A WARRANT ISSUED

FOR THE ARREST OF A MOTHER.

Who Aided Her Son to Escape From Prison—A Budget From the Capital of Ontario.

Toronto, March 28.—Mrs. Violet Ferguson, the woman who aided her son to escape from the Mimico Boys' Home, by driving off with him in a buggy, and who was released on bail, disappeared. She did not answer when her name was called in the police court. The boy has not been recaptured. A warrant has been issued for Mrs. Ferguson's arrest.

The steamer Lakeside arrived in port, at 11.45 o'clock this morning, from Port Dalhousie, opening navigation on the Toronto and St. Catharines route.

A number of resolutions were passed by the anti-bar convention called by the Ontario branch of the Dominion Alliance this morning. The action of the speaker in abolishing liquor from the legislature buildings was approved, and another resolution recommended a revival of pledge-signing. The report of the legislative committee recommended the closing of all bar-rooms, the abolition of treating and drinking saloons and clubs, and further restrictions on the traffic. It expressed appreciation on the provision in the new act that on a petition signed by twenty-five per cent. of the electors, a by-law was submitted by the council, but thought the percentage should be twenty per cent. in towns, and fifteen per cent in cities. The report condemned the proposed amendments to the local option clause of the act as being to the advantage of the liquor traffic, by making it practically impossible to pass a local option by-law in a great many municipalities, and regretted that it was proposed to limit the term of trial of local option to two years. It also condemned the clauses in the bill, permitting the sale of liquor to guests on Sunday, and the selling of liquor on steamboats. Regret was expressed that the government had not seen its way clear to lay before the legislature a useful measure of progressive legislation, and gave the opinion that the measure now introduced was not calculated to reduce the number of licenses, or to diminish the sale of liquor. There was a long debate on the report, which did not meet with the views of many of the members, and which was finally referred back to the

Fishermen who fish in Ontario waters, must first supply the Canadian market. After that the government is indifferent as to where the surplus is disposed of. This was the effect of the reply made by Hon. Dr. Reaume, minister of public works to a deputation of commercial fishermen from Bronte, Port Dalhousie and Winona, which waited on him, and asked him for the power to sell the fish where they pleased, and for some other privileges in regard to the size of meshes and nets.

Justice Anglin, this morning, dismissed the motion with costs to the plaintiff, to strike out the statement of claim in the action of Ex-Ald. Black as a ratepayers, against Mayor Ellis of Ottawa, on the ground that it declared that there was no reasonable cause of action, and that action was frivolous and vexatious. Mr. Black's statement of claim was that Mayor Ellis had signed a different agreement with the Electric company, for the transfer of the plant of the company to the city, from that entered into by the council, and that as a consequence the corporation was out several thousand dollars. Mayor Ellis, the corporation, and the liquidator of the company, all moved to have this statement of claim struck out, and this Justice Anglin refused.

A deputation of Ontario brewers waited on Premier Whitney and Hon. Mr. Hanna, this morning, to protest against certain clauses in the liquor act. They objected to the increase in hotel licenses, and particularly the clause which is intended to prohibit tied houses, as they claim it will unduly restrict the interests of the trade.

A deputation of the license-holders of the entire province will meet the government at 11 a.m., on Wednesday, April 3rd.

The body of a new born infant was found lying on the Boulevard, on Wilton avenue, opposite All Saints' church, by a policeman, this morning, wrapped in a bundle of newspapers. Marks on the child's neck, indicated that violence might have been used. The body is at the morgue.

HAZING AT KINGSTON.

Illness Attributed to Bad Treatment by Cadets.

London, Ont., March 28.—Jack Marshall, son of Joseph Marshall, ex-M.P., is recovering from an illness of three weeks' duration. It is understood Mr. Marshall's injuries were the effects of hazing received at the Royal Military College, Kingston. The young man himself has said nothing about the matter. He came home from Kingston suffering with brain fever some weeks ago. He has been delirious most of the time since. He is now on the mend. Whether the illness is the result of hazing the doctors cannot say. Reports to this effect have reached London through Marshall's school fellows.

The Whig could secure little information. The young man was ill with a cold for a time, went home because of his mother's illness, and later returned to the college only to be recalled home. A letter came to hand a few days after his second return, saying the young man was ill and delirious. As to hazing of the cadet, nothing is known. It is likely an investigation will be made.

MR. LOW APPOINTED

Chosen Director of the Geological Survey.

It is understood that A. P. Low, the well-known Canadian traveller and geologist, has been appointed director of geological survey of Canada. He is a brother of Mrs. George Young, University avenue. He was born in Montreal in 1861 and a graduate of McGill. He has been on the staff of Canada geological survey since 1881, and was promoted to the position of geologist in 1891. For upwards of six years Mr. Low was engaged in exploring the resources of Labrador, and is a recognized authority of matters touching that peninsula and the whole of North eastern Canada. In 1896 Mr. Low was awarded the McGill memorial prize from the Royal Geographical Society, in acknowledgment of his services to geographical science. In 1897 he accompanied the Diana scientific expedition sent to Hudson's Bay.

