I HEREBY GIVE NOTICE THAT I will not be responsible for any debts contracted by my wife in my name, she having left me.

H. REID.

CALL IN AID OF DIVERS.

Ravages of Time at Winchester Cathedral.
New York, April 16.—A special cable to the Herald from London says: The men who are repairing the ravages which time has wrought in Winchester cathedral have had to call in the aid of divers. The work of underpinning has been going on for some time in the crypt owing to the subsidence of the peaty stratum above the gravel soil on which the cathedral is built, and this peat is being removed entirely, and on the solid bed of gravel bags of cement and gravel are being placed.
Unfortunately the water rushes up through the gravel as the peat is removed and floods the excavations, so divers are employed to remove the peat and put bags of cement in its place, and when this is set the water will be pumped out and the masonry will be built upon the solid foundation thus made. Then this historic old building will for the first time rest upon a solid foundation.

Temple of Peace.

The Hague, April 17.—Over 130 plans for the Temple of Peace, provided for by Mr. Carnegie's donation have been received. The competition closes to-day.

(Double strength). Tarino (moth proof) bags are sold at Gibson's Red Cross drug store, Phone 230.
The Mounted Police canteen and recreation room at Prince Albert, Sask., was burned, with several trophies belonging to the force.

The Best Lung Cure.
A guaranteed lung cure is apt to be a myth as no infallible cure has yet been discovered.
But this we do claim, if any medicine can help the lungs it is Catarrhoxone, which is a strengthening and healer that cures the cough, assists expectoration and destroys the germs.
Catarrhoxone is freely prescribed by doctors, is a time-honored treatment that all sufferers of the lungs, catarrh and bronchitis can use with enormous benefit. We strongly recommend its use.
A prominent manufacturer in Vank-leok Hill, G. S. Watson, says:
"I never met anyone that used Catarrhoxone who didn't pronounce it a real cure. My wife was subject to bad attacks of throat irritation and bronchitis. Many remedies were tried, but few proved at all useful.
"Catarrhoxone was different. It seemed to get right at the sore places and brought relief quickly. We have found Catarrhoxone an absolute cure for bronchitis and catarrh and recommend it strongly."
Two months' treatment costs \$1; sample size, 25c. All dealers or by mail from N. C. Palsen & Co., Hartford, Conn., U.S.A., and Kingston, Ont.

ARE STRAINED

Relations Between Italy And Germany.

ITALY MAY DENOUNCE

THE TRIPLE ALLIANCE AS A RESULT.

Irritation at Rome Over Germany's Unsympathetic Attitude Concerning Eruption—May Seek Anglo-French Support.

Rome, April 17.—The relations between Italy and Germany are very much strained. Emperor William recently hinted to the Italian ambassador at Berlin that since Italy had acted independently at the Algerias conference, the triple alliance was unnecessary. The hint reached headquarters and this coupled with Germany's intentional unsympathetic attitude during the eruption of Mount Vesuvius, has led to a decision to consider the expediency of denouncing the alliance.
The correspondent is further informed by a diplomat that if Italy can enlist Anglo-French support, in case of complications Austria would be willing and is prepared to abandon the triple alliance.

Vesuvius Unchanged.

Naples, April 17.—The condition of Mount Vesuvius is unchanged. The volcano is still surrounded by a thick cloud of smoke, but ashes have all most ceased to fall.

Prof. Natucci said yesterday that while all danger appeared to be over, the normal condition of the volcano would not be re-established for several weeks. Bodies are still being exhumed from the ruins at Ottajano and San Giuseppe.

PITH OF THE NEWS.

The Very Latest Culled From All Over The World.

The provincial detective force is to be re-organized.
D. Fitzgerald's five-year-old son was drowned at Bellefleur, Pa.
Prairie fires are doing a lot of damage around Rosser, Man.

The new steamer City of Montreal was launched at Montreal.
Three striking miners were shot dead by deputies at Johnson, Pa.
An international Salvation Army congress will be held in New York May 11th to 16th.

