

WORST ECZEMA DOCTORS EVER SAW

Spread Rapidly Over Body—Limbs and Arms Had to Be Banded and Scalp Looked Dreadful—Suffered Untold Misery for Three Years—Better in Two Months.

MARVELOUS CURE BY CUTICURA REMEDIES

"My son, who is now twenty-two years of age, when he was four months old began to have eczema on his face, spreading quite rapidly until he was nearly covered. We had all the doctors around us and some from larger places, but no one helped him a particle. The eczema was something terrible, and the doctors said it was the worst case they ever saw. At times his whole body and face were covered, all but his feet. I had to bandage his limbs and arms; his scalp was just dreadfully one year—and always used the Cuticura Soap for bathing, and do now a good deal. He was four years old before he was well, and his skin became perfectly fair when cured. I give you permission to publish this letter for I am always glad to do good when I can. I think I have told you all there is necessary to tell." Mrs. R. L. Risley, Oct. 24, 1905. Piermont, N. H.

Complete External and Internal Treatment for every kind of eczema, including the most obstinate cases. Cuticura Soap, the most perfect skin cleanser, and Cuticura Ointment, the most powerful skin healer. Sold everywhere. Write for free literature to the Cuticura Soap & Ointment Co., P.O. Box 1030, Montreal, Quebec.

THINGS THEATRICAL

THE REIGNING SUCCESSSES IN LONDON.

Francis Wilson, in "The Mountain Climber," in New York—"The Submerged Tenth" a New Play.

Schubert has obtained the English and American rights to Sardou's "La Pièce."

Augustus Thomas is working on a new play in which Digby Bell will star late next season.

"The Second in Command" has been revived by Cyril Maude. When first produced it played 352 times.

H. B. Irving is now playing "Maurice," adapted from the French. If it succeeds he will bring it to America.

J. M. Barrie has been writing a sketch for the stage. Two were given at the London Comedy Theatre recently.

"The Submerged Tenth," is the striking indicative title of the new play which Charles Klein is writing for Henry B. Harris.

"The Dairy Maids," the new musical play, was produced at the Apollo Theatre, London, last week, with all the evidences of success.

Julia Neilson and Fred Terry, whose popularity is so great in England, seem to have added to their list of successes with "Dorothy of the Hall," the new play in four acts by Paul Kester and Charles Major. The plot is founded on the story of "Dorothy Vernon of Hadden Hall."

Francis Wilson has secured an enormous hit in New York in the farce "The Mountain Climber," which was written by the authors of "Are You

company, will begin her American vaudeville season in New York early in May. She will appear in a short version of "Pagliacci."

The reigning successes in London at present are Marie Tempest in "All of a Sudden Peggy" at the Duke of York's, and Seymour Hicks and Ethel Maule in "The Beauty of Bath" at the Aldwych. Both productions were made by Charles Frohman.

Sarah Bernhardt's appearance under canvas in Texas seems to have had scriptural warrant, if not direct prophecy. It is written in the Book of Genesis: "And they said unto him, 'Where is Sarah?' And he said, 'Behold, in the tent!'"

E. H. Sothern has bought from Ludwig Barlay, the celebrated tragedian, all the incidental music which was specially composed for that actor's production of "Hamlet." This music will be used in future performances of the play given by Mr. Sothern and Julia Marlowe.

KYRLE BELLEW, As "Raffles the Amateur Crackman."

Charles Frohman will make an early production in September of "She Stoops to Conquer," with two of his stars appearing as Tony Lumpkin and Hardeastle.

Katherine Kidder has been engaged for an important role in "The Embarrassment of Riches," to be produced in Washington next month, under the management of the Converse-Peters firm.

Miss Gertrude Miller, a popular member of the London Gaiety Company, has taken action to have suppressed a photograph in which her head is attached to the slightly clad figure of some one else.

MISS EVELYN B. LONGMAN. A young New York scintilla, who won considerable prominence by the fact that of the models submitted by twenty-eight sculptors in the competition for the bronze entrance doors of the chapel of the U.S. Naval Academy, Annapolis, Md., the prize was awarded to her model. She was born in Winchester, O., twenty-five years ago. She studied with Lorado Taft in Chicago and with Daniel C. French in New York.

Mrs. Patrick Campbell is playing "The Whirlwind." The London Times critic says the dialogue of the French original is a perpetual staccato of brutally plain truths.

Mrs. Brown Potter, supported by Gilbert Hart and a small English

Thin Blood

Experience counts anything with you? Then what do you think of 60 years' experience with Ayer's Sarsaparilla? Sixty years of curing thin blood, weak nerves, general debility? We wish you would ask your own doctor about this. Ask him to tell you honestly what he thinks it will do for your case. Then do precisely as he says.

W. B. Shaw, President. I. N. Stockdale, Principal.

NEW YORK LETTER

SAN FRANCISCO NEWSPAPER MEN COMPLIMENTED.

Gotham to Be Made a Paradise, Its "Plague" Buried in the Atlantic, and Sickness Reduced to Minimum—Boy of Nine Captures Burglars.

