SEE THE NECESSITY OF APPOINTING A SANITARY INSPECTOR.

But the Board of Works is Not Prepared to Advise—Trying to Get the Old Steam Roller Made Speedier.

The board of works met yesterday afternoon. Alderman Carson, (chairman), Craig, Gaskin, Cooper and Ross were present.

On the petition of W. Jarvis and others asking for the extension of Patrick street to Stephen street, the city engineer was instructed to report upon the utility and cost. The extension would be a great convenience to the people of that section.

R. J. Hooper and others on Albert street from Union to King streets, asked for payment by the city for twenty young trees set out on that street. Eighty were planted and twenty survived. A city by-law provides for the payment of twenty-five cents for every tree planted on boulevards, and surviving a year. The petitioners stated that the money would be used for planting more trees. The matter was referred to the engineer for a report.

There was a further discussion upon the petition of Miss Flanagan, upon the petition of the Flanagan estate property on Barris street, relieved of having to pay rent for entering the Arch street drain, in view of no charge having been made for twenty years. The city engineer reported that R. Waldron was paying for entering the same sewer, and recommended that no action be taken on the petition.

Ald. Gaskin said that when Mr. Flanagan built his houses on Barris street, there wasn't a proper drain on that street, and he had to build a drain 182 feet through his property to Arch street in order to get drainage. The city was obliged to provide the property owners with drainage. In this case there was no drainage, and Mr. Flanagan was put to big expense to get entrance to Arch street. Ald. Gaskin moved that no sewer rent be charged the Flanagan estate. Ald. Ross moved in amendment that the engineer prepare a statement showing the number of people between Deacon and Stuart streets who are paying sewer rent and the amount. The amendment was carried.

Selby & Youden, stating that they would not guarantee the speed repair of the old steam roller, without rebuilding the engine, which would probably cost a good amount. They would make certain changes in the roller for \$50. The city engineer stated that the old roller couldn't be put into the shape necessary. The city had good value out of it since it was purchased.

Ald. Craig was not in favor of abandoning the old roller till it was seen that it could not be improved in speed. Ald. Carson was of like opinion. It was decided that the engineer should communicate with other firms, as to repairing the old "bicycle" of Ex-Foreman of streets Wright.

To the board was referred some time ago the letter of the mayor, which recommended that the city council seriously consider the appointment of a sanitary inspector to devote all his time to the work.

Ald. Gaskin said he couldn't see his way clear to vote for additional expense being put upon the ratepayers for the appointment of a sanitary inspector.

Ald. Craig moved that the committee report to the council that it is of the opinion that there should be a sanitary inspector who should devote all his time to thoroughly inspecting the city, but it is not yet prepared to advise how this appointment should be made.

Ald. Carson said that he was of opinion that the waterworks superintendent could do the work in conjunction with his present duties. Ald. Gaskin said Mr. Hewitt was a good man, and well fitted for the position. He was in favor of appointing him if he had time to do the work.

Ald. Craig said that if the city did spend \$1,000 for the appointment of a sanitary inspector and through his appointment saved one life, the expenditure would not be lost. As to responsibility he was not in favor of the city guaranteeing that every house inspected was perfect. The liability should be upon the contractor. His idea was that every house in the city should be inspected.

Ald. Gaskin said that a plumbing inspector wouldn't have three hours' work in a month according to his view. He held that the citizens were loaded down with taxes. He would propose in the council the appointment of a permanent sanitary inspector.

Ald. Gaskin's motion was carried. Ald. Gaskin presented to the board a statement showing all the permanent walks, built in the city from 1886 to 1903, their sizes, cost, etc.

Permission was granted A. Tait to grade Adelaide street from Patrick to Division streets.

It was decided to recommend to the city council that \$150 be paid to William Snowden, in full of damages for

his accident by falling on a defective walk last fall.

The board decided to adopt the same street watering system this year as last.

GRAND OPERA HOUSE.

Views by London Bioscope Company A. S. Good.

Another big audience, greeted the English Bioscope company at the Grand Opera House last evening. All the pictures were new to a Kingston audience, and were viewed with interest. Many of the scenes presented were matters of history, while others were amusing and of over-day life. The pictures are the largest of the many that have been exhibited in this city, and it is difficult to say if they could be surpassed.

Mr. Reed read several beautiful songs in a manner to win the approval of the audience. Among the pieces were "Please, Come and Play in My Yard," and "The Casey Corn." The principal views were, "The Life of a Race Horse," "King Edward," "A Balcony Tragedy," "The Parkkeeper's Daughter," "The Riverside," "Montreal," "Killarney Rapid," "Canadian Troops Landing in South Africa," "The Escaped Convict," "Life of Napoleon from Coronation to his Death."

To-night a new set of pictures will be presented and new illustrated songs. There will be a matinee to-morrow afternoon.

KINGSTON THE SPOT.

