**What Is Going On In the Business World—The Markets.**

Eastern capitalists will erect an office building at Calgary, at a cost of \$150,000.

The Canadian Bank of Commerce has purchased the private banking business of A. E. Smith, Windsor.

The Charlottetown Electric and Transit Power Company, Limited, are seeking incorporation from the Prince Edward Island Legislature. The capital stock of the company will be \$250,000.

The wheat crop of Canada, west of Lake Superior, last year amounted to 88,418,000. Of this 47,574,570 bushels have been inspected and sent east, and 23,843,250 are still to be marketed.

No more optimistic seeding report has ever been issued in the history of Western agriculture than that sent out by the Canadian Pacific yesterday. The report is being in splendid condition, and grain sown early is beginning to make its appearance in green shoots.

May dividend distributions by industrial, railroad and street railway companies in the United States will amount to only \$27,427,125, contrasted with \$62,722,429 in April 1913, \$58,117,075 in March, and \$58,117,075 in February, in which a great many regular quarterly payments are made. The lowest months usually are January, April, July and October.

The New Ontario railway taxation bill doubles the levy upon all railways having 150 miles of track in the province. This increases the aggregate annual tax to be paid by the C.P.R. and Grand Trunk together from \$991,990 to \$881,990. This is unwelcome to these railways, coming as it does on top of big verdicts against them for arrears of taxes in Michigan.

It is expected that as soon as conditions allow the Pennsylvania Railroad will borrow a large amount of money in New York. The amount is placed variously at \$35,000,000 and \$50,000,000. The rate is said to be 5 per cent. The money is needed to meet absolute needs of the system of construction, not but of other property on the main line between New York and Pittsburg.

**GRAND OPERA HOUSE.**

**Production of An Interesting Biblical Play.**

"The Holy City," a Biblical play, with story concerning the time of John the Baptist, drew interested audiences at the Grand Opera House, on Saturday afternoon and evening. This play is by Clarence Bennett, and under the management of Gordon and Bennett. It is now completing its second season, having been well received everywhere. Other Biblical plays that have succeeded splendidly are "The Shepherd King" and "Mary of Magdala," the latter having been produced in Kingston two years ago by Mrs. Pike. "The Holy City" is well written, it includes in its list of characters several of the disciples, John the Baptist, Herod, Mary Magdalen and Pontius Pilate. The chief characters are Marinus, a young Roman, who becomes a Christian and Salome, daughter of Herodias, wife of Herod. The production is wholesome and of decided interest, in contrast with the general type of plays in these times. The parts were all well taken, and the piece was excellently staged.

**Method Not Satisfactory.**

The method adopted by the board of works in regard to the scraping of the remainder of the streets will not prove satisfactory. Twelve feet in the centre of the road is left unscraped. In many places the mud in the centre will later be washed onto the water tables and have to be cleared off by the scavengers. If it remains where it is, watering the roads will be difficult as the loose stuff will be dried quickly and blown about. The opinion of the city engineer is that the whole street should be scraped. It will be no costlier in the end.

**Reserved Bid Not Reached.**

Two properties belonging to the estate of the late D. C. Hickey, were put up for sale at noon, to-day, at the auction rooms of J. A. Salter. They were the brick house known as "Park Villa," occupied by Prof. Kirkpatrick, at the corner of Harris and Stuart streets, and the stores on Princess street, occupied by Thomas McAuley and D. Egan. On neither was the reserved bid reached, and no sale resulted.

**WERE DELIGHTED WITH NEW YORK RECEPTION.**

**Christopher Holland Pleads Guilty of Theft—Magistrate Asks for Superior Court Investigation in Proceedings of Lawyer.**

Toronto, April 30.—Christopher Holland, recently brought back from England for trial on the charge of stealing \$13,500 from the Ideal Bedding company, for which he was bookkeeper, pleaded guilty before the police magistrate to-day, and was remanded for sentence until Monday next. Magistrate Enison said he did not wish to pass sentence at present, as there were extraordinary circumstances that should be investigated by the superior court.