New York, April 28.—Seldom has a community been so deeply moved as New York has been by the terrible calamity that befall the metropolis of the Pacific coast, San Francisco. The sales of the newspapers were enormous, the editions being unnumbered. Indeed, some of the newspapers for got about the editions, and simply sent another calamity like the one which had befallen them. They all expressed their admiration for the plucky newspaper men in San Francisco, who clubbed their forces and got out one newspaper to publish all the news. The streets here were lined with people watching bulletins and buying extras, the crowd exceeding that of any previous occasion since the death of Lincoln. A few days ago. There was no escaping the meaning of the faces that looked at the bulletins, they were all serious, with a vein of sadness about their eyes. Many were expressions of regret at the sad fate that had befallen the fair city by the western sea, and many were the fears expressed that she would never arise from her ashes. The wound of confidence wrought by an earthquake is a terrible one. It requires a steady nerve to rebuild on such a shaky foundation, with every indication that another calamity like the one just enacted is almost as sure a fate. One thing is sure, the buildings will be of steel construction hereafter, frame buildings having proved a delusion. It was a delight to witness how the generous promptings of sympathizing hearts came to the surface. Money went leaping and rushing like currents to hold the poor fellows on the coast, and if money could plant them surely on their feet again it would be on hand in no time. What a comfort to feel that we have a government that could supply 200,000 rations of starving people almost at once. The occasion brings out the fact that the people of this country are very closely allied to each other, that city to city, one section to another, so that what touches one touches them all.

Corporation Counsel DeLaney's decision that the Great Eastern Telephone company's claim to a franchise is worthless, is not going to end the fight. The officials of the Great Eastern do not admit that the adverse opinion of the Corporation Counsel DeLaney is a deathblow to an independent telephone service in Greater New York. They say that they expected that the influence of the Bell monopoly would be such as to prevent any favorable decision from the Tammany corporation counsel. Attorney-General Mayer, last January, upheld the validity of the franchise. Papers are now being drawn in manifold proceedings to force Commissioner Ellison to grant the necessary permit to open the streets. The counsel of the Great Eastern Telephone company says there is no doubt of the success of these proceedings.

The board of aldermen considered a proposition to make New York a party to the proposed Great Eastern Telephone company. The board of aldermen considered a proposition to make New York a party to the proposed Great Eastern Telephone company. A Letter

Dear Sirs— I want every one to know that Tuck's Bone Oil did for me. I suffered for a year and nine months from a sore leg and at times the pain was almost unbearable. If I moved about the house I was obliged to go with my knee on a chair. I was under the doctor's care for months and was six weeks in the hospital from which my husband brought me home not much improved. A neighbor told me of Tuck's Bone Oil and advised me to try it. I did so and at once began to get relief. Four bottles cured me and I can now walk over town and back again at my ease. I think Tuck's Bone Oil is the best medicine ever made.

Mrs. J. Hopkins, Smith's Falls.

For rheumatism, lame back, neuralgias, sprains, coughs, colds, quinsy or bronchitis in short for any and all kinds of inflammation, there is nothing to equal Tuck's Bone Oil. A bottle should be on the shelf in every home. For sale by all medicine dealers at 50c a bottle, or sent prepaid by The Tuck Bone Oil Co., Limited, Smith's Falls, Ont.

TRENT CANAL COST.

Total Expenditure to March Was \$4,957,653.

Ottawa, April 28.—A report from Mr. Grant, superintendent engineer of the Trent canal, states that the contracts not yet completed are the hydraulic liftlock No. 2, and sections 2 and 3 of the Simcoe and Balsam Lake division. The former is being constructed by the Dominion Bridge company, Montreal, who have already done work and supplied materials to the value of \$128,515. Larkin & Sangster have the contract for No. 2 section, and have so far received \$381,697. There is still about \$300,000 worth of work to be done. Brown and Aylmer are the contractors for No. 3 section, and they have done work and supplied materials to the value of \$445,171. There is still about \$100,000 worth of work remaining. The total expenditure on the canal up to March 31st, was \$4,957,653.

In the course of a lecture on "Fresh Air and Ventilation," by Dr. Somerville Hastings, at the Institute of Hygiene, he stated that the 2,000,000 deaths which annually occurred in the world might to a large extent be attributed to the habitual breathing of impure air.

Be Disease Proof.

Don't catch cold, don't catch or incur any disease. You can't if your blood is right. Life and the vital elements that fight disease and weakness are in the blood. Strength and effective resisting power can be had by use of Wade's Iron Tonic Pills. They are a great nerve strengthener and blood maker. In boxes, 25c, at Wade's Drug Store. Money back if not satisfactory.

Fit Reform

Twenty-five years ago it was difficult to sell spring wheat flour for pastry at any price. People didn't want it—they were using soft, winter wheat flour, and saw no reason for changing.

But hard wheat flour was persistently pushed and prejudice has been overcome. The women tried it, succeeded with it and appreciated it.—To-day hard wheat flour is the favorite for pastry as well as for bread.

The flour that is doing the most for the reputation of hard wheat flour is the brand known as

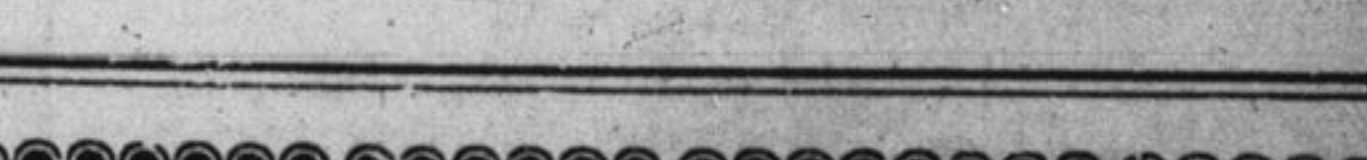

Ogilvie's Royal Household

It is hard wheat flour at its best—milled by modern methods, retaining all of the good of the wheat and none of the bad—it is without an equal for every kind of baking in which flour is used.

Talk to your grocer about it—if he isn't enthusiastic it's only because he isn't informed.

Ogilvie Flour Mills Co., Limited, MONTREAL.

"Ogilvie's Book for a Cook," contains 130 pages of excellent recipes, some never before published. Your grocer can tell you how to get it FREE.
