This is a successful combination of the well-known valuable remedies, Cod Liver Oil, Iron and Phosphorous. The formula is no secret and our analysis showed the presence and amount of constituents as described. The preparation is a good one and of distinct therapeutic value. The association of an easily assimilable oil in a fine state of division with a phosphatic salt of iron digestive functions and determines its success as a tonic. Copied from the

BUMPER CROP OF FRUIT

The Indications Are Pointing That Way.

St. Catharines Star-Journal.

Going by what the fruit-growers around here say, there will probably be a bumper crop of fruit in the Niagara district this year. Everything has wintered exceedingly well, the growers declare, and there is every prospect for a large crop of peaches, cherries, plums and pears. Very few peach trees died this past winter, owing to the mild weather, and this was the case with other fruit trees. The strawberry plants wintered well.

The other crops in the district also look well. Fall wheat already shows some growth and there was very little winter-killed wheat. What there was was due to the exceedingly mild days when the wheat sprouted, followed by frost at night. Hay shows up well and farmers say there will be another big crop this year.

Miss Bessie Jones, Shannonville, is dead, aged seventeen.

Told in the Twilight

A jolly dance indeed was the one in the City hall, last night, for everything contributed to making it successful. The girls and the men on the "Getting-up" committee had worked like Trojans, before hand, and everybody went to the dance meaning to have "a good time," and consequently successful. The honors of initiation and the praise for the hard work go to Miss Bessie Gordon, Miss Mabel Brownfield, Miss Bessie Smythe, Miss Frances Sullivan, Miss Loretta Swift, Captain Anderson, Mr. P. G. Campbell and Mr. Frederick McParland. The chaperons had a kindly eye over the supper part of the proceeding, and both decorations and the supper proper were all that they should be. Silver candlesticks, white tulips, fern, daisies, and pink flowers were used. Merry's orchestra was stationed at the side of the room, and was most generous with encores, the capital music calling forth many of them.

The patronesses added very much, as patronesses can to an evening's pleasure. There were Mrs. Taylor, wearing a handsome black gown; Mrs. Fages, lovely in blue; Mrs. Francis Macnee, in a beautiful dress of white and yellow; Mrs. Brownfield, in a becoming black toilette. Among the married ladies present were: Mrs. J. J. C. Almon, gowned in black with sequins; Mrs. Fortt, blue chiffon; Mrs. Charles Kirkpatrick, robe of white embroidered net; Mrs. Walter Walsh, Vancouver, lovely white gown; Mrs. Charles Low, white net, pearls and amethysts. The girls also looked very pretty and charming in dainty frocks. Miss Gertrude McParland wore pink with overdress of white lace; Miss Kathleen McParland, beautiful frock of bronze sequins; Miss Irene Swift, white net; Miss Loretta Swift, black net; Miss Grace Martin, white; Miss Muriel King, blue; Miss Mabel Brownfield, white net, flowered with pink; Miss Dorothy Brownfield, pink frock; Miss Katie Gordon, white; Miss Lorraine Dalton, white; Miss Madelon Carter, blue; Miss Suckling, Toronto, white, with touches of green and red; Miss Frances Sullivan, dainty white frock; Miss Bessie Gordon, white, with pale blue flowers, and Miss Nora Gordon, white, with pink flowers; Miss Aileen Rogers, black, with touches of blue; Miss Eva Rogers, blue; Miss Bessie Smythe, white mousseline; Miss May Smythe, white; Miss Elsie Pense, white; Miss Julia Horsey, blue crepe de chine; Miss Anna Rigney, black, with sequins; Miss Leta Carson, pink; Miss Mona Knight, imported gown of pink and mauve; Miss Annie Irwin and Miss Cherie Irwin, both in blue; Miss Beatrice Tandy, pink satin and handsome lace; Miss Etta Ward, white net and ribbon; Miss Tot Taylor, pink; Miss Grace Oldrieve, pink; Miss Pearl Oldrieve, blue; Miss Edna Webster, green; and many others who looked just as nice and just as pretty.

Cured of Drunkenness

How a Montreal lady cured her husband of drunkenness with a secret home remedy.

"I want to tell you that tasteless Samaria Prescription has entirely cured my husband of drunkenness so quickly and simply that I am astonished. How glad I am that I confided in you and wrote for your free sample package. The sample tablets I got from you checked his drinking, and before I had used the full treatment he was permanently cured. I gave him the remedy in his tea, and as it had no taste or smell, he never knew he was taking it. I want others to know; so you can use this letter, but please not my name yet. I may say that my husband's health is better in every way than for years."