In the Legislature, on Thursday, Hon. Richard Harcourt declared that one of the Normal Schools should be placed at Kingston, where College buildings and college energies were as lights "Killarney Rapid," "Toronto, London and Ottawa, the other university cities, had normal schools, and it was proven that such institutions did best in such congenial surroundings. Kingston gives to Queen's such support, devotion and sympathy that it is the very best place for kindred enterprises, and the choice would be generally sustained. When in power, we had pledged Kingston a school and had intended one for the north country, and was therefore sincere in his choice.

Late John Walker, Glenburnie.
John Walker, a prosperous farmer of Glenburnie, passed away peacefully on Thursday, March 16th, deceased suffered with asthma for the past six months. His pastor, Rev. Father Collins, visited him on Monday, the 12th, and administered the rights of his holy religion. In his last hours his family were around his bedside. Deceased was a very industrious farmer, honest and upright in all his dealings, and always ready to help those in need. He had many address in life. His first wife was killed twenty years ago in a railway accident, leaving him five small children to care for, who all are grown up now: William J., in Chicago; Michael J., in Toronto; Joseph F., in Peterboro; Robert and Maggie at home. His second wife survives. She was Catherine Murray of Raitton, and also four sons. His brother Walter, of Rochester, attended the funeral on Sunday, which took place from his residence, 53 Adelaide street, Cushehall, thence to St. Mary's cemetery. The funeral was largely attended.

The Sweetest Instrument.
In the course of an examination in music at an English school the inspector offered a prize to the boy who gave the best answer to the question, "Which is the sweetest instrument?" Among the many eager pupils the inspector particularly noticed one boy waving his hand and muttering, "Please, sir," as he excitedly endeavored to attract his attention first.

"Well, what is it?" he asked.
"Please, sir, a taffy whistle!" replied the boy. He won the prize.

Lays Blame To Drink.
Arthur Horton, the convict from Windsor, for attempting to murder, was brought to the city last night to serve his term at the penitentiary. He is sentenced to seven years. When talking on this morning, before going out to Portsmouth, he laid the blame for his rash act, which has cost him so dearly, to his drunken condition at the time. "I was frenzied, wholly mad with liquor," he vehemently asserted.

Dalton-Bower Marriage.
A quiet but pretty wedding was solemnized in St. George's cathedral by Canon Starr on Wednesday evening when Louisa Annie, daughter of Henry Dalton, of Retreat farm, was united in marriage to Henry Bower, of Sydenham. The bride was attended by her sister, Lillian G. Dalton, while B. R. Watson acted as best man. Only the immediate relatives of the bride and groom were present.

The Sons of Politicians.
In recent years no political leader in New York State has had a son with a taste for politics. Senator Platt's son shows neither attitude nor inclination for the game. Boss Tweed left no son and Boss Killy died childless, while Murphy, the present holder of Tammany, is in the same position. Richard Croker had three boys, but none of them cared for politics. Richard, the only remaining one, has not voted in years.

Pork Tenderloin.
Fresh pork, veal and mutton, at Anderson Bros.

Boarding houses, hotels, restaurants, private houses, all use Burtch's horse raddish, guaranteed pure and fresh. Ask your grocer for it.

William Swain, piano tuner. Orders received at McAuley's Book Store.

LATE DEAN SMITH THE FUNERAL OCCURRED THIS MORNING.

The Remains Placed in St. George's Cathedral and Viewed—The Services for the Dead Read at Ten O'Clock.

After evensong, on Thursday, the body of Dean Smith was taken from home care, King street, to the cathedral. The coffin was placed in the chancel, between the choir stalls, imbedded in a mass of magnificent flowers, the last tribute of many friends to whom his death has come as an almost overwhelming sorrow. The dean's stall was draped in violet, and upon the end of the desk hung a beautiful wreath of carnations, by cinnaths and ferns from Canon Starr. Among the many handsome floral pieces sent were a large and beautiful cross from the organist and choir; roses, the women of the cathedral, sickle, tulips and carnations, Col. and Mrs. W. D. Gordon; crosses, the choir; wreath, carnations, Archdeacon and Mrs. Carey; crosses, carnations, Rev. and Mrs. J. O. Czap; Pictoumouth; sheaf, lilies, Misses Mrs. E. V. Orford; lilies, Mrs. Mathewson; tulips and stocks, Mr. and Mrs. M. W. Strange; cross, carnations, Mr. and Mrs. M. Sutherland; sheaf, white roses, Miss Scott, Toronto; roses and lilies of the valley, Mrs. R. W. Groat; lilies, Mr. and Mrs. William Leslie; carnations, Mrs. G. C. Robinson, Dover; cross, pink roses, Mr. and Mrs. R. J. Carsop; cross, pink roses and lilies, Mr. and Mrs. H. Waldron.

The choir remained in charge of the service during the night. The body was viewed by scores of sorrowing church people and friends.

The services began with a celebration of the holy communion at eight o'clock, with Canon Starr as celebrant and Canon Groat assisting. The organist and choir were present, and the hymn "Jesus Meek and Gentle," the last one the dean gave out in his cathedral was sung. Above the altar at either side of the altar crosses, were cases filled with lilies, carnations and tulips, and a large cross was between the altar pillars. Among the congregation were many of the priests of the diocese, others coming in before the close of the service. Many of the lay members of synod were also here. The service closed with the "Nunc Dimittis."

