A Good-as-New Gown for Ten Cents

Take a tour of inspection through your cast of pretty things. Pick out the faded ones. Possibilities—but just try DYO-LA.

Dyo-la gives rich, even colors, and is so fast, it is the quickest, easiest, most economical, and satisfactory dye ever offered Canadian women—and they appreciate it. Read what some of them say—

"I like Dyo-la better than any other dye. I think it better economy to use it. It used as directed, will color all goods well." (Wool as well as silk or cotton). This is from Mrs. C. Pitt, Brownsville, Hill, N.B.

Mrs. S. Bernard, Nail Pond, P.E.I., says: "Dyo-la is a charm. Never used the like before." Mrs. W. Muir, Westville, N.S., writes: "I prefer Dyo-la to any other." Mrs. J. Coulter, Brantford, Ont., says: "Other dyes are not nearly as good."

Your druggist will gladly sell you Dyo-la for it makes delighted customers.

Dyo-la—and you won't know those old frocks. Package, 10c.

THREE TRYING TIMES IN A WOMAN'S LIFE

There are three periods of a woman's life when she is in need of the heart strengthening, nerve toning, blood enriching action of

MILBURN'S HEART AND NERVE PILLS

The first of these is when the young girl is entering the portals of womanhood. At this time she is very often pale, weak and nervous, and unless her health is built up and her system strengthened she may fall a prey to consumption or be a weak woman for life.

The second period is motherhood. The drain on the system is great and the exhausted nerve force and depleted blood require replenishing. Milburn's Heart and Nerve Pills supply the elements needed to do this.

The third period is "change of life" and this is the period when she is most liable to heart and nerve troubles.

A tremendous change is taking place in the system, and it is at this time many chronic diseases manifest themselves. Fortify the heart and nerve system by the use of Milburn's Heart and Nerve Pills and this tide over this dangerous period. Mrs. James King, Cornwall, Ont., writes: "I have been troubled very much with heart trouble—the cause being to a great extent due to 'change of life.' I have been taking Milburn's Heart and Nerve Pills for some time, and mean to continue doing so, for I can truthfully say they are the best remedy I have ever used for building up the system. You are at liberty to use this statement for the benefit of other sufferers."

Price 50 cents per box, three boxes for \$1.25, all dealers, or The F. Milburn Co., Limited, Toronto, Ont.

Weak Lungs

It is the old story of a weak throat, a tendency to weak lungs in the family. You no sooner get rid of your old cold than a new one takes its place. Ayer's Cherry Pectoral breaks up this taking-cold habit. It strengthens, heals. Ask your doctor, the very next time you see him, what he thinks of Ayer's Cherry Pectoral for weak lungs.

THE THISTLES WON

AN INTERESTING GAME OF BASKETBALL.

A Final Game to Be Played on Thursday Night—A Budget of Sporting Notes.

Before a large crowd of interested spectators in the Williams' cup match at the Y.M.C.A. Monday night, the Thistles won out from the Rough Riders by a score of 12 to 7. The game was a good one, a feature being the clever passing. The losers were a "big" bunch in point of size, but the Thistles showed up in their combination play. For the winners Gratton was the star player while Gardiner did the best work for the Rough Riders. At half time the Thistles were six points ahead. The line-up was: Thistles—Muecke, Gratton, forwards: L. Cooke, centre: Sullivan, H. Marshall, defence. Rough Riders—Pence, Royl, forwards: Gardiner, centre: Thompson, Playfair, defence. Referee—J. G. Bews.

Standing For William's Cup.

Thistles Won. Lost. Indians 5 3. Eagles 4 4. Rough Riders 4 4. Amateurs 2 6.

The final game will be pulled off on Thursday night at eight o'clock.

A Swift Game.

The Minnesa and Randolphs played last Thursday, and the result was a tie. They played again Monday to decide the game, which again resulted in a tie, although the game was decidedly in the Randolphs favor. Seom-Glade, captain of Minnesa, seemed out of practice, and did not put up his usual good game. The line-up: Minnesa—Goal: E. McNamee; point: J. Rashford; wings: M. Coyne, centre: W. McNamee; forwards: O'Connor, J. Fenice. Randolphs—Goal: A. Wardrobe; point: A. Robinson; rover: H. Driscoll; centre: E. McNamee; wings: A. Mawson, J. Newell. Referee—E. Willie.

Meadows' Cup Final Game.

Three teams, Pipers, Crescents and Ramblers stood tie for the Meadows' cup, but the former bunch have dropped out, college examination preparation interfering with sports, so the Crescents and Ramblers play the final game for the cup at nine o'clock Thursday night.

Sporting Notes.

The Waterloo Ladies' Hockey Club played an interesting game at Waterloo, with the Hesperia ladies, and scored a victory by 4 to 1.

Lawn tennis tournament dates for Niagara this season are: July 9th, Canadian championship; August 26th, international championship. President Roosevelt has appointed Secretary Sullivan, of the Amateur Athletic Union, to represent the United States at the Olympic games.

Toronto Globe: Herby Clarke, of 'Varsity, was "rung in" at the last moment to replace Blomfield, who could not play on account of a bad hand, and he did great work, scoring nearly all the goals.

