle, Sr., and his brother, Rodney, will work that of Mrs. This will leave Dr. McCarthy's old stand vacant. The C.M.B.A. ball, held last night, was a great success considering the state of ice and roads, 125 couples being present. It is to be hoped that we will have some snow for the A.O.U.W, ball, which takes place next Monday night as this generally a great event,
