CURSE AND CURE

AN ADDRESS BY THE REV. W. RUSSELL, B. A.

The World's Leprosy, the Result of Sin—The One Thing Needful the People Neglect.

That a week has worked wonders in the development of the Central Mission idea, by conjunction with Brock Street Methodist church work, was keenly evident from the increased numbers in attendance at the service, Sunday night, in the Grand Opera House, over the audience at the initial meeting a week ago.

The "World's Curse and Cure" was the subject by Rev. Walter Russell, the fervent evangelist conducting the revival meetings. In opening the speaker made an attack on the religion of the Christian Scientists.

Mr. Russell declared the curse of the world to be sin. The Bible's diagnosis of sin is leprosy. The babe of leprosy parents is a beautiful babe, but is bound to have the malignant disease.

There were no electric lights on the streets till eight o'clock Saturday evening, which was down as one of those moonlight nights on which the moon does not shine. The city engineer ordered the street lights on, in view of the slippery condition of the walks.

William Price, a big, healthy, strong looking man of humanity first, looking for a job, was looking for a job, claiming to be looking for work, spent over night in the police station for "protection." Asked if he would go to Belleville he quickly replied: "No, I want a livelier place than that."

A delegation of Kingston Oddfellows to Gannaqueo to-night to a big event there. Jewels will be presented to D. J. Lloyd, W. L. Kelly, G. W. Asselme, W. McKenzie, Fred Lloyd and Joseph Morgan.

The opening hour of the meeting was spent in singing hymns, G. B. Cummings leading and training the audience to sing the old favorite gospel tunes. Solos were rendered by Mrs. Andrews, Miss Perley and Mr. Cummings.

On the platform besides Rev. Dr. Eby and Rev. W. Russell, were Revs. M. Hicks, Windross, Lowes and Thompson.

Singing in St. Andrew's. In St. Andrew's church, last evening, the special monthly service of praise was held. Rev. Dr. Mackie preached under the motto of "Faith on human nature." The musical portion of the service was very fine, the soloists being Miss Perley, Miss Tandy and Mr. Simpson.

First Baptist Church. Rev. H. R. Horne, L.L.B., secretary of the Upper Canada Tract Society, occupied the pulpit of the First Baptist church, last evening, and gave a very interesting address on the work of the society as a missionary agency.

Infantry School. A professional school for officers and non-coms. will be opened to-night at the armories for six weeks, ending evening, Col. Gordon is in charge. Lieut. INCIDENTS OF THE DAY

Newly Paragraphs Picked Up By Reporters on Their Sounds.

There was another blank docket at the police court this morning. A new dock is being built of Chubb's Point, in the Batteau channel.

The bell boys at the Randolph hotel have organized a hockey team. A new dock is being built by the Locomotive Works, at what is known as Craig's wharf, and the old slip is being enclosed.

Gas Thompson, at the General Hospital, is most approved, and is able to be up and around.

WANT FARM LABOR

KINGSTON AS A DISTRIBUTING AGENCY.

Dominion Government to Be Petitioned—The County Councils to Be Asked For Co-operation—Meeting of Farmers' Association.

The meeting of the farmers' association, held at the Windsor Hotel, Saturday afternoon, to discuss the labor question, was well attended. J. A. Wilmot, president, outlined the work of R. J. Rogers, who spoke at the last meeting two weeks ago, re the setting of emigrants with the farmers.

D. D. Rogers, said the position of the farmer to-day, was that he must have outside help. There have been many come to this country from foreign lands, but have not stayed at Kingston. He thought this district was one of the best to give the emigrant the insight into general farming. He failed to see why, when this district helped with money in the streets, bringing out emigrants, they could obtain none. Kingston has no place of distribution and labor under a difficulty. To his mind an agent should be appointed for this district. He thought the Salvation Army were there a district distributing agent, here, but none now. Mr. Wilmot said the terms for these men were: A young man, to receive \$100 a year and board; a married man, \$120, without board, but a free house, garden, fire-wood and one quart of milk for nine months, if they don't suit they can be let to Warden Sproule thought the duty of the meeting was to appoint a deputation to go to the county council, who might ask the government to make this a centre for distribution.

R. H. Fair thought the assistance was needed of the county council if they were ever to get into line. He advised a delegation be appointed to meet Hon. William Hartly on the matter.

Charles Kincaid thought a R. J. Rogers should be appointed here, under R. J. Rogers to see that the farmers got the man assigned to them.

Moved by R. H. Fair, seconded by William Pillar: "That we as the Farmers' Association of Frontenac memorialize the government of the Dominion of Canada that owing to the necessity of farm labor, we wish to have a distributing agency for immigrants, in the city of Kingston for Eastern Ontario."—Carried.