Four arrests have been made at Springfield, Mo. in connection with the recent lynchings.
The London newspapers announce that Gen. Booth has expressed his intention of visiting Japan, returning to England via Canada.

A donation of \$1,500 from the family of Mrs. Corey, of Petrolia, wiped out the mortgage debt of Christ church on Easter Sunday.
It is expected that Hon. Mr. Fielding will deliver his first speech next week. The supplementary estimates will be brought down to-day.

MESSAGE IS GENUINE.

Handwriting of Capt. Woods Has Been Identified.

St. Catharines, Ont., April 17.—Friends and relatives of the late Captain Woods, of Port Dalhousie, who went down with the steamer Bamook three years ago, are inclined to believe that the message found in a bottle in the canal at Robinson's, the other night, was genuine. The bottle had by its appearance evidently been in the water a long time. The note was written in lead pencil, and in a hurried hand, S. B. Perry, Alexander Abbey, of Port Robinson, knew Captain Woods' writing well, and they are satisfied that the note in the bottle was written by him. The Bamookburn was a Kingston boat, and both her captain and mate, Alexander Graham, were Port Dalhousie men. Joseph Dawson, a St. Catharines man, was a member of the crew.

TWO STEAMERS SANK

As the Result of a Collision at the Soo.

Detroit, Mich., April 17.—The most disastrous collision in years in the Soo passage, occurred yesterday morning, when the steel steamers Saxona and Eugene Zimmerman came together at the foot of the dyke. The Zimmerman sank at once in twenty feet of water on the Canadian side of the river. The crew escaped. The Saxona continued on down the river as far as Little Mud Lake, where she filled and sank on the west side of the river. The channel is not blocked by the accident. The Saxona was bound down from Duluth, with a valuable cargo of flax seed, and the Zimmerman, which was on her first trip, was taking a load of coal to Lake Superior. The loss to insurance companies having risks on hulls and cargoes will be heavy.

Jumped Overboard.

Honolulu, April 17.—Capt. Martin of the Light Artillery, on the way home on board the United States transport Sherman, under a guard as insane, jumped overboard during a storm on April 5th, three days after the steamer left Nagasaki.

Don't forget that Kentucky lawn grass seed is the only seed used on the court house lawn. Sold as usual, at Gibson's Red Cross drug store, Phone 230.

William Swan, piano tuner. Orders received at McAnley's Book Store.

ALBERTA'S BANNER YEAR.

Great Rush to the Province's Sunny Climate.

Bawlf, Alta., April 17.—Now that the rush of settlers into the west has commenced with the opening of spring, Alberta, will see her banner year. The majority of those coming in are Americans, although there is a good representation from eastern Canada, as well as from the older countries. Calgary now has a population of sixteen thousand and every town and village in the country is growing rapidly. Most of the settlers make for the two new branches running east on the Calgary and Edmonton railway. The one from Lacombe, with its terminus, Stettler, where the Lugo Land company are interested, the other from Wetaskiwin, with its terminus, Haysland, where Mr. Day is rapidly disposing of his property. The climate as well as the soil of this part of Alberta cannot be excelled. We have bright sunny days almost all the year round, the rainy months are June and July. Situated on the belt of the Chinook breezes, we have a moderate climate and average temperature. The evenings are cool and delightful. The soil is unsurpassed. It is a rich black loam, with a subsoil of brown clay, and can produce as many as fifty-five bushels of wheat and one hundred and ten bushels of oats to the acre, the average being forty of the former, and seventy bushels of the latter. I have seen the famous Heather Brae district in the Wetaskiwin branch. It is forty-two miles east of Wetaskiwin, and is the centre of one of the best wheat sections of the country. I have seen the famous Heather Brae district in the Wetaskiwin branch. It is forty-two miles east of Wetaskiwin, and is the centre of one of the best wheat sections of the country. SAFE RIFLED

In Napance, But It Was Empty.

STORES ENTERED

BURGLARS GOT ONLY TEN CENTS IN CASH.