R. C. Levesconte, the lawyer for the Ideal Bedding company, said he was prepared to make explanations, but the magistrate said these should be made to the law society. The fact that Mr. Levesconte, while acting as solicitor for the Ideal Bedding company, had written to Holland's friends for £2,000, was extraordinary conduct, and the magistrate in London was very much astonished at the proceedings. Col. Denison ordered the crown to make a formal complaint against Levesconte, so that the matter might be investigated by the law society.

Further affidavits have been filed in the alimony action, entered by Louise Edmunds, against her husband, James H. Edmunds, a well known manufacturer. The couple were married in September last, and Mrs. Edmunds claims that since last October she has received only \$40 or \$50 from her husband. Mrs. Edmunds further states that the landlady where she boards, on Carlton street, has threatened to put her out because her husband refuses any longer to pay her board.

The Queen's Own Rifles returned from their New York trip at six o'clock, this morning, in two special Canadian Pacific trains. Officers and men speak in the highest terms of the reception they met with in New York.

**SUFFERS EXTREME LIMIT.**

**Terribly Burned by Explosion of Stove Blacking.**

Buffalo, N.Y., April 30.—Mrs. Josephine Burgo, a young Italian woman, lies in a hospital here, terribly burned and slowly dying, suffering what surgeons say is the limit of physical agony.

Yesterday while polishing a stove, a box of blacking which she held in her hand exploded and enveloped her in flames. After she was taken to the hospital a child was born dead.

The woman's body from the knees to above the waist is a terribly roasted mass, but she clings tenaciously to life.

**HE SHOT HIMSELF.**

**This is Result of the Coroner's Inquiry.**

Montreal, April 30.—The coroner's inquiry into the death of the late W. Watson Ogilvie, whose death after a revolver shot startled Montrealers yesterday, resulted in a verdict that Mr. Ogilvie shot himself. No jury was called in the case. The evidence showed that Mr. Ogilvie was shot in the left temple and the revolver was lying on his left side. Mr. Ogilvie was left-handed. The body was found by his sister, who went to his room at two o'clock, when the deceased did not come down to breakfast, after the return of family from church.

**A STRIKE ORDERED**

**By the Longshoremen at Midnight.**

Detroit, April 30.—President William Livingston, of the Lake Carriers' Association, stated last night that information he could say that President Keeffe, of the Longshoremen's and Transport Workers' Association, had issued an order for all work affiliated with the longshoremen to strike at midnight to-night.

**Men May Wear Medals.**

Washington, D.C., April 30.—Circulars have been issued by the war and navy departments, authorizing the enlisted men of the army or navy to wear the insignia issued to them for skill as marksmen, while serving in some other branch. It is found that there are soldiers and sailors who have gained distinction in competition on the target range, who are anxious to wear their emblems, when they enlist in the other service. It is considered that the wearing of the insignia of the army or navy should be recognized on some identical basis in both services, and that the wearing of insignia be established by a mutual arrangement between the army and the navy. Secretary Bonaparte said this suggestion the other day, and the general staff of the army promptly agreed to the proposition.

**George Drummond Dead.**

Ottawa, Ont., April 30.—The death occurred here last night of George Drummond, late manager of the Bank of Montreal, at Ficton, and at one time manager at Kingston, but now superannuated. He was in his fifty-sixth year, and died after a long and lengthy illness. Interment will take place at Toronto.

**Bandits Kill Chinese Troops.**

Chefoo, April 30.—Two weeks ago, at Vierching, in the south-west part of the province of Shantung 300 foreign-drilled Chinese troops were attacked by 2,000 bandits, armed with modern rifles. One hundred of the soldiers were killed.

**Has He Two Wives?**

Berlin, Ont., April 30.—Harry Gold, a young Jew, who was married in Berlin synagogue a month ago, was arrested at New Hamburg, yesterday, on a charge of bigamy. He is alleged to have a wife and family in Poland.

**CHARLES E. MAGOON.**

It is believed in Washington circles that in case Secretary Tait should accept a seat on the supreme court, Lord Governor Charles E. Magoon, of the Province of Ontario, would be appointed secretary of war. Governor Magoon has shown great executive ability.