D. D. Rogers said that if they had an active farmers' association, the county council would not be acting as it is doing to-day. (Laughter.) The president drew attention to the activity of the Farmers' Association in Lennox and Addington, and the almost dormant condition in this district.

Moved by J. J. Keenan, seconded by Byron Gordon: "That this association ask for the co-operation of the county councils of Frontenac, Lennox and Addington, and Leeds, also the associations of the adjoining counties, petitioning the Dominion government for an agency in Kingston."—Carried.

Moved by J. Duff, seconded by F. Ferguson: "That T. Sproule, William Pillar, C. Lanwith, and F. Ferguson, be a committee to lay this matter before the county council in getting an agency here."—Carried.

Moved by B. Gordon, seconded by J. Quinn: "That Messrs. Rogers, Fair, Knapp and the president (with power to add) be a deputation to wait on William Hartly, asking his co-operation."—Carried.

From the enthusiasm in which the farmers took part in the meeting it was quite evident that a revival is taking place in the farmers' association, so that by a united effort they may work for mutual benefit. Twenty new members of the association were on Saturday, making the membership thirty-five.

Gibson Girls With Digby Bell.

Miss Adele Leuhmann, one of the "Gibson Girls," with Digby Bell, in "The Education of Mr. Pipp," had quite an unusual experience with a Harvard student and journalist, ambitions recently in Boston. Three times the student telling the stage door attendant that he was a Harvard freshman waiting to interview Leuhmann failed in his mission.

The same number of the Parker house, where Miss Leuhmann was a guest. She supposed that he was a student who had witnessed the performance and was unmissably bold in his efforts to meet her.

The freshmen then appealed to one of the men in the east. He said that he had been assigned by the editor of the Crimmon, the famous Harvard publication, to interview Miss Leuhmann on "Gibson men." The object of the interview was whether or not Harvard men were giving her a place on the staff and this was his try out. He succeeded in getting the interview and it was printed. Naturally Miss Leuhmann made the interview favorable to Harvard. She couldn't do otherwise. "Harvard men are 'Gibson men'" was the caption.

Miss Leuhmann is a graduate of Kennebec and her family is a prominent one in the history of the states' development. She is a Vassar graduate.

"The Education of Mr. Pipp" will be at the Grand on Wednesday, March 7th.

"Little Johnny Jones." Our local theatre-going public will be regaled on Thursday, March 5th, with the first performance in this city of last season's greatest musical success, "Little Johnny Jones," which will be presented in a most attractive city with all the beautiful and realistic scenery, lighting effects and pretty and tasteful wardrobe which made its long runs in New York, Chicago, Boston and Philadelphia last season not to be forgotten.

"Jones" is a musical melodrama in three acts written by George M. Cohan, the author of several very successful musical plays. The company that will present "Little Johnny Jones" in this city is one of unusual excellence numbering fully seventy-five people with a chorus of forty. The music of "Little Johnny Jones" is said to be most catchy and attractive, and includes a number of song hits.

AN OLD PROGRAMME Of a Big Winter Event in Kingston in 1866.

Alderman W. G. Craig has in his possession a small yellow book, announcing a skating tournament, carnival, masquerade and burlesque concert in Kingston on February 13th, 1866, just forty years ago. He was one of those who took a prominent part in the affair, and sang at the concert.

"The First Kiss at the Gate." The skating tournament began at one o'clock on the Citizens' skating rink in the harbor, opposite the city buildings. The band of the Royal Canadian Cavalry Sabres, many of whom a clock in the afternoon, there was a carnival "en masque," when the skating according to the programme, was to be brilliantly illuminated by "an electric light." Part III of the day's festivity began at 8:30 o'clock in the city hall, where an "en masque" masquerade and burlesque concert took place. The affair concluded with a torch parade, entitled "The Haunted Pie," got up expressly for the occasion with music by the R.C.R. band. Mr. Craig's name to the only recognizable one on the programme, it being spelled backwards.

Praise Former Kingstonian. Speaking of C. J. W. Taylor, a former Kingstonian, and son of the late Jonathan Taylor, of this city, who conducted last week's presentation of the "Hok City," in Picton, the Times says: "Mr. Taylor deserves credit for commencing in Picton what is hoped will become a custom, the rendering of first-class oratorio music. Mr. Taylor displayed a fine vocal quality, flexibility, accentuation and dramatic power, and conducted with ability."

SHOULD DO PENANCE

IN THE LENTEN SEASON, AS OUR LORD DID.

Unless This is Done, the People Cannot Be Saved—Sermon in St. Mary's Cathedral by Rev. Father O'Hanlon.