Free Package and pamphlet giving full particulars, testimonials and price sent in plain sealed envelope. Correspondence sacredly confidential. Address: THE SAMARIA REMEDY CO., 15 Jordan Chambers, Jordan St., Toronto, Canada.

Also for sale by Henry Wade.

THE CHEESE BOARD

Opening Meeting of Season—Sales at 12 Cents.

The opening meeting of the season of the Frontenac cheese board, held in Whig building, Thursday afternoon, was largely attended. Joseph Cramer, president, 1905, occupied the chair.

The following buyers were present: D. J. MacKinnon, manager for the James Alexander company, limited; John Gibson, manager for Snell & Christmas company, limited; R. Thompson, manager for the A. A. Ayer company, limited; A. Alexander, manager for Hodgson Bros.; L. W. Murphy.

It was decided "that the fees for the year be raised to $1.25."

Election of officers for 1906 resulted: President, J. McGraw; first vice-president, C. Langwith; second vice-president, Thomas Sproule; secretary-treasurer, William Pillar; marker, George Rattery.

The new president regretted that Sunbury and Pine Hill factories, former boarders, had gone to Brockville. He thought it would be a shame if the Frontenac cheese board went down, as it was the only way the farmers around here have of doing a cash business. He urged co-operation of the buyers.

It was decided to hold the board meetings as last year, in the Whig building.

A resolution of condolence, moved by D. J. MacKinnon, seconded by L. W. Murphy, was passed regarding the death of the late Christopher Langwith, who was one of the pioneers and promoters of the first Frontenac cheese board.

G. G. Publow, chief instructor in cheese-making at the Eastern Dairy School, gave a short, practical talk of particular interest. He remarked that he had appointed Mr. Robson as instructor of the twenty-six Frontenac factories for this year. As the factories are now opening and the demand for cheese keen, he advised the makers to salt their curds slightly and use plenty of renett. The 10th May will be the time limit to make cheese of this kind. If the curds will stand piling he recommended piling.

He advised the makers to make their cheese neat and attractive, also their factories. He urged always to bear in mind they were making a food product and the place should be clean.

He said the cause of broken boxes was that the cheese did not fit the box. Besides making the cheese well, he thought it should be put on the market attractively. He believed home inspection of cheese, as is done in Frontenac, was the proper way. He urged the board members to stick together and not sell off the board.

Bidding opened at 11¾c., highest bid 12c. Boarded 280 colored; all sold to Messrs. Mackinnon and Thompson.

The following factories boarded: Cold Spring, 0; Corn Flower, 30; Keenan & Son, 65; Model, 0; McGrath's, 30; Collins Bay, 35.

At the first meeting a year ago, 215 cheese were boarded and sold at 11c.

DEATH OF A VETERAN.

Matthew Donnelly, An Old Soldier, Dies.

Thursday morning, occurred the death of Matthew Donnelly, 85 York street, who has been very ill for the past eighteen months. Mr. Donnelly was born in County Lieutrium, Ire., seventy-five years ago, and came to Kingston, in 1851. He first started work as timekeeper at the G.T.R. station, and later worked in Chown and Cunningham's foundry for twenty-five years, eighteen years of which he was foreman in the mounting shop. He joined No. 1 Rifles, in 1858, and was one of the guard of honor of King Edward, then Prince of Wales, in 1860. At the formation of the 14th Regiment in 1863, he was appointed sergeant of "C" Company, and did service in 1866 in Kingston and Cornwall, and was afterwards appointed quartermaster-sergeant of the regiment, and doing service again in 1870 at Kingston and in 1885, was stationed at Fort Henry, where he received his injuries. He was the proud possessor of a long service medal and two clasps.

He retired as quartermaster-sergeant while in service, and drew pension until his death. He was also a member of the Veterans' Association, and took an active part in the shooting practices, being a good marksman. In politics he was a liberal for half a century, and in religion a member of Queen Street Methodist church.

Surviving him are a widow, three sons, James, Foxwarren, Man.; Samuel, Vernon, B.C., and Matthew, of this city, and two daughters, Mrs. Grass, Black River, and Mrs. H. Graham, city.

MONTREAL NEWS.

Death of Robert Peddie—Grocers Guild Meets.