The Final Service.
Quietly, with the burial office of his church, the Dean of Ontario laid to rest, on Friday morning, the body of the late Dean Smith. The choir entered the cathedral, singing, "The Laborer's Chorus: Is O'er," followed by the organist, Mr. G. L. Hamilton, and Mr. Dalton's family, six members of Mr. Dalton's family, with their families, were present at the celebration. There are ten children and twenty-one grandchildren.

May Increase Wages.
It is rumored that the men who sail on the schooner fleet will ask this season for an increase of wages. Representatives of the sailors' union have succeeded in obtaining the co-operation of the ship owners to join their organization. The Canadian points most interested are St. Catharines, Port Dalhousie, Hamilton, Toronto and Kingston.

Spring Importation Of 1906.
Prevost, Brock street, has received two cases of imported goods for his order clothing department, consisting of Scotch and English tweeds, serges, chevots and Vicunas. His \$15 suitings made to order being anything of previous years. The wear and fitting is guaranteed.

Mixed Ticket At Cape Vincent.
The result of the Cape Vincent election held on Tuesday afternoon was: President, Frank W. Sackett, both tickets, 186; trustee, Frank Dezenrege, both tickets, 182; treasurer, Joseph Gregory, republican, 131; collector, Clarence Londraville, republican, 108; treasurer, Edward Ref, democrat, 77; collector, Otis Robertson, democrat, 83.

Shop Licenses The Same.
A mistake was made in Wednesday's issue in figuring up the Kingston tavern and shop licenses. The shop licenses are the same as the tavern, viz., \$500 each. This would make the total for thirty-eight licenses \$19,000, of which the city would get \$9,500, an increase of \$2,900.

Bargains In Fine Furs.
You are always certain of the best quality here and just now you can save big money, as every fur article in our store is greatly reduced in price. See our big wavers in Near seal and Russian lamb jackets, at Campbell Bros., the store of quality.

Cases For Saturday Court.
Among the cases for Saturday's police court, are the two adjourned from Tuesday, infractions of the city by-law, not conforming to the fire regulations; and Christy Graham, for building steps over the boulevard.

Bringing Them Up Right.
At the regular meeting of this lodge last evening eleven candidates received their degrees among whom were the five sons of the veteran Oddfellow, William Saunders, Sr.

Rev. C. J. Boulton, Brockville, was called to Montreal on account of sickness, on Thursday, and was, therefore, unable to be present at the funeral of Dean Smith.

A QUIET WEDDING

Book Place at the Bride's Home Last Night.

On Thursday evening, a very quiet wedding took place at the home of the bride's mother, on Alfred street, when Miss Nellie Volume, daughter of the late Mrs. Volume, was married to Ernest Gallagher, Depot Harbour, son of the late Rev. John Gallagher, of popular school teachers, and her father, Rev. Dr. Mackie performed the ceremony, which was witnessed by but a few relations, the groom's mother, Mrs. Gallagher, of Ottawa, being the only out-of-town guest. Both bride and groom were unattended. After the ceremony Mr. and Mrs. Gallagher left for the west, and will take up house in Depot Harbour, which is on Georgian Bay, near Parry Sound.

Mrs. Gallagher has been one of the popular school teachers, and her fellow-teachers in the public schools gave her a set of silver knives. The bride's class of St. Andrew's Sunday school, presented her with a marble clock, and the officers of the school gave her a silver watch. Many good wishes follow the happy couple.

Will The Budget Be Ready?

It may be that a special meeting of the city council will be called next week to consider the budget, which may not be ready for Monday evening's meeting. The finance committee meets this evening to try and complete the budget, which will then have to be printed. Mayor Mowat would like it possible to give the aldermen a chance to look over it carefully before passing upon it.

Bethel Tea Meeting.

The annual tea and concert for the Bethel Sunday school children, was held last evening. Tea was served at 6:30 o'clock and at eight o'clock the concert commenced. There was an excellent programme of solos and recitation by the little ones, to which the "grown-ups" listened with a great deal of pleasure. The "wee tots" of the infant class done especially well, and credit is due to their teachers who so patiently trained them for the occasion. The singing of the doxology followed by the benediction fittingly closed the entertainment.

Campbell Bros.

For the noblest new spring hats.

Try our cooked meats, sugar cured ham and bacon. They are of a fine flavor, at Anderson Bros.

Golden Wedding.

Mr. and Mrs. Robert Dalton, Sr., Stratford, Ont., have just celebrated their golden wedding. They were married in Kingston, and the groomsmen and bridesmaids, Henry Wilson, of Kingston, and Mrs. G. L. Hamilton, of Hamilton, are still living. Six members of Mr. Dalton's family, with their families, were present at the celebration. There are ten children and twenty-one grandchildren.
