**SOME PROGRESS MADE**

By County Council, But Deadlock Not Broken.

At the county council meeting Thursday afternoon, a little progress was made in the way of transacting business, though the deadlock over the appointment of standing committees for the year still existed. After another futile attempt on the part of the warden's followers to name standing committees, the council agreed to go into committee of the whole and pass the accounts.

When the council met, it was moved by Councillor Stoney and seconded by Councillor Grant that the standing committee be those suggested at the beginning of the session. This motion was lost, however, on the usual tie vote.

Councillor Stoney wanted to know if there was any possible chance of the council coming to an agreement and doing the business of the county.

Councillor Sproule moved, seconded by Councillor Miller that the clerk read the accounts, and that they be acted upon forthwith by the whole council.

Councillor Sproule said that this seemed to be the only way out of the difficulty. This was the most reasonable way to get over the trouble. The council as a whole could do the work just as well as the committees. The county would run the risk of being sued by people who had bills against it if these bills were not paid.

Councillor Pringle said he intended to stay by the rules of the council, and have the committees appointed in the usual way.

The motion of Councillor Sproule carried, Councillor Sproule breaking the deadlock by voting with the warden's faction, for the disposing of the accounts. The council then proceeded to business.

**ROYAL RINK CARNIVAL.**

Good Crowd at Last Night's Event.

A crowd of two hundred spectators witnessed the successful carnival at Royal rink last evening. There were about three hundred in costume, and the varied selections of make-ups made a brilliantly pretty sight. The ice was in fairly good condition and the music furnished by the 14th band was of their usual excellent character. Shining out from among the Highland Cadets, Happy Hooligans, Irish maids, nurse girls and Peggies from Paris, Miss Curragh as "Morning Star," and the ladies' prize, and B. Scott, as "George Washington," the gentlemen.

The boys who have managed Royal rink so successfully this season, will have a carnival, next week, if the ice holds, in aid of the General Hospital and Hotel Dieu.

**A Pleasant Evening.**

A very enjoyable evening was spent Wednesday, at the home of the Misses Anderson, King street. Games of various kinds were indulged in and several solos were rendered during the evening. Stanley Stoney won first prize in the game contest, and M. Stoney the consolation prize. The party broke up at an early hour this morning, after a splendid repast was served everybody left thanking their hostesses for the very pleasant evening.

Windsor, Ont., March 8.—George Paradis and George C. Mortimer, aged eighteen years, of Woodstock, Ont., are in the hands of the police, here, charged with robbing Howell Bros. jewelry store, of two diamond rings, valued at \$220, last Saturday night. The men were arrested in Detroit yesterday.

**Ottawa Will Win.**

**Trying To Break In.**

**IT IS OPENED**

**Second Session Of Tenth Parliament Begins.**

**A GREAT FUNCTION**

**IT INCREASES IN SPLENDOR AS YEARS GO BY.**

**Larger Attendance of Senators, Members and Visitors Than Usual—Touch of Old World Pageantry—Speech From the Throne.**

Ottawa, March 8.—The second session of the tenth parliament of Canada opened, this afternoon, with probably a larger attendance than is usual. There was a big gathering of members and senators, and by far the largest number of visitors. The increasing social importance of the opening is more forcible each year, and today the galleries and floors were graced with handsomely gowned ladies from the Atlantic to the Pacific.

The importance of the opening as a social function also receives added dignity by an increasingly large attendance of the wives and daughters of members.

The governor-general and party made a brilliant turnout, and were escorted from Rideau Hall by a detachment of the Princess Louise Guards. The mounted troops, in dazzling helmets and handsome uniforms, gave the needed touch to what most approaches in this country a quaint piece of old-world pageantry.

Drawn up on Parliament Hill, a detachment of one hundred men from the Governor-General's Foot Guards formed a guard of honor. As his excellency entered the parliament grounds, the 2nd Field Battery, stationed on historic Nepesin Point, fired a total salute of twenty-one guns. In the senate chamber his excellency was seated on the vice-regal throne, flanked on either side by A.D.C.'s and members of the headquarters staff in gorgeous uniforms, and members of the royal household in full regalia. After the members were summoned in the usual way, his excellency read the speech from the throne, in both English and French, as follows:

Honorable gentlemen of the senate, gentlemen of the House of Commons.

I invite your earnest attention to the several subjects I have mentioned, and to the general business that will come before you, and I trust your deliberations will be guided by wisdom and moderation.

**Particulars of Accident.**

Particulars have been received as to the accidental death, at Collinville, Ill., February 11th, of Albert Skelleg, whose remains were brought to his home, in the city, for burial. He had been in the employ of the St. Louis Smelting Works but nine hours, when a mass of iron fell, striking him into a huge truck and breaking his back. Death was instantaneous. The company claims he had been warned to load the iron from above, but he was working below. At the inquest the jury brought in the verdict "death through his own neglect." The smelting company paid all the funeral expenses.

**Three Are Dead.**

Saratoga Springs, N.Y., March 8.—Three deaths have followed the wreck of a local passenger train on the Delaware and Hudson railway, bound from Rutland, Vt., for Troy, which was held up by a freight wreck near the local station, was run down by the Montreal flyer, south-bound, last night.