**JUDGMENT GIVEN**

**And Mrs. Carr-Harris Recovers From Sister.**

A special to the Whig from Ottawa: Justice Teetzel, to-day, gave judgment for \$1,513 in the plaintiff's favor in the case of Harris vs. Wright. Each side pays half the cost. Mrs. Hannah Martha Carr-Harris, Kingston, sued her sister, Miss Frances Adela Wright, Ottawa, to recover \$1,680 and costs expended in the suit. The plaintiff's agent, K. C. G. Macdonnell, K.C., elaborately filed up and included the private car "Violet," owned by Sir Charles Rivers Wilson, president of the company, and especially filed up combination baggage car. The plaintiff's party were especially delighted with the attention paid to them by Conductor Guthrie throughout the trip, and highly commended him upon the efforts put forth by both the Grand Trunk railway and himself to make the trip a pleasant and comfortable one.

**The Royal Train.**

The royal train, in which H.R.H. Prince Arthur of Connaught travelled over the G.T.R., was in charge of Conductor James Guthrie, Toronto, the oldest and most reliable conductor in the service of the Grand Trunk. Conductor Guthrie accompanied the royal party from Coates to Niagara Falls, and Toronto, and on their return to Montreal. The train was nicely elaborately fitted up and included the private car "Violet," owned by Sir Charles Rivers Wilson, president of the company, and especially filed up combination baggage car. The plaintiff's party were especially delighted with the attention paid to them by Conductor Guthrie throughout the trip, and highly commended him upon the efforts put forth by both the Grand Trunk railway and himself to make the trip a pleasant and comfortable one.

**Honestly, Now?**

Does your "To let" sign walk about? Does it tell people where your vacant house is, and how many rooms it has, and just how cozy it is, and how cheaply you'll offer it to a good tenant? Hardly. It's just nailed up on the door casing, or stuck in the window, and some people see it while most people don't. And you wonder why nobody wants such an ideal house. Somebody does want it, and wants it now. Give a little specific information through the Whig's "To let" columns, and you'll probably find that somebody right away.

**Moved A Week Before.**

A letter received from Mrs. E. G. Wilson, of San Francisco, formerly of Kingston, tells of the safety of her mother, herself and her two sisters. Just the week before the earthquake, Mrs. Wilson moved from 680 Pine street to Lyon street. The earthquake and fire destroyed Pine street, and home of her mother and sisters, being among those wiped out. The latter are now with Mrs. Wilson.

**A PLOT REVEALED**

**OVERTHROW OF FRENCH REPUBLIC PLANNED.**

**A Socialist and a Bonapartist Working Together, Were Arrested—Labor Party Indignant—Resents Slight on Party's Good Faith.**

Paris, April 30.—M. Griffuchelles, socialist, leader and secretary of the labor confederation, and Xavier Fuellant, Bonapartist, were arrested, this morning, for alleged connection with a plot to overthrow the republic. The fact that Griffuchelles has been coupled by the authorities with the Bonapartist Fuellant, has aroused a stream of indignation in the labor party, which until now, has been a staunch supporter of the third republic, as opposed to monarchism, and resents the slight upon the party's good faith.

The houses of several members of the labor confederation were searched by the authorities, this morning. M. Levy, head of the labor confederation, was also arrested, to-day, on the charge of being connected with the alleged plot against the government.

It is stated that the arrest of many other known socialists and Bonapartists is imminent.

A man named Charm, while prospecting near Clear Lake, New Ontario, discovered a five inch vein of silver on a lot owned by J. E. H. Barnett, of Renfrew.

Two barns on the farm of Mrs. Mary Omond, Niagara, were struck by lightning and burned, with a large quantity of crops and seven head of cattle.

**FIRST THUNDERSTORM.**

**Seven Head of Cattle—Barns Destroyed.**

Niagara-on-the-Lake, Ont., April 30.—The first thunderstorm of the season passed over this district, Sunday afternoon, and as a result, three barns on the farm of Mrs. Mary Omond, about four miles west of here, on the Lake Road, were destroyed by fire, together with their contents, of grain, hay implements, etc. Seven head of cattle, tied in their stalls, were burned to death.