It is said that Dr. Bell, who has been acting director for the past four years, has been appointed to the position of chief geologist, a new office to be created.

ONE STRAIGHT SESSION

In Queen's Medical College Hereafter.

The summer session of Queen's College, which opens on April 16th, will be the last to be held. Next session a new order of things will come into force. Instead of having two medical sessions, a long and a short one, there will be what is called an eight months' session for all the medicals. The college will open and close at the same time as the classes in arts and science, and the medical convocation will again be combined with the large convocation at the end of April. Medical graduates who did not intend to practise in Ontario, generally required sessions of only six months in order to pass state councils. Now, nearly all students require the eight months' session. The change will be much more satisfactory all round.

THE COMBINED FLEETS

Of Britain and France Cause Awe in Germany.

Berlin, March 28.—During the debate on the naval bill in the reichstag to-day, Herr Spahn, the centre party leader, supported the government. He said Germany had to reckon on the fleets of France and Great Britain being agrayed against Germany's fleet. All the political parties, except socialists, expressed themselves in favor of the naval bill.

LAST BUGLE CALL

SOUNDS FOR ONE OF BRITAIN'S VETERANS.

Was in the Crimea, and Hauled the Guns to Lucknow—A Resident of This City for Thirty Years.

The last bugle call has sounded for George William Draper Johnson, one of Kingston's oldest residents, and a veteran of three of England's wars, who passed away Tuesday night. He had been failing in health for the past year, but the critical point was reached when a week ago, he was stricken with paralysis. Mr. Johnston was born in Yarmouth, England, seventy-four years ago. He enlisted in the British navy, and was on the battleship Nankin, when the fleet occupied the Black Sea, during the siege of Sebastopol in the Crimean war, in 1856.

In 1857-58, during the Indian mutiny. Mr. Johnson was with the marines and took part in hauling the siege guns from the coast to Lucknow, but before they arrived the besieged city had been relieved.

At the time of the Chinese war in 1861-62, Mr. Johnson went to the far east in the battleship Hero, serving as first class petty officer. In the spring of 1863, he took out his discharge in England, and went to New York city, intending to go to Australia to live, but on his arrival in North America, the demand for men was so keen that he remained, living there for some time. He lived for a time in Hamilton and Montreal, and came to this city thirty years ago, where he has since resided.

Mr. Johnson was a member of St. John's church, Portsmouth. He leaves to survive him, a widow and one son, O. G. Johnson, the King street florist.

Patrick Rubery Found Dead.

Though ailing for the past two weeks, but in apparent good health and spirits when he retired, Tuesday night, at eleven o'clock, after reading his paper, death claimed its victim, and at an early hour Wednesday morning Patrick Rubery was found dead in his bed at his home, 401 King street. About ten days ago deceased was taken with a weak spell, and fainted on the stove, suffering severe burns on hand and face, before assistance was given him. He had about recovered from this extreme shock and was out about town Tuesday.

Patrick Rubery was a well-known, much respected laborer, employed at the locomotive works, in the foundry. He was born in Ireland, near Dublin, and came to Canada when a young man. He had lived in Kingston for forty years. In religion he was a Roman Catholic and a member of St. Mary's cathedral. Surviving him besides his widow, are five daughters, Mrs. Kahn, New York city; Mrs. Glasscheib, Wilksbarre, Pa.; Mrs. B. Hartley, Misses Mary and Maud Rubery, city; and three sons, Thomas, Toronto; Michael, Hamilton; and Patrick, Winnipeg.

Suing For Damages.

County court will be held next Tuesday by Judge Madden. There is only one case entered for trial, that of William A. Leeman, of Bedford, against the Kingston & Perth road company, for $200 damages, on account of his horse breaking its leg on the Loborough Lake bridge, which was in a state of irrepair. The bridge had been abandoned by the road company, which gave notice to the county council that it would not be responsible for accidents on the bridge. The county council decided to ignore the company's notice. The accident occurred last year.

With The Curlers.

The Curling Club will have a winding up meeting, Thursday evening, when the president's shield will be given to the winner of the point competition, S. R. Bailey, and other business of the year transacted. The season this year was a day later than last; 1905 the final game was curled March 23rd, while March 24th, this year, saw the last turnout of the "tams," with their brooms and granites.

Gave A Present.

At the A.O.U.W. grand lodge meeting, held in Toronto, last week, the members present from the Kingston district, presented Bro. R. W. Longmore, Camden East, the retiring D.D. G.M.W., with a gold-headed cane, and an address, besides re-electing him to the office, showing the high esteem in which the United Workmen hold him.

Took High Standing.

Dr. Dalton and Dr. Dwyer, of this city, have been appointed to positions in the Manhattan Eye and Ear Hospital, New York. They headed the examinations in competition with medical graduates of McGill, Toronto and medical colleges all over the United States. Their appointments are good for from two to three years.

Three More Survivors.

There are three known veterans of the Indian Mutiny in Kingston, besides Alexander Young. They are James McDermott, 266 Johnson street; Martin McDonald, 224 Montreal street, and Henry McKanaw.