Montreal, April 19.—The death took place of Robert Peddie, one of the oldest grain merchants in Montreal. He was on several occasions an official of the Corn Exchange. He was sixty-seven years of age.

The annual meeting of the Dominion Wholesale Grocers' Guild is taking place at the board of trade today. The question of continuing to supply the departmental stores is being considered. Col. J. I. Davidson, of Toronto, is presiding.

Patience Is Needed.

California is full of Ontario people. In thousands of homes throughout the province there will be anxiety until detailed statements of the loss of life are available, or until messages come through from friends. It must be remembered that San Francisco is almost wholly isolated telegraphically, and that only an occasional bulletin telling the story of the great disaster could be got over the wires. The sending of private messages was impossible. Patience must be exercised till the wires are restored.

OBJECTS TO THE PEN

THE SAFEBLOWER PREFERS SUICICE TO SENTENCE.

So He is Being Watched—Government Opposes Perpetual Franchises — Legislate on Sleigh Runners — Deputation on Normal School Question.

Toronto, April 19.—Heavy sentences were to-day, given the gang of safe blowers which for nearly two years past have operated successfully all over the provinces, but who were convicted of using explosives in the robbery of the Toronto Carpet company. Robert Bennett got ten years, and James Hunter and John Crosbie eight years each, in Kingston penitentiary. There were a number of other charges against the prisoners, but they have been withdrawn. Extra precautions are being taken in the case of Bennett, as he has said that sooner than go to Kingston, he will committ suicide.

In the railway committee of legislature, this morning, Hon. Mr. Hendrie, chairman, again emphasized the government's opposition to perpetuate franchises or to franchises for a longer period than twenty-five years, as laid down in the new railway act. Mr. Hendrie said that there were three bills, The York Radial, The Southwestern Traction, and the Brantford and Erie. These had been considered by the cabinet, and it had been decided that no bill would be confirmed in which any railway corporation secures a franchise for a longer time than the twenty-five years specified in the act. The agreements in these bills, therefore, could not be approved.

A deputation from the training section of the Ontario education association waited on Hon. Dr. Pyne, this morning, and asked that their claims be recognized in the appointments to the proposed new normal schools, on the ground that they are experts in the training of teachers. They also urged that masters of model schools, who have had five years and upwards of successful teaching, receive inspectors' certificates, even though their academic standing may not be that required by present regulations.

The members of the suite of Prince Arthur of Connaught, including Lord Rosedale, Admiral Sir Edward Seymour, Gen. Sir Thomas Kelly-Kenny, Col. Arthur Davidson, Col. D. T. Irwin, A.D.C., and M. H. Lampson, left, this morning, at nine o'clock, in a special Grand Trunk train for Niagara Falls. They will return to-night, and proceed to Montreal.

At the municipal committee of the legislature this morning, it was decided after December 1st, 1907, the width between sleigh runners all over the province must be three feet eight inches.

The executive of the recently formed Mining Association held a meeting, this morning, and discussed the new mining bill. Generally the provisions were regarded as satisfactory, but some minor amendments will be asked for, and another meeting will be held next Wednesday night to agree upon them.

THESE MEDICAL FACTS

You Can Study With Profit.

How few realize that twenty-five per cent. of all disease has its origin in some interference with the function of elimination.

The whole body exists by reason of the transfusion of fluids through its component parts.

Up to a certain point the body has power to object to destructive elements, but this power is limited.

When, as in the springtime, the body is loaded with wastes and poisons which it can't eliminate, fermentation, decay and germ life run riot through the blood.

Serious illness is the result unless nature is assisted by a cleansing tonic like Dr. Hamilton's Pills, which are purely vegetable, contain no mercury, no bismuth, no injurious metallic ingredients of any kind, and the greatest assurance to every man and woman of good health is the use of these pills.

Grand results are achieved by this world-famous remedy, as the following letter conclusively proves:

From Newfoundland, Miss Lillian Anthony, of Upper Gullies, Conception Bay, writes: "In praise of Dr. Hamilton's Pills, I must say that I have used them with grand success for three years. They never fail to cure me of indigestion or constipation. Formerly my face was full of pimples, but now my complexion is clear and ruddy. In more ways than I care to mention have Dr. Hamilton's Pills helped me; they would be good for every woman to use."

Insist on having only Dr. Hamilton's Pills, 25c. per box or five boxes for $1, at all dealers, or by mail from N. C. Polson & Co., Hartford, Conn., U.S.A., or Kingston, Ont.
