

SCHEMES ADVANCED FOR MAKING KINGSTON MORE BEAUTIFUL.

Meeting in the City Hall—Addresses by J. M. Farrell, Ald. Givens and John Macdonald—Interest the School Children.

There was a fair attendance of people at the free lecture last evening in the city hall on "How to Make Kingston Beautiful," arranged by the Frontenac Historical Society.

W. F. Farrell gave an address on the beautifying of houses and cottage surroundings, a number of views of "before and after" being shown.

John Macdonald, who operated the lantern. The old house in Kingston was shown in comparison with one at Summit St.

Alderman D. A. Givens spoke upon the improvement of parks and streets. The beautifying of the city can best be accomplished, he said, by having "the country in the city," i.e., not making the city surrounding apart from the beauties of the country.

John Macdonald spoke upon the beautifying of houses and cottage surroundings, a number of views of "before and after" being shown.

LETTERS TO THE EDITOR.

A Complaint Made.

Napanee, March 16.—(To the Editor): When the Ontario Government was in opposition, the morning paper published an article under the heading "horrible" Commas act," which was repeated on sight, as soon as they obtained office, but only in the case of Napanee have they tried to fulfil their promises, and evidently, viewing it through a hot Scotch mist, they have granted to Napanee privileges denied to all other towns in Ontario. The effect of the legislative indulgence is that Napanee is still in darkness, although with forty-eight hours' notice and a reasonable monthly payment, the Napanee people had been time during twenty-four months past. The town is committed to a lighting scheme that when consummated, means an annual deficit of not less than \$2,000. At the feet of the legislature Napanee is praying that the proposed illegal by-law might be legalized, and the town solicitor (according to the report in the News) said he would sell a judgment against the Napanee Electric Light company for a postage stamp, every Napanee who is fighting to see how long it will take the management to make a judgment against the town of equal value. Continuing, the solicitor is reported as saying "It is the gas company, in the hands of the hopelessly bankrupt Napanee Electric Light company, that is the real trouble, and it is fighting this," but the fact is that it is a ratepayer of the town who has paid more money into the town treasury by the way of taxes, than any six men now living in Napanee (certainly it would be a large number) who are fighting miserably of his property from the effects of this scheme of pure piracy—NAPANEEAN.

INDUCTION SERVICES.

Interesting Ceremony Held at Shelburne.

Shelburne Free Press.

On Tuesday evening last a most interesting ceremony took place in St. Paul's church, in the induction of the new pastor, Rev. Charles K. Masters, M.A. The service was in charge of Archbishop MacKenzie, D.C.L., Brantford, assisting him in the service were Rev. E. J. Eccleston, Rev. C. W. Baldwin, Rev. E. R. James, and Rev. E. A. Hardy, B.A., of Toronto, who was crowded to its floor, with the members and friends of the congregation. The sermon preached by the archdeacon was an able and forceful presentation of the reciprocal duties of a pastor to his people, and of a people to their pastor. An interesting feature of the ceremony was the presentation of the keys of the church, by the churchwardens, to the new pastor, as an acknowledgment of his authority and of the congregation's acceptance of him as their minister. A similar service was held in Primrose in the afternoon of the same day. At the congregational reunion was held in the town hall, under the auspices of the Woman's Guild, at which Mr. Masters acted as chairman. In addition to the beautiful supper, provided by the ladies, a splendid programme was rendered. A very large number of the Primrose congregation were also present, and all voted the evening a great success in every way.

ST. PATRICK'S DAY

THE SERVICES HELD IN ST. MARY'S CATHEDRAL.

An Able Address by a Redemptorist—A Crown of Glory for the Great Apostle of Ireland—A Big Congregation.

Today is St. Patrick's Day, the feast of the apostle of Ireland, and it had its usual quota of Kingstonian observants. Hundreds were their sprig of shamrock, some of the townsfolk having received the little emblem direct from the "Old Soak," while many carried just a touch of green on their coat lapel. Apart from church services there were no outward celebrations in honor of the day, the concert on Monday evening being held to especially mark the feast day.

St. Mary's cathedral was filled, when at nine o'clock this morning, solemn high mass was celebrated by Rev. Father Macdonald, of Portmouthe, and Father Callinan as sub-deacon. Father O'Reilly was master of ceremonies and the several clergy of the parish officiated in the sanctuary. A special singing of the choir was admirably rendered.

A magnificent sermon was delivered by the Very Rev. Father F. E. Klauer, Redemptorist of Saratoga Springs, N.Y., from the text, "Behold a great priest, who in his days blessed God and there was not any found like to him, who kept the law of the Most High, therefore, by an oath the Lord made him an increase among his people, that he might give the blessings of all nations. He glorified in the sight of kings and gave him a crown of glory." Book of Wisdom, chapter xlv.

In opening he spoke about St. Patrick, how he was found just in God's own design, he was destined to convert the people of Ireland. Reference was then made to his success in converting the Irish and how they spread to all lands, carrying the faith to all countries. The speaker compared St. Patrick's work to the parable of the mustard seed which grew to a big tree. He declared the Irish have saved that faith through wars and persecutions, whenever their watch word was "take all our houses and lands, but leave us a Kingston setting."

APPROVE OF HIM.

Harold Jarvis Has a Wonderful Voice.

HAROLD JARVIS. St. Louis Musical Center.

Mr. Jarvis is the first man who has ever sung at the Ladies' Morning Choral concert. Yesterday was also his first appearance on a St. Louis concert stage. It spelled magnificent success for him both physically and vocally. He is quite the biggest tenor who has sung in town for many seasons, being fully six feet two inches in height, and with a voice in proportion, which he handles with great skill. His singing was characterized by good taste and showed his wonderful voice as having had great and careful training. In quality it is rich and mellow. The audience approved of this man in every way.
