CRIMINAL PROCESS

USED FOR EXTORTING MONEY FROM C. HOLLAND.

Municipalities Can Use Their Own Discretion Regarding Prices for Water, Gas, Etc.—Davies' Company Have a Jury Case.

Toronto, April 20.—When Christopher Holland, charged with stealing \$13,000 from the Ideal Bedding company, came before the magistrate, today, Crown Attorney Curry said there were circumstances in it which should be brought to the attention of the magistrate. There had been a using of the criminal process for the purpose of extorting money.

Holland, after the alleged robbery, had fallen heir to an estate in England. Mr. Levescome, solicitor for the Ideal company, had gone over to the old country, where certain papers were drawn up and sent out to Canada, which Mrs. Holland signed making over a reversion of the property to save her husband from being prosecuted. It was evident, said Mr. Curry, that some promise had been made to Mrs. Holland, the magistrate said he had been looking over the papers from the police magistrate of London, England, and they showed improper, almost criminal conduct. The case was adjourned for a week to await the return of Mr. Levescome, who is now on the ocean, and who will have to give all explanation.

The private bills committee of the legislature, this morning, reported the bill respecting the Port Arthur blast furnace for iron ore, and the coal oil dock at Port Arthur. The bill validates agreements made with the Mackenzie & Mann interests.

The right to use their own discretion as to rents, rates to be charged for water power, etc., was accorded to municipalities by an amendment to the municipal water works act, today. Hamilton's assessor, Frank Hutcheon, appeared in their committee to the assessment act, in connection with all banks, gas, telephone and insurance companies, liable to be assessed for income. London and Ottawa supported the amendment.

That the plaintiffs had made out a jury case, was the decision of Justice Killam, chairman of the railway commission, this morning, at the conclusion of the evidence of the William Davies company, limited, in their complaint against the C.P.R. and G.T.R. alleging unreasonable increases in freight rates between Toronto and Montreal, on products of packing houses. The representatives of the railways held no cards had been made out, but the commission decided the railways must put in evidence.

AT THE POLICE COURT.

Several cases before the Magistrate this morning.

The several cases in the police court this morning attracted a large crowd of spectators. Napoleon Avesat will find "one month, a severe punishment after effect of his tumble from the water wagon.

A citizen on his second appearance within a week, fined \$10 and costs or one month for his association with the cup that cheers. Another drunk was dismissed.

John Jones, remanded from last week on the charge of stealing from the Randolph hotel, decided to be tried by the magistrate. Through his lawyer, W. F. Nickle, he pleaded not guilty. Robert Ayer, in the witness box, said he knew Jones and saw him on the night of the 4th April. Witness and Jones were together during the evening and later met Welsh on Princess street. About midnight they were in the Randolph sample room, No. 49.

"I took a pair of pants and Jones took a pair," declared the witness, a smiling play over his face.

Several pair of trousers were put on exhibit and Ayer picked out the pair he stole, but said the pair stolen by Jones were not on exhibit.

When the youthful trio left the hotel Ayer said they went to the lower station and from thence to Toronto. They returned to Kingston and Jones was caught. Witness and Welsh were going to Watertown, N.Y., when witness was caught.

To Mr. Nickle witness said Welsh had planned breaking into the sample room a week previous. They were in a room when they planned the larceny. He did not know of any boots being stolen.

The magistrate decided to make a remand, until Wednesday, April 25th, allowing the boys out on the same bail.

Robert McCullough, charged with stealing a siphon from the Albion hotel, belonging to Thompson, pleaded "not guilty." J. L. Whiting appeared for Thompson and J. McE. Mowat for McCullough.

Charles Walker, bartender at the Albion hotel, declared he gave Mr. McCullough the siphon as it was empty and McCullough had brought it to the hotel. He said bottles of the different owners sometimes get very much mixed up, exchanging ownership.

John Doyle in the employment of Thompson took the bottle from Tyo's store, Kingston, in front of Thompson's store. George Thompson, the asserted owner of the bottle, said he asked McCullough if he intended to continue taking his bottles. Witness said during a year he had had taken from him six or seven siphons. The case was dismissed.

