DAILY MEMORANDA.

A big attraction to-morrow. Will be Campbell Bros. New Hats. Skating at Royal Rink to-night. Skating Club to-night. Civic Finance Committee, 8 p.m. Court East Roberts' Dance at Whig Hall to-night. Make the best you can of the worst you get. Two essentials to success are dollars and sense. Court East Roberts' Dance at Whig Hall to-night. Farmers' Meeting, 1:30 p.m., Saturday, Windsor Hotel. The sun rises Saturday at 6:23 a.m., and sets at 5:59 p.m. Proof of the political pudding lies in the plain distribution. Greatness may doubt its own importance, but egotism never does. Don't forget the Festival Service in Bethel church to-morrow. It takes a born diplomat to disguise the truth so it wouldn't be able to recognize itself in a mirror. While it doesn't take any more time to be polite than to be disagreeable, the latter seems much easier to most people. Sunday in Grand Opera House, 3 p.m. Bible Study, 4:15 p.m. Men only; 8 p.m., Evangelical rally. Best of music and song by specialists. Revival Meetings in Brock St. church, Monday to-night for young men and young women on "Facts, Faith, Feeling." Everybody welcome. This day in history—Americans Vesputius born, 1481; Battle between Merimac and Monitor, 1862; William I of Germany died, 1888; Napoleon and Josephine married, 1796. THE AUSTRIAN PLAN

GIVES SULTAN SUPREME COMMAND OF POLICE.

Moroccan Plan Does Likewise—Conference Adjourned Till Saturday—Germany Wants Commercial Freedom Given the Other Powers.

Algiers, March 9.—In the Moroccan conference, Herr Von Badowitz, the German delegate, stated that Germany had no objection to the organization of the Moroccan police being given to France and Spain; in the open courts, provided commercial freedom were guaranteed to the other powers.

The Duke of Almodovar, Spain's delegate, then read the French proposals for the organization of the police.

The Austrian delegate, Count Kozlbroch, presented the Austrian plan, which gives the sultan supreme command of the police; French officers to have charge of four, and Spanish officers to have charge of three ports, an inspector-general being selected from Switzerland or Holland.

The Moroccan plan makes the sultan supreme, and asks that all the powers participate in the re-organization of the police. After an interchange of views the conference adjourned till Saturday.

ARMY ESTIMATES

AMOUNTING TO \$150,000,000 BROUGHT UP IN COMMONS.

New Government Goes for "Blue Water" Principle, Says War Secretary—Will Reduce British Garrisons All Over.

London, March 9.—In introducing the army estimates, amounting to nearly \$150,000,000 in the House of Commons, yesterday, War Secretary, Haldane announced, at the outset, that the liberals did not desire to destroy the army, but required greater efficiency at less expenditure.

The government accepted what he denominated the "blue water" principle, namely, that the navy, at its present strength, was capable of defeating Great Britain from invasion, and in pursuance of this principle of dependence on the navy, it had been decided that the ammunition stores constructed for the defence of London were unnecessary, and would be immediately uprooted, some 300 guns mounted for defence purposes at various points along the coast would be swept away, the troops at Wei-Hai-Wai (China) would be withdrawn, and some colonial garrisons would be reduced.

NO TARIFF REVISION

Ottawa, March 9.—Sir Wilfrid Laurier announced yesterday that the government would not be revising the tariff in the present session but the house would be called in November to deal with that subject.

GEORGE SHERIFF DEAD

Married But Two Months—Thirty Years Old. Brockville, Ont., March 9.—George A. Sheriff died at St. Vincent De Paul, this morning. He was taken seriously ill a few weeks ago, and last week submitted to a surgical operation in the last hope of saving his life. Less than two months ago, Mr. Sheriff married Martha, daughter of the late Senator Fulford, and his untimely death is a terrible blow to the young bride. Mr. Sheriff was a son of Charles J. Sheriff, of the Sheriff Manufacturing Company, Brockville, and was thirty years of age. He received his education and business training here, and a few years ago went to New York where he established the office of the New York, Ontario and Western railway, of which he eventually became auditor. He resided at the beginning of this year, and came to Brockville, where in connection with other business interests, he was engaged in a manufacturing concern. About seven years ago he was prominent in hockey and football circles.

STOLEN GOODS SEIZED

Ton of Brass Wire and Journals From Railway. Walkerville, Ont., March 9.—Sergeant Nash, of the Windsor police, and Detective Tarsney, of the Pere Marquette railway, have seized over a ton of brass wire and journals here, stolen from the railways. The journals still bear the G.T.R. stamp. The Grand Trunk and Pere Marquette will make a determined effort to run down the guilty parties. It is hoped to clear up a gang of thieves, who have for years infested the railway in Canada. The firm, at whose plant the stuff was found here, are in no way responsible for the way in which it was obtained from the railways. The journals having been bought in good faith in Toronto, it is intimated here that a Toronto man is suspected to be the ring-leader.

DISCRIMINATED AGAINST

Ottawa, March 9.—Hearing of a joint complaint of the Canadian Manufacturers' Association and the New Westminster Board of Trade against the C.P.R. was begun by the railway commission this morning. The complaint is that the railway unjustly discriminates against Pacific coast cities in charging higher rates on freight originating in Eastern Canada, as compared with rates to Winnipeg by the main line of the Crow's Nest Pass and higher than American railways on American and Canadian jointly.

ANALYZE SITUATION REGARDING ANTI-FOREIGN REMOVALS

Hugh King, March 9.—The South China Post analyzing the situation in the Chinese empire with reference to rumors as to an anti-foreign outbreak, expresses the opinion that a revolutionary uprising at Peking, in the result of steps taken by Japan, with the support of Great Britain and the United States to enforce a programme of reform upon the Chinese government. The Post denies that any anti-foreign feeling exists in China, and says that the recent massacres of missionaries were due to local feelings, the consequence of grave injuries. Even the boycott, it declares, is confined to the mercantile classes.

HONORING FORREST'S MEMORY

Philadelphia, Pa., March 9.—Today is the one hundredth anniversary of the birth of Edwin Forrest, the great American tragedian, and the anniversary is being observed with appropriate exercises at the Edwin Forrest Home at Holmsburg.