Three Kingston Lads Arrested by Napance Chief of Police—They Were Riding the "Bumpers"—Mackie, of Bank Fame, in a Row.

Napance, April 17.—The town was all astir yesterday morning when it became known that two stores had been burglarized on Sunday night or Monday morning. W. K. Fry's liquor store was entered and the safe rifled, but there was no money in it. The papers kept there for safety were evidently entered by a rear door. The next place to discover the presence of the light-fingered gentleman was K. J. Wales' grocery store. In this place the burglars evidently had no more success than at Fry's, for only ten cents and a few shavings of meat were missed. The work looked to the police like amateur work and a look-out is being kept for suspects.

On Sunday Chief Graham arrested three Kingston youths named D. O'Rourke, Thomas O'Rourke and D. O'Rourke, who were trespassing on the T.R. property. It seems these boys "rode the bumpers" to Napance. A number of Kingston youths of late have been in the habit of doing this dangerous trick, much to the annoyance of the G.T.R. officials, who instructed the police to arrest everyone found so doing. The result was the three arrests on Sunday. The boys are aged thirteen and seventeen years. They were remanded to jail for a week and were sent to their parents. The Grand Trunk officials say that this dangerous practice of riding on the bumpers is indulged in by hundreds of young boys, and of late many accidents and deaths have resulted, and they are determined to put a stop to the practice.

Last Saturday morning the Paisley house was filled with a rough element, and for a time it looked as if a row would ensue. The men responsible for the trouble were Mackie and Sandford, of Bonifant Bank robbery fame. They came from Belleville, and had been drinking and were in a very bad humor. The men responsible for the trouble were Mackie and Sandford, of Bonifant Bank robbery fame. They came from Belleville, and had been drinking and were in a very bad humor. The men responsible for the trouble were Mackie and Sandford, of Bonifant Bank robbery fame. They came from Belleville, and had been drinking and were in a very bad humor.

Blanche Grieve left last Friday for Winnipeg. Mrs. Ina White and two children left Monday for Indian Head, Sask., to join her husband, who went west in March, and is located at Indian Head. Robert Milling left Monday for Indian Head, Sask., with Mrs. Mackie, nurse-in-training, of Washington, D.C., arrived in town Sunday to spend a short vacation with her father, Judge Madden.

VOYAGE TO ANTARCTIC

To Explore the Unknown South Area.

London, April 16.—Proposals for a new voyage of Antarctic discovery have been formulated by Lieut. Barne, one of the officers of Capt. Scott's South Polar expedition. The plan is to explore the unknown area across of Grahamland on the opposite side of the Antarctic to that explored by the crew of the steamer Discovery. It is not yet known whether Antarctica is a peninsula from the antarctic, adopting the plan of the Discovery expedition of ledge expeditions from winter quarters both in the autumn of the first season and the spring of the second. He expects to be absent about two years.
Lieut. Barne provides part of the funds for the expedition, but is unable wholly to equip it. He hopes to get support from scientific societies and other people interested in these researches.

Scientists To Honor Franklin.

Philadelphia, Pa., April 17.—Scientists and statesmen of note, from the United States and other countries, will pay homage to the works and memory of Benjamin Franklin, at the general biennial meeting of the American Philosophical Society for Promoting Useful Knowledge, which will open here to-night for a four days session. Special efforts have been made to make this session of the society the most successful in its history. The society was founded in 1743, and Benjamin Franklin was one of the prime movers and founders of it. The Franklin tablet, erected in Houston Hall, in honor of Franklin, by the students of the University of Pennsylvania, will be dedicated this week.

Two Islands At Auction.

Fiji, April 17.—Considerable interest in widest circles is manifested in the sale of the Fanning and Washington islands, which will be offered at auction by British registrars of the high court this city, this afternoon. The islands, near neighbors of Christmas Island, are situated on the northeastern fringe of the archipelago, the nucleus of which is Fiji, about 1,100 miles south of Honolulu. Fanning Island was annexed in 1888, for cable station purposes. It is understood that representatives of wealthy bidders from several countries, including the United States, are only with a view to purchasing the islands. The British government does not intend to surrender to the purchasers the sovereignty rights. The principal reason for that reservation is the protection of the cable station.

