**What is Going On in the Business World—The Markets.**

The failure in Canada the past week was 20, same week in 1900, 20. The Imperial Trust Co., Toronto, will, it is expected, erect a large brick building at 427 Queen, Ont., in the spring. The Winnipeg Street Railway company will give its employees an increase of one cent an hour in wages.

The Bell Telephone Co., Montreal, will extend and improve to the system. The International Harvester Company will erect a large warehouse and office building at Regina, Sask., in the spring. Messrs. Macdonald and Macdonald will erect a \$2,000 brewery at Regina. Land has been secured and work will proceed without delay.

A co-operative combine of Western grain growers, for the purpose of building a system of farmers, is among the possibilities of the immediate future.

The St. Lawrence Dairy Products Company, Quebec, has been incorporated with a capital stock of \$5,000. It is for the manufacture of butter from common whey.

It is the Dredger Bank, one of the largest banks in Germany that the purchased 15,000 shares of the Dominion Bank of Canada, representing a cash investment of \$2,250,000.

The annual report of the Pennsylvania Railroad Co. shows a net income for the year of more than \$20,000,000, an increase of about \$10,000,000 as compared with 1904. Traffic was greater than usual and operating expenses were reduced.

The syndicate of U.S. grain men regarding Winnipeg as a chief centre of trade, have made an offer for sixty-six seats on the Winnipeg Grain Exchange at a price to be arranged. Last fall the price of a seat on the Winnipeg Exchange was fixed at \$2,500, and no less a figure than that could be entertained. Should the syndicate purchase at that figure the total amount paid for the seats still in the hands of the exchange would be \$165,000.

**Congregational Tea.**

On Tuesday, March 6th, the Congregational tea of Princess Street Methodist church will be held. Short addresses will be given by Revs. Spaulding, Manning and Byro. **Miss Mary Oaler Christened Her—Will Carry 2,000 Passengers—Boston Commercial Traveller Takes Over-Dose of Chloral.**

Toronto, March 3.—The new steamer of the Niagara Navigation company, the Cayuga, was launched at noon, today, from the yards of the Canadian Shipbuilding company. Everything went off without a hitch. The christening of the steamer was performed by Miss Mary Oaler, daughter of E. B. Oaler, M.P., one of the directors of the company. The Cayuga is a twin screw steamer, 318 feet long, with a capacity of 2,000 passengers, and a speed of twenty-two and one-half miles an hour.

H. A. Walker, of Toronto, was removed from the Walker house, at noon, today, to the Emergency hospital, suffering from an overdose of chloral. It is supposed he took the drug to put him to bed, but the greater portion of it had been concluded and agreed to.

Mr. Pense, in the absence of Mr. McDougall, was informed by Hon. Mr. Cochrane that L. Longhrin had been chief fire ranger in Temagami Park. He was engaged by the season, his employment not being in any sense permanent. He was not employed last year. There had been no investigation, as there was nothing to investigate. Mr. Evans was appointed for last season, but the position as he is filling the position as the appointments are not made until the fire-rangering season commences. Mr. Evans had served on the fire-rangering staff under Mr. Longhrin; had served as ranger under the bureau of mines, and was a capable canoe man and bushman.

Mr. Pense, in the absence of Mr. McDougall, was also told by Hon. Mr. Cochrane that no timber license had been granted to Finlay Watts, of North Bay, but some pine timber on the old town lot of Lehigh was sold to him. It was estimated by two government rangers at 250,000 feet board measure, and the price to be paid was \$3.25 per M feet for what quantity might be cut. This was done by authority of order in council, dated December 29th, 1905. There had been no tenders called.

**THE A.O.U.W. LUCK.**

**They Had Very Bad Weather For Their Ball.**

Wolfe Island, March 2.—On Monday evening there was a very enjoyable time at the village, when the A.O.U.W. ball took place. It was much like very bad weather. The hall was nicely decorated, upstairs and down, and the supper was well worthy of praise, and served in first-class style by the members of the committee. There were eighty couples in attendance, and music was furnished by the band orchestra. H. David, first violin, Master Hinnie played second, and Miss Sadie Davis accompanied on the piano. There was a very sad drowning accident on Thursday afternoon, when the fourteen-year-old son of Thomas Bush, since deceased, was coming across the Beattie channel to the island, when he dropped through the ice. He was seen by James Kennedy and G. Sudbin, but before they could reach him, he had sunk under the weight of the body within an hour. His funeral takes place on Saturday at the village.

