NORTH-WEST LANDS.

WANTED
A syndicate to take up 10,000 acres
near Lloydminster, on the line of the
Canadian Northern Railway, on the
border of Alberta in Saskatchewan.
Syndicate price \$8.50 per acre; \$1.50
down after the land has been investi-
gated, balance on long terms 6 per
cent.

Lands in this vicinity are selling
stead from \$12 to \$14 an acre. There is
a better prospect than this on the
market today. Good railway facili-
ties and a prospective railway to
run through the property—good wa-
ter. Prof. McCoun, for nine years
Government Explorer of the North-
west, speaking of this vicinity:
"The tract is unsurpassed in the
North-West for its capacity to grow
wheat; the soil is rich; the surface is
almost level; and what alone there is
valuable to the south." The Govern-
ment has been slow to allow banks to
resume after some form in a few
days.

Facts About Stricken City.

San Francisco was the sixth city of
the United States in population, it is
claimed over 500,000 people. It hoped
in ten years to have more people than
either Boston or St. Louis.

It was the fourth seaport of im-
portance on the American continent
in the value of her shipping and mar-

Eastern investors had a great deal
of money in San Francisco. They
bought real estate, though the prices
were continually rising. Fortunes
were made in real estate dealing in
the city. One block of land on Mar-
ket street sold at \$10,000 per foot a
few months ago. In the past three
years real estate values in some quar-
ters of the city had increased by
three hundred and four hundred per
cent.

The demand for additional dwell-
ing, mercantile, and manufacturing houses
was enormous, and buildings were
being erected as rapidly as possible.

San Francisco was described by a
writer a few months ago as the
wealthiest, most prosperous, and most
powerful city of its size in the world.

The James Flood office building,
and the land on which it stood, re-
present an investment of \$8,000,000.
It was one of the largest office build-
ings in America. The post office, re-
cently finished, cost \$3,000,000.

theaters were pronounced the most
elegant in the world.