Yesterday (the first Sunday in Lent) high mass was celebrated in St. Mary's cathedral, by Rev. Fr. Collins. During the mass the "Gloria" was omitted and all joyous music abandoned. The altar was draped in violet and all ornaments and flowers removed. The officiating priest was vested in penitential colors.

The sermon was preached by Rev. Fr. O'Hanlon. He read the gospel from Matthew iv, 1-11, and took as his text the words: "Now is the time of salvation." The season of Lent was a preparation, an instrument and a means for the salvation of the souls of men. Penance was a necessity. Jesus gave the world an example of penance. He said "Unless you do penance you cannot be saved." Our Lord fasted forty days and nights in the desert. The example of our Lord should be an inspiration to us to imitate Him. The manner in which the season of Lent helps was dwelt upon in practical terms. It was a time of mortification and penance to conciliate the anger of God for our sins. We should have sincere sorrow for our transgressions and make firm resolution to avoid all the occasions which lead to sin in the future. We should seek seriously the salvation of our souls. Prayer, the uplifting of the soul to God—was the keystone of salvation. If we want to find mercy we must show mercy and kindness to the widow and the orphan. The church prays for the conversion of the sinner, and she will receive them with open arms if they will come to Jesus. The unbounded mercy of Jesus is always waiting for us. It will lead to that blessed land where there is neither sorrow nor pain and death shall be no more.

The choir rendered a plain chant. At the offertory Miss Staley took the solemnly and pleasingly.

A mission for the congregation of St. Mary's cathedral will be opened on Sunday next by a Jesuit priest from Montreal. It will last some days.

Anxious For Her Music. Toronto Globe. It is worth noting that Mrs. W. A. Grant of Kingston, had fourteen of her compositions performed at a recent concert at St. Patrick's Hall, Ottawa, under the auspices of the Women's Morning Musical Club. Among them may be mentioned the interlude, "Zara," written for Margaret Anzlin's play of that name; the "Dance des Esclaves," from a ballet suite called "Cleopatra," and "The Song of the Cavalry Sabres," a favorite piece in the United States. Many of Mrs. Grant's compositions are printed in New York, where the publishers seem to be anxious to secure anything new from her pen.

"March winds make rough skin," Lilia cream makes it soft as velvet. Sold at Gibson's Red Cross Drug Store, Market Square, opposite Whig office. Queen's College will ask parliament for an amendment to its royal charter, to increase the number of trustees elected by the university council to ten.

DEATH BY INDIGESTION. A Long Train of Fatal Ills is The Direct Result of Undigested Food.

Undigested food, by fermenting, forms a poison in the stomach and this is absorbed in the blood. If this goes on very long, and your heart happens to be weak, and you feel some morning dead in bed, or may fall back down the stairs about an hour and a half after dinner, and the doctor will call it heart disease. Yes, that may be the result, but not the cause. The cause is indigestion. Indigestion is a simple, common word, but it has a terrible import.

And so you may get apoplexy, and die, while you're standing.

If you have a weak liver, the poison of undigested food will attack it and you will get jaundice. If you have weak kidneys, you will get Bright's disease or diabetes, from which there is no rescue for any man.

It was a learned physician who said that the progress of a race depended upon the stomachs of its members.

And you have at some time in your life eaten a heavy meal, or eaten in a hurry, and felt that "lump of lead" immediately afterward. That lump of lead, is a hard ball of undigested food. The stomach can't digest it, and finds it hard to throw it out. And so it sours, and it makes you sour and everybody sour who talks with you. It gives you a bad breath and is building for your ruin to dyspepsia and death, unless you stop it.

Stop it with Stuart's Dyspepsia Tablets. Just think, these little tablets are every bit as powerful as the gastric juice in your stomach. One grain will digest 3,000 grains of food. Isn't this wonderful? And it is true, just try it, and prove it.

If you have any brash, gas on the stomach, fermentation, burning, bloaty feeling, indigestion, dyspepsia, or heartburn, Stuart's Dyspepsia Tablets will make it disappear before it can do any harm to your heart or other organs.

They will invigorate the stomach, relieve the stomach of two-thirds of its work and give it a chance to rest. They will increase the flow of gastric juice, and if you will ever "live" in your lifetime, it will be after you have eaten a good hearty meal, and taken one of these little tablets immediately afterward. You'll just feel fine.

Take Stuart's Dyspepsia Tablets after your next meal to-day and you will see the effect. Vigor and your mind will be clear; you'll have snap and vim, and add many a day to your life.

You can get these wonderful little tablets at any druggist's for 50c. a package.
