THIRTEEN MINERS WERE

RESCUED FROM MINE.

Their Awful Exin Bowels of Earth.

Lena, France, March 30,-Thirteen men were brought up alive from the Courrieres mine to-day. They had been the mine was wrecked by an explosion of gas which cost the lives of more than 1,200 of their fellow workers. They kept themselves alive on food rades, and on oats which they found in the stables of the colliers' horses. ing, "I am bringing twelve with me-From another chamber of the mine were brought to the surface to-day, able character. He said: "I several dead bodies. They were so lost my head. I kept count of shrunken as to resemble mummies, but days. This is Friday, March 30th. physicians who examined them declared that life had been extinct for not more than twenty-four hours. This centuating the feeling that things had been badly managed at the mines.

clude Victor Martin, a boy of fourperson who proves tha Sunlight Soap contains any mouth of the pit on three different that she had lost her reason.

> the cage on being brought to the surface to-day, he was met by his father. first question. "There you are," said his father. "Your mother knew you were alive." The survivors have been sent by the authorities to an hospital, where they will be kept on a milk diet for

> ill, it is feared that immediate eating of home food would be dangerous to The survivors say that they ate th oats and corn which were stored the mine for the barres and drank the water kept for the same purpose. They also rummaged in the pockets of the dead miners for scraps of food. The water gave out, and then they

worst trouble, though, they say, was All the party found their own way to the foot of the shaft from which they were taken out. There a stable hand of the name of Goubet, who was helping in the work of repairing the mine, first saw them.

suffered fearfully from thirst. Their

Provost, one of the men, said Goubet: "We saved ourselves, we had some trouble in doing it." The men say they occasionally found a lamp but rarely were able to get any light. They were half blinded on emerging into the daylight.

Others Still Alive. At first there were twenty of them ogether after the explosion, but in wandering about they became separ-PAIN IN THE SMALL ated, fifteen remained under the leadership of a man named Neny, and five others with Pruvost. Five members of OF THE BACK COMES the one group and two of the others disappeared, and it is not known what FROM THE KIDNEYS became of them. The two groups met again yesterday.

The survivors declare that there are others still in the mine alive. They say they heard their cries yesterday from behind a fall of rock and were unable to remove the obstruction. KIDNEY PILLS When M. Lavaure, director of the Courrieres mines, was told of the rescue, he said to the informant It is not the back that is aching, but the 'You are mad. They are all dead." kidneys which are situated beneath the Engineer Leon, was equally incre-Therefore, dull pain in the back, or sharp, they still had their pockets filled with quick twinges, are warnings of sick kidneys oats. Pruvost had some decayed -warnings of kidney trouble. Plasters and liniments will not cure a bad back, for horse flesh. The men are unable to say they cannot reach the kidneys which cause | what paths they followed during their it. Doan's Kidney Pills reach the kidneys. twenty days of gloomy wanderings.