ONE MORE PRISONER

IN CONNECTION WITH THE FUR ROBBERY.

Schacher Pleaded Not Guilty in Police Court—Remanded Till To-morrow Till His Lawyer Arrives.

Three of the quartette said to be implicated in the McKay fur robbery, are now within the city of Kingston. Feldman, Woods, and the latest arrival, Charles Schacher, Police Constable Craig went to Montreal, Wednesday night, and returned last night with Schacher, who is said to be the Montreal fur dealer, who advanced the money for the men to come here and commit the robbery.

Schacher appeared before Magistrate Farrell, in police court, this morning, and heard the charge "You did not on the 15th day of November last steal, unlawfully a large quantity of furs from McKay & Co."

"Not guilty," replied the prisoner, a short, pale-faced man of middle age. He was well-dressed.

"By whom do you elect to be tried?" asked the court.

"I don't know; my lawyer, James Crankshaw, Montreal, will be here on Monday."

He was remanded until Saturday morning, and his lawyer sent for, to appear on his behalf at the court, to-morrow.

Schacher will also feature in Monday's trial of William Feldman, at the spring assizes.

While lodged in his cell at police station this morning, Schacher was asked if he would have his breakfast.

"My prayer-book, I want; I cannot eat before I have said my prayers." He was granted his wish.

Henry O'Brien, night clerk at the Randolph hotel, stated after seeing Charles Schacher in police court that he was the man who stopped at that hotel last November, just previous to the burglary. He declared Schacher signed the register as "Webster."

NEWS FROM YARKER.

Some Weighty Words Regarding Money-Raising.

Yarker, April 18.—The remains of Mr. O'Loughlin, Mrs. J. Stover, Mrs. Peter Ewart and John Irish were interred in the cemetery here this week. Housecleaning is the order of the day. Byron Holden is building an addition to his hardware store here. John Watt is having a new felt roof on his hotel. George McLoughlin has gone to Toronto.

A sugar social was held in the Methodist church, in aid of the parish fund. It would be far better for the members of this denomination to be induced to put their hands in their pockets and pay these debts, rather than to have to resort to anything like this. Percy Edgar left here for Winnipeg. Milk wagons are now on their routes to the different cheese factories. Farmers are now at their work ploughing and seeding. John Wright has had a well drilled by his furniture store. Dennis Smith is having one drilled also by Hart Bros. Johnathan Elliott has moved to the Convery farm.

Easter visitors to Yarker are: Mrs. V. A. Brummer and two children, Norham; Mr. H. A. Leavens, New York; John Wint, Stratcona; E. Eagle, wife and son, Kingston; L. Benjamin, and Myrtle Lazier, Belleville; Lena Benjamin, Toronto; Mrs. Francis, Kingston; P. Vanluven and family, Naperville; Mrs. M. Vagluven and son, Frank, Muralte; E. Simpson, Ottawa; Miss M. Edwards, Naperville; C. Weahath, Montreal; Marion Huyck, St. Catharines; Connolly, Parham; Daisy McDonald, and Miss Lockwood, Enterprise, Vids Ewart, and Miss Holder, Miss Palmer, Miss Garver, and Miss Martin, Sydenham. Mr. and Mrs. F. Walsh spent Easter at J. Groat's, Muralte.

A GIGANTIC CAVE

Discovered Beneath Town of Charleston, Va.

Chicago, April 20.—A despatch to the Record-Herald from Charleston, W. Va., says: The city of Charleston was thrown into excitement by the discovery of a gigantic cave directly beneath the town. The cave contains a large lake. Men blasting rock made the discovery of the lake and cavern, when the discharge caused the earth to fall in and crumble, leaving a great hole. Workmen ventured into the cavern, exploring it for a considerable distance. They discovered the lake, and returning to the surface, procured a small boat, in which they rowed about for several hundred yards. There are limestone formations in the cavern, similar to those in the noted Luray caves. The water of the lake is remarkably pure and is cold and sweet to the taste. A systematic exploration of the cavern will begin to-day.
