CONSCIENCE MONEY

MUCH OF IT RECEIVED BY UNCLE SAM.

Englishman Was the Largest Contributor—Man Who Sent Bills in Halves.

The conscience of the average American is not generally believed to be very tender—at least in financial matters.

"Sometimes," said my informant, we will get a whole bunch of letters in a single day, while at other times a week will pass without a contribution.

"No single sum has ever reached a colossal figure," thought I, "and nearly \$15,000 in one amount was paid as 'conscience money' through Gen. Patrick Collins."

"A year or two ago Secretary Shaw received a bunch of bills amounting to \$9,000, together with a frenzied note which stated that the money was sent as some slight reparation for having defrauded the United States government of various fees which should have been paid."

"One of the biggest contributions to the conscience fund we have ever received consisted of the right-hand halves of notes to the value of \$11,000, delivered in a linen sack."

"The proposed tower will rise 594 feet high, considerably taller than the Washington monument."

"The estimated population of the Chinese empire is 200,000,000, while that of Great Britain is 391,951,500."

"The estimated population of the Chinese empire is 200,000,000, while that of Great Britain is 391,951,500."

DANGEROUS COLDS.

Influenza, Bronchitis, Pneumonia or Consumption Often Follow a Neglected Cold—Avert the Danger by Keeping the Blood Pure and Warm.

Heavy colds strain the lungs, weaken the chest, banish the appetite, cause melancholy. Pale, weak people, whose hands and feet are chilled for want of rich, red blood, always catch cold.

Dr. Williams' Pink Pills for Pale People is a certain cure for all blood and nerve troubles such as anæmia, debility, lung complaints, rheumatism, neuralgia, St. Vitus dance, partial paralysis, and the troubles that make the lives of so many women miserable.

TEMPERANCE WORK

THE MONTHLY MEETING OF THE W. C. T. U.

Cigarette Manufacture Largely Increased in Eight Years—Canada Must Not Be Discouraged—Local Option Successful in Places.

The regular monthly meeting of the W. C. T. U. was held in the Y.W.C.A. hall, Thursday afternoon, with an average attendance, Mrs. H. E. Sparks, first vice-president, occupied the chair in the absence of the president, Mrs. McCallum, who was detained through illness.

It is intended that at the next monthly parlor social to be held in March, Mrs. E. Sparks, that the boys who belonged to the Union's Boys' Club will be entertained, arrangements were discussed, but the date of meeting will be given later.

In 1898 the campaign against the cigarette was commenced. Then, thirty millions of these little brain wreckers were manufactured in Canada. But after all the public speaking, dissemination of literature, Sunday school and Christian Endeavor societies' efforts, what do we find? A startling increase in the seven years interval the increase in the consumption has arisen to 211 millions or over two and one-half times more than in 1898.

The United States is up in arms and state after state is falling in line, encouraging as you know. Canada need not be discouraged because victory is deferred. You have put up a good fight, and should keep it up until success is yours. This is good advice, and soon we may hear of anti-cigarette efforts to have anti-cigarette laws passed as sweeping as those that have been passed in many of the different states.

Law enforcement was the subject of the educational half hour, and much information was gained from the consideration of the laws most frequently broken and when it is to prevent their violation. The first question was: "Is law enforcement woman's work?" Answer—"The least of the creatures of the field will sacrifice her life to protect her young from danger. We admit that the mother is a justifier of a daily menace to our homes and our loved ones. Who then, will argue that woman should not equal the efforts of the lower creature to combat it?"

One question—Can local option be enforced? It is worth quoting Toronto's Justice testifies that, times are good and open drinking are unknown. Sparta reports no open drinking. North Toronto has had local option since October, 1904. Rev. T. W. Powell, pastor of St. Clement's church, Elgin, North Toronto, says: They have had only about one-quarter of the usual Christmas distribution to the poor, and that, in most cases, was given through friendliness, rather than from actual need of the recipient, thus proving that poverty is lessened. Many important questions were answered, and much valuable help given for the benefit of those interested. We may not give more, as we fear we have already trespassed. The meeting closed with the temperance doxology.

BEEN-PECKED HINDOOS. Greatest Sufferers in World—Bits of News.

Been-pecked husbands are found even in India. A writer says: To live as I have done in a Hindoo house, especially when the real house mistress is a masterful and deeply religious widow, who is grandmother to the babies and mother to their parents, is no longer as wonderful as the absolute terror with which men speak of the 'stri achchar.' For the men of India are—poor souls!—the most heepecked in the world.

A recent display of aurora borealis frightened the citizens of a little town in northern France. They thought that a neighboring village was on fire, so they took out the fire engines and hurried to the supposed conflagration. The brilliant display threw Canada into a panic. After the fire had been extinguished, the fire engines were left for hours, and the churches were filled with women, who prayed all the night through.

From Paris comes the news that the best people are taking stuff again, and giving it. A medical paper bolsters up the fact by saying that a fine pinch a day will guard against influenza.

All disorders caused by a bilious state of the system can be cured by using Carter's Little Liver Pills. No pain, griping or discomfort attending their use. Try them.

An Ohio genius has devised a round-trip matrimonial ticket. It consists of a marriage license with a divorce coupon attached.

Several of the Chinese temples have a bell at the entrance, so that each devotee as he passes in may announce his arrival to the deity.

BLOOD IMPURITIES

Three Things Cause Them.—One Thing Cures Them.

When I had taken two boxes, the rash was entirely gone, the swelling in face and hands was gone, the pain in the back had left me, and I was quite well again, and my complexion is clearer than it has been for years. I want to thank the doctor who gave me this medicine. I had used many kinds of salves and ointments, but these did me no good. But "Fruit-a-tives" at once seemed to do me good—and they entirely took away the fearful rash.

This case of Mrs. Malliot proves one great truth—that you can't CURE pimples, blackheads, blotches, red rash and other skin diseases with salves and ointments.

Simply because the disease is not with the skin but WITH THE BLOOD. The skin trouble is the RESULT of blood trouble. "Fruit-a-tives" proves this because when salves and ointments are left off—and "Fruit-a-tives" taken to purify and enrich the blood, the skin diseases are cured to stay cured.

Pimples, red rash, eczema etc., come from disease of one of three organs—liver, kidneys or stomach. It may be all three—but certainly one. And this one affects the other two.

—as long as the bowels are constipated —as long as the kidneys retain urea or tissue waste —as long as the stomach does not digest food properly and the body is improperly nourished.

Ointments won't cure—salves won't cure—soaps won't cure. Because the trouble is in the BLOOD—not the skin. But "Fruit-a-tives" will cure—"Fruit-a-tives" do cure—because "Fruit-a-tives" PURIFY THE BLOOD.

"Fruit-a-tives" act on the liver—stimulate it to excrete more bile—and thus make the bowels move regularly every day. This rids the system of one source of blood poisoning. These famous liver tablets act on the kidneys—prevent the formation of excessive uric acid—and insure the kidneys being strong and healthy. They act on the skin—strengthen the glands and stimulate them to throw off the impurities which the blood brings to them.

With bowels, liver, kidneys, stomach and skin working properly—the blood is pure and rich—and there can be no pimples or blemishes to mar the complexion.

At all druggists or sent postpaid on receipt of price— One a box or 6 boxes for \$2.50.