The executive of the Northern Hockey League allowed the protest of Harrison against Wigham, in which Harrison claimed that the rink was flooded at half-time while the lights were out. Return games will be played.

On the night of the second Ottawa Falls vs. Ottawa match, the Ottawa Free Press says the sign was hung on the railway station at the former town: "All trains pass on nothing doing here to-night."

Berlin Telegraph: The Berlin O.H. A. senior champions regret to report that owing to wounds received in a contest with the Toronto Argonauts they will be unable to engage in another battle for supremacy against the Peterboro champions. However, the Berlin intermediates would be happy to play Peterboro and are confident they can defeat them. Both of these teams were only defeated once this season, Gledrich doing the trick each time.

The Kenora Thistles will not make a bid for the Stanley cup next January, but a challenge will be forwarded to the trustees next week, asking for a return. Instead of the trip east, the Thistles will play the Portage Lake team, of Houghton, a series of exhibition games at Winnipeg, the week after next. Houghton and Calumet teams play here next week.

Willeholme Happenings.

Willeholme, March 10.—Miss Bertha Bennett is able to be around, having suffered from an attack of diphtheria. Mrs. W. Yule held a sale on 7th inst., prior to removing to her home near Killarney, Man. Many will sincerely regret the departure of Mrs. Yule and family as the interest shown in church work here has always been manifest. The patrons of Woodburn cheese factory held their meeting on 8th, but owing to the warm discussion over "shall we or shall we not" as to the "test," no decision being arrived at, the meeting was postponed and the subject will be resumed at a future date. Charles Shook has on the grounds much of the material for his new house. The Woodburn Auxiliary of the W.M.S., which met at Mrs. S. Armstrong's on 8th, appointed Mrs. W. Bell and Mrs. W. Lucy as delegates to the district convention, 2143 "Pyramid" building, Mrs. P. Atkinson spent a few days with her mother, Mrs. Bennett, this week. School is progressing favorably under the management of Miss Louise Cowan.

Piles Cured

Without Knife or Instrument

Sample Package Free so That We Can Prove it to You.

"Every morning for over twenty years, I never went to the toilet without fear and trembling, and I never let it without having suffered agonizing tortures. Many days I did not dare go at all, so much did I dread the terrible ordeal."

These are the exact words of a sufferer from piles, and we hear the same thing almost every day. It voices the sentiments of hundreds of thousands of others in this country to-day, for it is estimated that of every ten persons we meet in church, the street, or on the theatre, seven are affected with piles.

Martyrs and needless martyrs, too, for since the discovery of the marvelous Pyramid Pile Cure no one need suffer one moment longer. There is now no excuse for having piles—and you continue to suffer from them if you do not deserve a particle of sympathy, considering the chances you give you to prove it to your own satisfaction wholly free of cost to you.

Here is a typical case: Benjamin Shaw, postmaster of Bland, New Mexico. He had suffered from aggravated piles for years, and was "upon the eve of a serious surgical operation, believing that he had reached the limit, and that the operation offered the only possible means of relief and cure. Let us quote his own words in his letter of October 31st, 1903: "I was in great agony of mind and body. In the meantime, a gentleman told me of the virtue of your pyramid remedy. I fortunately found it at a drug store, and by the next morning I did not feel that an operation was necessary, and in three days I was able to return home, and a complete cure was accomplished to my great satisfaction and the surprise of the physician."

Send to-day to the Pyramid Drug Company, 2143 "Pyramid" building, Marshall, Mich., and get a sample package by return mail and then go to your druggist and get a box, the price of which is 50c., and get well without pain, trouble or cutting.

MAJOR RATHBUN'S MONOCLE

Does it lend a Nil Admirari Expression?

"Gallery Clock" in Toronto Star writes as follows: "Premier Whitney's part, Major Rathbun, from the back benches of the opposition, regards quizzically through his monocle. Few men wear the single eye-glass with more authority than the major. To see him focus his gaze on some person or object is to see, as it were, a great gun trained on the entrenchments of the enemy. The movements are so slow and deliberate. It goes without saying that the major has the military bearing. The soldier is revealed in the precise cut of his clothes, the personal neatness of the officer on parade. The Clock often wonders if the monocle was built into the major's face or whether the major's face was built around the monocle. They fit in so well together. Does the monocle lend his face that nil admirari expression or does his face confer that mellow cynicism on the monocle? Would they have the same effect separately, or does it require the two together to achieve this superior air? The major reminds one of Baron Chreswell—Mansfield plays the part—a good fellow, a thoroughbred, a sort of Colonel Newcombe with a dash of quinine in his nature. The Clock judges that the major has a pretty temper of his own when there is provocation. One can almost hear him saying, 'Bemane, waiter, do you call this a boiled egg?'"

The Clock takes a deep interest in the major as one of the vanishing species of monocle wearers, soon to be extinct as the dodo or the great auk. The major wears it with consummate ease. His right eye never relinquishes its hold even when his mouth is filled with a large phrase. This is the perfection of art, to talk and keep one's eye-glass from falling out at one and the same time. Ah, me! The back-bencher is not what he used to be. Think of it! Elegant majors in monocles, where once were nut-brown farmers with hay in their hair!