One of the foot of the island off gentlemen in the person of George Woodman, at the ripe old age of seventy-eight years. His funeral takes place on Saturday at two o'clock to St. Lawrence. Miss Lalonde, of the city, has been visiting Mrs. W. R. Card this past week. Those who were last Tuesday, for Ottawa, to attend the hockey match, were: C. Cummins, F. Keegan, Harry Card, D. Cosgrove, G. Whitmarsh. James Wright gave a farewell party to his friends last Tuesday night, before he left for the United States.

**Wrecks a Norwegian Fishing Fleet.**

Norway, March 3.—Several steamers have been wrecked on the coast of Ingerma islands, Troms, to the assistance of the fishing fleet, which met with disaster in a violent storm which raged over the island.

Only sixty of three hundred boats which recently went out fishing, have returned. Yes, which arrived at the Tromsland report that large number of boats have been seen floating keel up. The crew of the boats composing the fleet, number from 1,200 to 1,400.

**A SWEEPING ENQUIRY.**

**All the Military Schools to Be Investigated.**

Ottawa, March 3.—The departmental commission to investigate into the affairs of the permanent force will now be directed to the military schools at Kingston, about which the chief complaints were made, but will extend its investigations to the cavalry schools at Toronto and Winnipeg, the artillery school at Quebec, infantry schools at London, Toronto, St. John, Que., Quebec, and Halifax.

**Invited to Clinton Pastorate.**

Peterboro, Ont., March 3.—Rev. W. J. Joffile, of Charlotte street church, president of the Bay of Quinte conference, has received an invitation to become pastor of Wesley church, Clinton. Rev. H. M. Manning, Clinton, has been asked by Charlotte street church to succeed Mr. Joffile.

**Mr. McNaught Introduces Anti-treating Bill.**

Toronto, March 3.—Decides the answering of a number of questions, the introduction of the government bill to place the cost of fire rangers upon railroads, running through forest lands was the only item of note in the business of yesterday's session of the legislature. Mr. Crawford's high school bill was allowed to stand. Mr. McNaught, the new member for North Toronto, has already distinguished himself by giving notice of a bill to prohibit the custom of treating.

In reply to Mr. Ganey, the premier stated that a verbal report had been made by Amelius Irving on his mission to New York in 1902. Pursuing the question, Mr. Ganey wanted to know if a report could be made to the house. Mr. Whitney thought it would require a person with stronger confidence in his powers than he himself possessed to do so, but an endeavor might be made.

The premier, replying to Hon. Mr. Ross, said he believed the report of the university commission was not only well under way, but the greater portion of it had been concluded and agreed to.

Mr. Pense, in the absence of Mr. McDougall, was informed by Hon. Mr. Cochrane that L. Longhrin had been chief fire ranger in Temagami Park. He was engaged by the season, his employment not being in any sense permanent. He was not employed last year. There had been no investigation, as there was nothing to investigate. **SATURDAY MARKET.**

**Small Turnout; Fowl Dear; Butter and Eggs Advance.**

The disagreeable wet morning put a damper on the market on Saturday and the attendance was not very large. Prices were more steady than for the past week and butter took a slight rise in price, selling at 23c to 25c; eggs, too, were none too advance and sold briskly at a slight advance over last prices, 22c, and 23c, a dozen. Fowl was very scarce and remains dear. Outside prices were materially the same as for some time. No change in the tone at which meat is selling.

**Where Canada Leads.**

An unpleasant contrast between Canadian and American methods is afforded by Alaska and the adjacent Yukon territory. The contrast is not in favor of the United States.