**CAR STRUCK HEARSE**

**KNOCKED DOWN HORSE; NO DAMAGE TO COFFIN.**

Accidentally Turned on Gas, and Was Suffocated—Vegetable Growers, and Paris Present Petitions—York Loan President Up.

Toronto, March 8.—A street car seriously disturbed a funeral procession, at the corner of Queen and Beverly streets, at about 8:30 this morning. The funeral cortege was coming along Beverly street and turning the corner, when the car came along. The hearse was struck in front, the two horses were knocked down, and the tongue and whiffletrees smashed. No damage was done to the coffin inside, but a new horse had to be procured before the funeral could proceed to the Union station. The body was that of the late Mrs. M. Stewart Montgomery, a daughter of J. P. Montgomery, and was taken to Port Hope for burial.

William Marshall, manager for G. Cox & Co., butchers, in the St. Lawrence market, was found sitting in a chair in the private office of his employer, this morning, by William Norwich, dead. The gas was partially turned on. Marshall went to the office last night, to balance his books, and it is supposed that while telephoning, he, with his arm, accidentally turned on the gas jet, which is right by the telephone. He leaves a widow and two children.

Hon. Mr. Monteith was waited on, today, by a deputation of the Ontario Vegetable Growers Association, who asked that steps be taken for the further encouragement of the vegetable growing industry. The minister was asked to send some one to visit experimental stations in those states of the union where the climate is most like Ontario, to ascertain what is being done there in respect to experiments.

A deputation from Paris, headed by Mayor Patterson, saw Dr. Fyne this morning, and asked for the establishment of a normal school there.

The bill to amend the division court act to be introduced by T. H. Lennox, M.P.P. for North York, seeks to extend the jurisdiction both of that court and the county court. The division court jurisdiction would be extended up to \$200, in suits for damages of \$200 in amount, and suits for \$400 where the amount is ascertained, and the county court jurisdiction to \$400 for damages, on open account, and \$500 where the amount is ascertained. The bill also would make it possible for any man to serve any papers in the division court to avoid the heavy costs of the present system of having them served through bailiffs and other officers.

The master in chambers, this morning, ordered a special trial of the issue in the action of Mrs. McDougall against the government of Ontario. Mrs. McDougall, who is the widow of the late Alfred McDougall, solicitor of the Ontario treasury, is suing for the recovery of \$15,000 insurance money paid to the government. Mrs. McDougall was some \$10,000 short in his accounts, and his insurance policies were paid to the government. Mrs. McDougall claims, because of an understating that no proceedings would be taken against him, that the government did enter proceedings, and repudiates any such arrangement as alleged, but Mrs. McDougall now seeks to recover the insurance. The order for a special trial was made, to-day, on the application of the attorney-general.

The case of Joseph Phillips, president of the York County Loan and Savings company, charged with having during the years 1903, 1904 and 1905, committed by Judge Choquette, and other fraudulent means, to defraud the public, came up before the police magistrate, this morning, but the evidence was unconvincing. The report of the company for 1904, as presented to the office of the registrar of loan companies, was put in by the crown, as it is hoped to show that it was an incorrect one. Miss Lillian Hudson, who was manager of the audit department, testified to the method of payment of the agents of the York County Loan. The agents received a commission for soliciting subscriptions on B. C. and D. classes of shares, and at the same time received a commission for selling Liszt bonds. The case is going on this afternoon.

**Cashmere Hosiery**

IT'S in the Hosiery Department that the growth of our business is perhaps more noticeable than in any other. Steadily have the merits of our assortments been so noised abroad that people come to investigate and, finding everything up to expectation, they purchase once and then become steady customers. We're now starting what we expect will be our biggest season (we prepared for it away last summer) and announce the arrival of the first complete assortment of Ladies' and Children's Cashmere Hosiery:

**GIRLS' PLAIN CASHMERE STOCKINGS,** light, medium and heavy weights, complete range of sizes for ages from 1 to 18 years, in four qualities, at last year's prices—which mean a great saving.

**GIRLS' FINE, Medium and Broad Ribbed Cashmere Stockings,** properly shaped, and with reinforced heels.

**GIRLS' TAN, Cardinal and White Cashmere Stockings,** for small children, in black, white and popular colors.

**BOYS' CASHMERE SOCKS** and three-quarter Stockings.

**BOYS' CASHMERE STOCKINGS,** 2 and 1, and 3 and 1 rib—being the two most popular makes for the rough and tumble lads—of proper shape, with good long legs and 3 and 4 ply knees.

**200 pairs, MEN'S CASHMERE SOCKS,** seamless feet, sizes 10, 10 1/2 and 11, of quality which we doubt if you can equal in this city at a regular price of 25c., to-morrow from 3 to 5 p.m. (not a minute before or after), they'll be offered—2 pair for 35c.—or, per pair, only **18c.**

Do not telephone for the above, as we positively must refuse to fill any phone orders. We do this in fairness to the customers who may come long distances to receive their share of the offerings.