MICHAEL DAVITT ILL.

Dublin, April 17.—Michael Davitt the Irish leader, is seriously ill with blood poisoning. He is at his home in Dalkey.

Two Islands At Auction.

Fiji, April 17.—Considerable interest in widest circles is manifested in the sale of the Fanning and Washington islands, which will be offered at auction by British registrars of the high court this city, this afternoon. The British government does not intend to surrender to the purchasers the sovereignty rights. The principal reason for that reservation is the protection of the cable station.

A BLOODY BATTLE.

Russian Soldiers' Mutiny—315 Were Killed.

Berlin, April 17.—The Schelesische Zeitung, to-day, says that a mutiny has occurred at the military garrison at Tiflis, Russian Trans-Caucasia, because the authorities dissolved a meeting of the soldiers stationed at the garrison, which was held to discuss grievances. About one hundred of the ringleaders were arrested and placed in confinement.

Upon learning of the arrest of the ringleaders half of the garrison proceeded to the barracks, armed themselves with rifles, and began a mutiny. The remaining half of the garrison, however, maintained loyalty to the czar and fought the mutineers. A bloody battle ensued, and when order was restored it was found that 315 soldiers had been killed, and 850 wounded.

THE PRINCESS AT OTTAWA.

Entertained by Golf Club—A Dinner This Evening.

Ottawa, April 17.—Princess Arthur was the guest of Ottawa Golf Club, this morning. The trip was made by special cars and there was a large representation of society people. H. R. H. took part in a game, putting a foursome. Luncheon was served at the club house at two o'clock. This evening there will be another dinner at government house, when members of the press gallery will be entertained. Afterwards the prince will attend the theatre.

Mail Displeases Tories.

Toronto, April 16.—A prominent conservative in Toronto, has been instructed to negotiate on the "pinnacle of the Mail and Empire." The price asked is half a million. The conservative party is said to be very much dissatisfied with the present management and have adopted this method of working a change. The name A. E. Kemp, M.P., is frequently mentioned in connection with the story.

Killed a Negro.

Springfield, Mo., April 17.—A negro named Burns, was shot and killed by a white man who was escorting a lady to her home when he was held up by two negroes. The white man drew a pistol and fired at the negroes, who fled, as he supposed. He ran after them, not knowing that he had his gun, and stumbled over the dead body of the man he had shot. The other escaped.

Gill Net Seized.

Part Stanley, Ont., April 17.—The government cruiser, steamer Vigilant, Capt. E. Dunn, arrived here last night on the first trip this spring, which realized one hundred and seventy-five gill nets and about five hundred pounds of fish, seized near Pelee Island.

Explosion On Battleship.

London, April 17.—A despatch to the Exchange Telegraph company from Malta, says that it is rumored there is a boiler explosion has occurred on the British battleship Prince of Wales. It is reported two men were killed instantly, and several others injured.

An Alcohol Bill Passed.

Washington, April 17.—The house of representatives passed the bill permitting the withdrawal from bond, tax free, of domestic alcohol, when rendered unfit for beverage or liquid medicinal use, by mixture with suitable denaturing materials.

Advance In Oil.

Cleveland, April 17.—The Standard Oil company, yesterday, announced an additional advance in the price of refined oil and gasoline of half a cent per gallon.

To Succeed At Halifax.

Halifax, N.S., April 17.—It is reported here that Rev. Father Bourke of Prince Edward Island, will succeed the late Archbishop O'Brien.

New Headgear.

For the children at Campbell Bros.

Always avoid harsh purgative pills. They first make you sick, and then leave you constipated. Carter's Little Liver Pills regulate the bowels, and make you well. Dose, one pill.

Cured her Father's Drunkenness by a Simple Remedy.

Save her father from a drunkard's grave. Free from Southern Sufferers' testimonial. A drinking and leads to a complete cure.