In the first place, the laws governing Alaska are declared to be inefficient. Large sections of land, presumably in minerals, have been tied up by men who have not attempted to develop them. An eminent mining engineer, who has just returned from a visit to the territory, declares that there is unbounded evidence of graft and administrative dishonesty.

Property and life are declared to be safer in Yukon than in Alaska and the general administration of law cleaner and more effective. Much of the advantages in favor of the Yukon territory is due to that unique and efficient organization, the North-West Mounted Police.

**Revival Meeting.**

The all-day prayer meeting in Brock street church, made a good start at 10 a.m., continued with increasing numbers, under different leaders for each hour, with growing interest until after 10 p.m. The 3 p.m. meeting was largely attended, the interest in the Bible study becoming more intense. The evening was somewhat affected by the counter attractions of the circus, but large and impressive. Rev. Mr. MacKenzie gave a keen and penetrating address to the prayer meeting in the parlors after the service conducted by Dr. Russell. The aim of the workers is depth rather than extension. Sunday the meetings continued in Brock street church, in Bethel church, and an evangelistic rally is called for in the Grand Opera House after the regular service in the churches.

**The Prize Winners.**

The names of the prize winners in the Swift-Spranton coal word competition are:

- 1.—Miss Ethel Nelson, 199 University avenue, 1,040 words.
- 2.—Mrs. Richardson, 47 Bagot street, 823 words.
- 3.—Ms. Hattie Samwell, 133 Union street, 2,785 words.

The answers were numerous, ranging from sixty words upwards.

**Alerts Licked The Wolves.**

Alerts II defeated the Wolves II by 4 to 1, in an exciting hockey match. The teams were:

**Have You Chosen Your Dress Materials?**

No? Time is getting short enough. Of course, old winter still has this part of the world pretty well in hand, but the sun is getting high.

Soon the snow and frost will disappear from the ground, the birds will sing, and all the buds break forth in the great glorious beauty of the grand spring of 1906.

Time is getting very short for the choosing of the materials you'll wish to wear at Easter time.

The proper way (and the way which last year perhaps you wish you had followed) is to give your dressmaker all possible time to assure yourself satisfaction.

We are ready now, ready with an assortment of the most stylish and nobby new materials, which cannot fail to charm and please you in every way.

Come on Monday and view the collection in all its varied and extensive elegance. No obligation to buy unless you wish.

Here are details of two very popular cloths at one most popular price:—

**TAFETTA CLOTH**, an all-wool plain material, heavier, and very much more durable than a voile, in light, dark and silver gray, green, brown, navy and black. A large quantity should speedily be sold, as the price, even with the material full 42 inches wide, is, per yard, **49c.**

**ENGLISH COSTUME CLOTH**, a very fine all-wool material, the surface of which is woven in a very clever manner with a fine check visible only when the material is held up in the folds, in gray, fawn, brown, navy and still other shades, and 42 inches wide, and, per yard, **49c.**

**On Monday We Again Offer Torchon Laces**

Hundreds were at the special lace counter all Thursday last, and many indeed were the exclamations of amazement and pleasure at the immense value offered there.

Were you unable to attend? If you were, or you wish more lace of any description, it will save you money to come on Monday at sharp 9.30 o'clock, when the balance (such an enormous quantity it was impossible to sell in one day) will be offered at the same low prices.

In detail, as follows:—

**FINE TORCHON LACE**, about 140 pieces, each piece different in design from the rest, all choice effects for ladies' and children's summer-wear; trimming; narrow widths usually selling at 3c., 4c., and 5c. a yard, and wide widths usually selling at 7c. and 8c. a yard; after 9.30 a.m.; Monday, per yard, only **3c.**

**Our White Wear Attracting Great Attention**

That our display would be above the ordinary we always hoped, and now our great pleasure is in watching the extent to which it impresses every thoughtful and fastidious woman who views it.

High quality of cotton was made a regular "hobby" with us when choosing the garments, and we can assure you each and every one possesses the fullest degree of excellence in this regard—and with no lessening of the great artistic values.

New styles and dainty effects arrive daily, which we earnestly wish you to see whether you purchase or not.

Monday will be an excellent day to come and examine the display. May we expect you then?
